School Report for the 2012–2013 School Year

<http://www.mylafayette.org/>

2012-2013 School Year

Students: 548

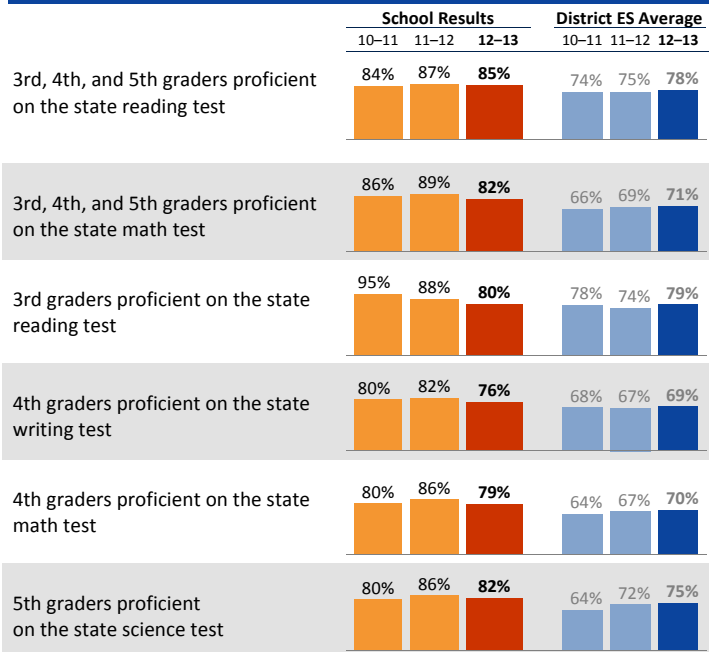

Teachers: 34 # Other Staff: 8

Average class size: 23

Average daily attendance: 96.4%

Student mobility: 10%

Student Achievement

Attendance

Accountability and School Performance

Seattle Public Schools Segmentation Level: **Level 4**

Annual Measurable Objective (AMO) target for Reading: **Below**

Annual Measurable Objective (AMO) target for Math: **Below**

Student, Family, and Staff School Climate Survey

Average Positive Responses

* Families responding to survey: 28%; Students responding to survey: 3%; Staff responding to survey: 71%

**Reported results for each survey category equal the average positive responses for a subset of questions. Detailed results can be found on the School Reports and Survey page: http://bit.ly/school_reports

Year-to-Year Growth: Following the Same Students

This measure shows how much growth students have achieved compared to similar students across the state in the same grade level. The overall metric reported is the percentage of students whose growth was average or above (50th to 99th growth percentile) on the state test. Students are compared to other students in the same grade level across the state with similar test scores in previous years.

Student Demographics

Data as of October 1, 2012

School Plan & Budget for the 2013-2014 School Year

School Mission Statement

Mission: Lafayette is a school dedicated to motivating and readying students to attain academic excellence and social responsibility in an ever-changing, ethnically diverse, technologically advancing world.

School Goals

Working with the BLT to examine data from previous years we decided to focus on Reading and Math. We looked at our student's typical growth last year for Reading and set a goal of 85% of all grade levels making typical growth. For K students we will increase the % of students meeting or exceeding typical growth on the MAP reading test from 71% to 85%, for 1st grade from 71% to 85%, for 2nd grade from 50% to 85%, for 3rd grade from 53% to 85%, for 4th grade from 50% to 85%, and for 5th grade from 60% to 85%. For Math we will increase the % of students proficient on the MSP from 83.5% to 90% for 5th grade, from 79.4%-85% for 4th grade, and from 82.2% to 90% for 3rd grade.

School Description and Plan to Achieve Goals

Reading: We have worked to implement a Balanced Literacy Framework using a workshop model. Currently we have 70% of our teachers trained in Readers Workshop and using this model of instruction which allows for differentiated instruction for each student. We have fully implemented common assessments: Running Records, DIBELS, and MAP to provide triangulation of data as well as to identify students working below grade level. MTSS is being put into place to provide a system of interventions for students.

Writing: We are continuing our work in Writer's Workshop for all classrooms. All teachers have received the updated Units which are fully aligned with CCSS. These units focus on persuasive, informative and narrative writing. Throughout every unit of study teachers work on editing, revising and publishing. In addition we have introduced Words Their Way as an option for differentiated spelling assessment in many rooms.

Math: This year 18/23 have been granted a waiver to use enVisions math resource. This resource is fully aligned with CCSS. We provide advanced math instruction for students who are in the top 10% (MAP scores) well above standard on MSP. MAP and Unit assessments will be used to plan curricular focus, form flexible groups, and individualize instruction to meet students needs. Assessments (MAP & MSP) and Teacher recommendation provide candidates for additional small group or individual tutoring. MTSS is being put into place to provide a system of interventions for students.

Annual Budget Report

2013-2014 Percent of School Funding

All financial data are from the 2013-14 recommended budget.

Total 2013-2014 School Budget:

\$3,244,558

Projected 2013-14 Student Enrollment:

569

Per-Student Funding:

\$5,702

Invitation to Participate

One of the goals of having School Reports is to support families as critical partners with us in a student's academic success. To get involved, please share this with your friends and neighbors, visit the school, or consider talking to the teacher or principal about joining the school's Building Leadership Team or Parent Teacher Student Association to shape your school's improvement plan.

District Mission Statement

The mission at Seattle Public Schools is to ensure every student graduates ready for college, career and life.
