School Plan & Budget for the 2011-2012 School Year

School Mission Statement

Students at Sand Point Elementary will flourish academically, attaining high levels of achievement, using State and District standards as evidence. Students will leave Sand Point Elementary responsible and responsive to their communities, curious and confident about their future, and joyful about life's opportunities and challenges.

School Goals

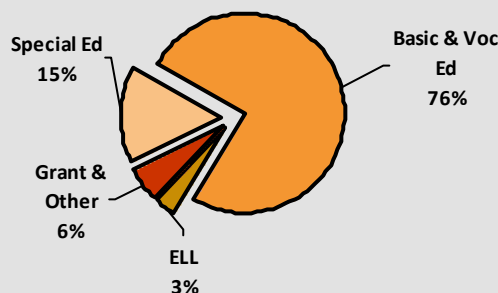

We will increase the % of students meeting or exceeding typical growth on the MAP reading test from 73% to 100% for kindergarten, from 50% to 100% for 1st grade, from 50% to 100% for 2nd grade, from 63% to 100% for 3rd grade, from 67% to 100% for 4th grade, and from 67% to 100% for 5th grade. We will increase the % of students meeting or exceeding typical growth on the MAP math test from 78% to 100% for kindergarten, from 70% to 100% for 1st grade, from 50% to 100% for 2nd grade, from 75% to 100% for 3rd grade, from 67% to 100% for 4th grade, and maintain 100% typical growth in 5th grade.

School Description and Plan to Achieve Goals

READING: Full implementation of TC's Writers Workshop K-5. Full implementation of Words Their Way K-5, specifically targeting the word work portion of balanced literacy. As part of our ALO Plan, Advanced Learners (as identified through district testing or teacher/staff) will "walk" to reading class one grade above grade level. Identified students will receive additional reading tutoring/support during a time other than the morning reading block. For the 2011-2012 school year we are merging the areas of technology and reading in an effort to create high levels of literacy. Through use of a variety of reading websites as well as projects designed to increase technological awareness students will read to, record their own reading, explore word play, and create projects which focus on reading and research skills. 2nd-5th Grade students will work on keyboarding skills as well, while K01 students will become familiar with computer vocabulary and the basics of working on a PC. This class will serve as one of two PCP classes, where students K-5 will attend 2-3 times weekly. **MATH:** Students K-5 will demonstrate application of on standard core strand, problem solving, computation and communication of understanding skills for each grade level. Staff K-5 will be expected to plan and implement math instruction/ assessment in accordance to the EDM Pacing Guide. Regular analysis of student work, instructional practice, and assessment data for the purpose of impacting and directing mathematical instruction. School-wide math problem promoting reasoning and communication of mathematical thinking. Students will use the "5 Step Problem Solving Process."
