

Continuous School Improvement Plan (CSIP)

Martin Luther King Jr. Elementary

2016 - 2018

Principal Dr. Christopher Thomas

School Picture Here

School Overview

Introduction

The Continuous School Improvement Plan, CSIP, is a document that contains our building and District's plan of action for the current school year. More specifically, it identifies the areas our school plans to focus on in the coming school year, the performance goals we want our students to achieve, and how we are going to collaboratively meet these goals. All of our school's goals and efforts have been synthesized into one easy-to-read document that covers all of the different areas on which schools are required to report. As a Priority School, Martin Luther King Jr. Elementary is required by OSPI to complete a Student and School Success Action Plan utilizing Indistar. The way in which we have addressed each of the CSIP components below is to take our current Student and School Success Plan and integrate it with the CSIP document. Our Student and School and Success Plan/CSIP was approved by the BLT on November 2nd, 2016.

Mission and Vision

Mission

Every child achieving at high levels and every adult accountable for every child's success.

Vision

At Martin Luther King Jr. Elementary School, we believe that all things are possible when every adult is responsible for every child.

School-Wide Programs/Multi-Tiered System of Support

Our school has conducted a needs assessment to determine goals to help targeted students meet grade level standards.

The staff and parent community consistently review the results of goals and interventions within the school's CSIP. The needs assessment is based in part on the results of test of academic performance as well as classroom performance. During the course of the 2015-2016 school year, we assessed which interventions had been successful and built on those as well as eliminated those that have not been successful. Parents were surveyed during parent meetings. Staff members were surveyed during staff meetings. This Summer and Fall under new school leadership, we have conducted staff and family listening sessions to build on previous information and data as well as understand current needs.

The Home School Coordinator is continually seeking effective ways to assess parents, staff and community to ensure that the needs of students are consistently met. The Family Support Worker, counselor and some teachers are meeting with families in their homes to discuss the needs of the students from their perspective and to gain insight into the needs of families and students through these visits so that they are able to best serve the needs of students. The data will then be compared against the school's CSIP goals; updates will be made accordingly.

We value our partnership with our Head Start preschool and "Seed of Life" Center for Early Learning before and after school programs. We also share professional development activities so that all staff are working toward a common goal: to prepare children for college, careers, and life.

- Family Engagement: MLK Jr. Elementary has designed an "Adult Family Members Pathway" project so families can understand what their children are learning in school and assist with homework. Events include Family Literacy and Math Nights in which parents, guardians, and caregivers learn about how reading/math are being addressed in school as well as ways they can support their child at home through support and games.

- To support the school, in addition to the total school budget, the district is providing a math interventionist to provide direct math intervention for targeted students. We as a school are also utilizing a Reading Interventionist to directly provide reading intervention to targeted students.

All teachers at Martin Luther King Jr. are setting goals and being evaluated by the principal/assistant principal on student growth goals for learning. Martin Luther King Jr. School is a richly diverse Kindergarten – 5th grade Title I school;

(Information taken from OSPI Report Card)

| Enrollment | |
|-----------------------------------|-----|
| October 2015 Student Count | 323 |
| May 2016 Student Count | 311 |

| | | |
|-------------------------------------------------|-----|-------|
| Male | 167 | 51.7% |
| Female | 156 | 48.3% |
| Hispanic / Latino of any race(s) | 55 | 17.0% |
| Asian | 105 | 32.5% |
| Black / African American | 131 | 40.6% |
| Native Hawaiian / Other Pacific Islander | 12 | 3.7% |
| White | 5 | 1.5% |
| Two or More Races | 15 | 4.6% |
| Free or Reduced-Price Meals (May 2016) | 224 | 72.0% |
| Special Education (May 2016) | 39 | 12.5% |
| Transitional Bilingual (May 2016) | 141 | 45.3% |
| Migrant (May 2016) | 0 | 0.0% |
| Section 504 (May 2016) | 0 | 0.0% |

As measured by the SBA, Martin Luther King Jr. did not meet Adequate Yearly Progress. Martin Luther King Jr. students demonstrated the following proficiency levels:

2015-16 Results (Administration Info taken from OSPI Report Card)

| Grade Level | SBA ELA | SBA Math |
|-------------------------|--------------------|-----------------|
| <u>3rd Grade</u> | 28.5% | 32.7% |
| <u>4th Grade</u> | 42.0% | 41.1% |
| <u>5th Grade</u> | 36.3% | 31.8% |
| Grade Level | MSP Science | |
| <u>5th Grade</u> | 40.9% | |

School Goals: See individual Focus areas:

READING: Implementation of a Balanced Literacy program. As part of our master schedule every student is provided 90 minutes of uninterrupted instruction. This includes: teacher-led small groups, where children receive instruction at their reading level, self-selected reading, independent practice geared toward their specific needs and instruction in phonics and/or vocabulary development. Instructional assistants and other ELL teachers provide academic support within K-5 classrooms. Through this collaboration, cross-grade level teams identify when skills are taught and when they are mastered. With the use of the intervention/enrichment block, instructional staff will provide opportunities to accelerate the learning of students at all levels. Instructional staff will collaborate to identify the specific needs that will be targeted during this time, with the use of MAP data.

MATH: Implement a school-wide Comprehensive Mathematics Program (as part of a master schedule) to include scheduling that will support flexible math groupings of students, with the use of Everyday Math curriculum. Identify students who are approaching grade level expectations and provide them with focused interventions, specifically in number sense and problem solving. Once these students achieve mastery, students not meeting grade level expectations will be identified and provided strategic supports.

Under Principle 1, Strong Leadership, the Student and School Success Plan (SSSP) includes a SMART goal, completed tasks and active tasks. Below is a summary of the action steps taken in this area:

| | |
|---------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | <p>Principle 1: Strong Leadership Title Component 1: Needs Assessment ➤ <i>Indicator P1-IE06: The principal keeps a focus on instructional improvement and student learning outcomes.</i></p> <p>SMART Goal: During the 2016 -2017 school year, strong leadership through the administrative team, BLT and Action Planning Teams will result in an increase in student achievement scores in K – 5 reading by 10 points or more on the MAP (Kindergarten also completes WAKids) (comparing Fall to Spring scores) and grades 3-5 will increase by 10% or more on SBA interim benchmark assessments reading and math assessments. (Comparing Spring to Spring)</p> <p>Tasks:</p> <ul style="list-style-type: none"> • PLCs will meet within 2 weeks (by 11-11-2016) after fall benchmark assessment results have been compiled to discuss, analyze and plan instruction and interventions based on MAP, SBA and Teachers College Data. • Fall Data will be collected by November 28th utilizing MAP and Teacher's College Assessments. • Winter Data will be collected by January 27th utilizing MAP, SBA and Teacher's College Assessments. • PLCs will meet within 2 weeks (by 2-10-17) after winter benchmark assessment results have been compiled to discuss, analyze and plan instruction and interventions based on MAP, SBA and Teachers College Data. • Spring Data will be collected by May 26th, 2017, utilizing MAP, SBA and Teacher's College Assessments. • Grade level teams will collect TC data 3 times per year during the 2016-17 school year. • PLC's will meet within 2 weeks (by 6-9-17)after spring benchmark assessment results have been compiled to discuss, analyze and plan instruction and interventions based on MAP, Amplify and Teachers College Data. • Staff will participate in an all-staff, school-wide data conversation at a spring staff meeting to review, analyze and plan next steps as a school based on MAP, Amplify and Teachers College Benchmark Data. • Administer district and state assessments following the district assessment calendar (MAP and SBA) • Staff will participate in a monthly, all-staff, school-wide data conversation during staff meetings to review, analyze and plan next steps as a school based on MAP, SBA and Teachers College Benchmark Data. |
| <p>We will use research-based strategies that help targeted students.</p> | <p>We assessed our progress in eliminating the achievement gap/education gap between students of different ethnicities to ensure that our goals addressed the needs of underachieving groups. We created a master schedule to maximize available student learning time especially in literacy and mathematics. We are studying and putting into place “best practices” in instructional strategies. Best practices include increasing students’ active engagement in their learning, and differentiating instruction based on students’ readiness, skill levels, and learning goals. We use High Leverage Teaching Moves and the Five Dimensions of Teaching and Learning to guide our work as well as well as the teacher evaluation system that requires evaluations based on teacher performance as relates to student performance.</p> <p>Every staff member utilizes assessment data and uses this knowledge to develop differentiation strategies to be used in the classroom as well as plan for interventions. Once data is triangulated, teachers are required to develop an individual plan of action for each group of students, those meeting, exceeding and below standard in these academic areas: reading, writing and math.</p> |

| | |
|-------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | <p>Strategies employed in the classroom as well as interventions are research based (the work of Lucy Calkins, Danielson and Doug Reeves as examples).</p> <p>As mentioned above we utilize assessment data and use differentiated strategies (e.g. targeted small group instruction for advanced learners) to support each of our learners. This includes the development of action plans for our advanced learners who are exceeding in academic areas (reading, writing, and math). We also work to connect students to after school enrichment activities to further enhance student engagement and learning based on student interest (e.g. music, robotics, chess).</p> <p>Teaching academic language through word work is a priority. Every teacher is required to teach test taking strategies as a genre to facilitate the teaching of academic language.</p> <p>Under Principle 4, Effective Instruction, the Student and School Success Plan (SSSP) includes a SMART goal, completed tasks and active tasks. Below is a summary of the action steps taken in this area:</p> <p>Principle 4: Rigorous, aligned instruction Title Component 2 Research based strategies that help targeted students</p> <p>➤ <i>Indicator P4-III A07: All teachers differentiate assignments (individualize instruction) in response to individual student performance on pre-tests and other methods of assessment.</i></p> <p>SMART Goal 2016- 2017: By June, 2017, Instructional staff will employ the strategies of accountable talk, high leverage teaching moves, and posting of the learning targets which will result in an increase in student achievement scores in K – 5 reading by 10 points or more on the MAP (Kindergarten also completes WAKids) (comparing Fall to Spring scores) and grades 3-5 will increase by 10% or more on the SBA interim benchmark assessments.</p> <p>Tasks:</p> <ul style="list-style-type: none"> • Teachers will meet weekly in grade level teams and monthly in PLC teams to analyze student achievement data. • Staff will continue to use flexible grouping to reteach and accelerate learning. |
| <p>Our school offers professional development that is high quality and ongoing.</p> | <p>Within the Seattle School District year-long calendar, there are specific days that are required of all schools. Some of these days are directed while others afford the opportunity for schools to self-select. Given this structure, Martin Luther King Jr. Elementary School has the following Professional Development structure which alternates weekly on Wednesday: Staff Professional Development is led either by the principal/assistant principal or staff/career ladder teachers, with the focus on PBIS, race and equity, Domain 2 of the Danielson, reading, ELL instruction and the review of assessment data that informs instruction. Scheduled teacher collaboration time which provides an hour per week of extra pay for teachers to discuss student data and the needs of students. Teachers engage in discussions related to previously mentioned subjects.</p> <p>Reading and math interventionist support teachers in their classrooms by observing teaching in action, modeling teaching and providing direct intervention to targeted students. They also support teachers in utilizing assessment data to provide class and individualized support for students.</p> <p>The instructional staff (teachers and instructional assistants) engage in on-going Math In Focus and Readers and Writers Workshop training throughout the course of the school year. We receive on-going PD on ELL instruction based on the needs of students and or instructional staff.</p> |

| | |
|-----------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | <p>Under Principle 2, Professional Development, the Student and School Success Plan (SSSP) includes a SMART goal, completed tasks and active tasks. Below is a summary of the action steps taken in this area:</p> <p>Principle 2: Staff evaluation and professional development Title Component 4: Professional Development Activities</p> <p>➤ <i>Indicator P2-IF14: The school sets goals for professional development and monitors the extent to which it has changed practice.</i></p> <p>SMART Goal 2016-2017: During the 2016 - 2017 school year, training and implementation of targeted, continual, Professional Development will result in an increase in student achievement scores in K – 5 grade reading by 10 points or more on the MAP (Kindergarten also completes WAKids) (comparing Fall to Spring scores) and grades 3-5 will increase by 10% or more on the SBA interim benchmark assessments</p> <p>Tasks:</p> <ul style="list-style-type: none"> · Staff will review ELL strategies in spring of 2017 and determine which strategies will be a school-wide focus. · Staff will continue to participate in 3 ELL PD trainings through 2016-2017 school year. · Staff will participate in monthly trainings and implementation strategies aligned with Domain 2 in Danielson Framework on the topics of PBIS, Ruler and Trauma Informed strategies. |
| <p>Our school will increase parent/family engagement.</p> | <p>Every major student learning goal includes activities and strategies for increasing parent involvement.</p> <ol style="list-style-type: none"> 1. The Home School Coordinator is responsible for coordinating all family activities along with the after-school programming and tutoring. Our Home School Coordinator works with the FEAT team which helps coordinate Family Literacy and Math events. 2. Parents/guardians are encouraged to volunteer in classrooms and other areas of the school. 3. Family Support Worker (FSW) works closely with students and families on her/his caseload linking students to needed resources in the community and strategies for improving attendance. FSW will assist in meeting the needs of families through home visits with teachers, securing the necessary goods and services, participating in school activities on and off campus and providing general support with families. 4. We also utilize family listening sessions with different language and affinity groups in the school to make sure meeting all families/students needs. We also have a Friday robocall/email that goes out to all families in English and students home language (7 different languages). <p>Under Principle 7, Increase parent and family engagement, the Student and School Success Plan (SSSP) includes a SMART goal, completed tasks and active tasks. Below is a summary of the action steps taken in this area:</p> <p>Principle 7: Family and Community Engagement Title Component 6 Strategies to increase parent/family engagement</p> <p>➤ <i>Indicator: P7-IVA04: The school’s Compact will include responsibilities (expectations) that communicate what parents (families) can do to support their students’ learning at home (curriculum of the home, with learning opportunities for families to develop their curriculum of the home).</i></p> <p>SMART Goal 2016-2017: During the 2016-2017 school year, Martin Luther King Jr. Elementary School parents will continue to</p> |

| | |
|------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | <p>support the instructional frameworks and strategies to increase meaningful parent/family involvement that will result in an increase in student achievement scores in K – 5 reading by 10 points or more on the MAP (Kindergarten also completes WAKids) (comparing Fall to Spring scores) and Grades 3-5 will increase by 10% or more on SBA interim benchmark assessments.</p> <p>Tasks:</p> <ul style="list-style-type: none"> • During the spring, 2017, the Home School Coordinator and ELL department will collaborate to update and revise the school compact for distribution at the start of the 2016-17 school year to all parents in English and native languages. • ELL staff will support the outreach to families for the Literacy and Math Nights. • Literacy and Math Night events will be planned and delivered during the 2016-2017 school year. • To increase school to parent communication, Robo Calls and e-mails go home weekly in multiple languages to keep parents informed of school activities and events. |
| <p>Our staff is involved in decision-making.</p> | <p>Teacher representatives participate in our Building Leadership Team. This group has decision-making authority in numerous areas of school leadership. We meet at least two times per month, and our representatives report back to their grade level/department teams. They also bring issues and input to BLT meetings from their team members.</p> <p>Additional levels of decision-making:</p> <ol style="list-style-type: none"> 1. Conversations with the principal 2. Grade Level and PLC meetings 3. Teacher Collaboration meetings 4. Think tank groups with the principal by whomever is interested 5. Staff Professional Development Sessions <p>Under Principle 5, Use data to inform instruction and for continuous improvement, including providing time for staff to analyze and act upon student data, the Student and School Success Plan (SSSP) includes a SMART goal, completed tasks and active tasks. Below is a summary of the action steps taken in this area:</p> <p>Principle 5: Use of data for school improvement and instruction Title Component 1 Needs Assessment <i>Ø Indicator:</i> P5-IID08 Instructional Teams will use student learning data to assess strengths and weaknesses of the curriculum and instructional strategies.</p> <p>SMART Goal: During the 2016-2017 school year, through the administration and analysis of benchmark assessments, student data in grades K-5 will result in an increase in student achievement scores in K – 5 reading by 10 points or more on the MAP (Kindergarten also completes WAKids) (comparing Fall to Spring scores) and grades 3-5 will increase by 10% or more on the SBA interim benchmark assessments.</p> <p>Tasks: The primary and intermediate PLC teams will meet to create a data analysis protocol to be used during MAP, SBA and Teachers College data analysis team meetings by November 28, 2016.</p> |
| <p>We will assist our students to meet standard.</p> | <p>Our CSIP targets closing the opportunity gap in a number of specific areas of student learning.</p> <p>Teachers are required to set goals to support student learning needs as based on assessment and observational data.</p> <p>The test coordinator informs each student of his/her MAP results. Teachers and specialists discuss these results with students and work to develop strategies to address areas of growth as well as build on areas of strength.</p> |

| | |
|---------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | <p>Principal/Assistant Principal conduct walk throughs in classrooms. The principal and assistant principal meet with teachers to discuss areas to build upon and areas where growth is needed. Teacher targeted professional development is also utilized based on student and/or teacher needs. Continued analysis of data and use of this data to inform instruction and intervention needs for targeted students.</p> <p>Beyond the academic support of students, we as a school are working on building positive relationships and positive beliefs in each of our students through PBIS and RULER. This is done through creating school-wide norms for adults and students in common spaces as well as promoting an "all in" approach in supporting students. We have worked to create a culture that positively acknowledges each student and celebrates the diversity of our school community.</p> <p>Under Principle 3, Extended and Maximizing learning time and collaboration, the Student and School Success Plan (SSSP) includes a SMART goal, completed tasks and active tasks. Below is a summary of the action steps taken in this area:</p> <p>Principle 3: Expanded time for student learning and teacher collaboration Title Component 9 Assist Students to meet standards</p> <p>➤ <i>Indicator: P3-IVD05 The school monitors progress of the extended learning time programs and strategies being implemented, and uses data to inform modifications.</i></p> <p>SMART Goal 2016 -2017: During the 2016 - 2017 school year, targeted interventions (before, during and after school) will result in an increase in student achievement scores in K – 5 reading by 10 points or more on the MAP (Kindergarten also completes WAKids) (comparing Fall to Spring scores) and grades 3-5 will increase by 10% or more on the SBA interim benchmark assessments.</p> <p>Tasks:</p> <ul style="list-style-type: none"> · Grade levels will analyze data from MAP and SBA interim benchmark assessments identifying students to participate in extended learning programs. · Disney in the Schools will be offered for 17 weeks as an extended learning program - Tying in performing arts and ELA · Robotics will be offered to 4th-5th grade students before school through the 2016-17 school year. · City year will offer afterschool enrichment classes to identified students three times a week. · City year will offer afterschool enrichment classes to students three times a week during the 2016-17 school year. |
| <p>Retain high quality, highly effective, and highly qualified staff.</p> | <p>Applications for open positions are screened carefully and vetted by members of the interview committee. The interviewing process is collaborative, and interview questions are specific to the needs of the staff, applicants are informed of the requirements needed if selected to work at Martin Luther King Jr. Elementary School. We as a school work to recruit diverse candidates who are representative of the students and families of our school.</p> <p>All new teachers have regular monthly meetings to provide support to help them with instruction, district requirements, supplies, materials and other needs that they may have. We also provide many opportunities for professional development. These activities help new staff members feel supported and be able to best support students and their needs.</p> <p>We have two Career Ladder teachers on staff who provide support to staff internally and externally by their participation in SPS Career Ladders trainings.</p> |

| | |
|----------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| | <p>Instructional staff visit other schools to observe high quality teaching (use of high leverage teaching moves and the 5 Dimensions of Teaching and Learning); the Danielson Framework for Teaching (Teacher Evaluation System).</p> <p>The principal/assistant principal visits classrooms regularly and provide specific feedback based on the 4 Domains (Content and Pedagogy, Classroom Environment, Instruction and Professional Responsibility).</p> <p>The principal/assistant principal provide supports, as needed and/or requested.</p> |
| <p>How do we support the transitions of new students and families into our school?</p> | <p>We host a welcoming event for incoming students and invite their families to tour the school and meet our staff and students. As new kindergarten students arrive to our school, we tour the building with them and their families, escort them to classrooms, provide them packets of information they may have missed.</p> <p>The first meeting of the school year is a Title I meeting in which families are informed of the Parent Policy, what they can expect, the resources that are available to them, the goals for the year and ways the school and family can work together to promote the environment we all want (that includes the social, emotional, and academic needs of all of our students). CSIP goals are reiterated during Jump Start, Curriculum/ELL Night, Family Literacy Night, Family Math Night, home visits, and Parent Teacher Conferences.</p> <p>Under Principle 5, Recommend appropriate supports for each student’ transitions between grade levels, schools, interventions, the Student and School Success Plan (SSSP) includes a SMART goal, completed tasks and active tasks. Below is a summary of the action steps taken in this area:</p> <p>Principle 5: Transition Title Component 7</p> <p>➤ <i>Indicator P5-IID07: The Leadership Team reviews student data to recommend appropriate support for each student’s transition from pre-K to Kindergarten, grade to grade, or school to school (e.g., elementary to middle level).</i></p> <p>SMART Goal 2016-2017: During the 2016 -2017 school year, through the analysis of student data to make appropriate placement decisions and smooth transitions from pre-school to Kindergarten, between grade levels, and transitioning into middle school, student achievement scores will increase in grades K – 5 reading by 10 points or more on the MAP (Kindergarten also completes WAKids) (comparing Fall to Spring scores) and grades 3-5 will increase by 10% or more on the SBA interim benchmark assessments.</p> <p>Tasks:</p> <ul style="list-style-type: none"> • Continue to work with Seed of Life and Head Start Pre-K programs by attending parent and information nights. • Incoming Kindergartners will participate in Jump Start in August. • Staff will identify students and schedule students who need an early SIT in the fall. Staff will participate in at least two All-Day SITs. |
| <p>Our system of support assures our highly qualified staff</p> | <p>Under Principle 6, Provide a safe, supportive environment promoting social, emotional, and physical health, the Student and School Success Plan (SSSP) includes a SMART goal, completed tasks and active tasks. Below is a summary of the action steps taken in this area:</p> <p>Principle 6: Safety, discipline, and social, emotional, and physical health Title Component 9 Provide assistance to students experiencing difficulty</p> |

| | |
|------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>are support students.</p> | <p>➤ Indicator P6-IIIC13: All teachers will reinforce classroom rules and procedures by positively teaching them.</p> <p>SMART Goal 2016-2017: Through the implementation of school wide behavior management plan, Positive Climate Committee and RULER, office referrals will decrease by 10% which will result in an increase in student achievement scores in K – 5 reading by 10 points or more on the MAP (Kindergarten also completes WAKids) (comparing Fall to Spring scores) and grades 3-5 will increase by 10% or more on the SBA interim benchmark assessments.</p> <p>Tasks:</p> <ul style="list-style-type: none"> • Through state and district PBIS supports, trainers will conduct a Tiered Fidelity Inventory collection of evidence to generate a needs assessment in the area of school culture. This will be completed and shared with staff and the PBIS team will develop a training plan based on this data. • The PBIS Team examined the staff charter and established a school-wide culture of expectations for common spaces. Teachers have been working with students with fidelity to demonstrate best practices surrounding positive behavioral supports. The Team regularly communicates to instructional staff students to recognize for monthly student recognition/achievement award assemblies during the 2016-17 school year. • The Wellness Team will make home visits throughout the year with the goal of meeting proactively with families based on behavior and attendance data. • Attendance awards given 3 times per year to students by City Year staff. <p>Note: Title 1 expectations state components 1, 2, 3, 5, and 10 require evidence documents, aligned with the Title 1 Checklist of Evidence, be uploaded into the Indistar File Cabinet. Refer to the Indistar File Cabinet’s corresponding Component Folder to view these documents.</p> <p>Components 4, 6, 7, 8, and 9 require specific indicators be added to the Student and School Success Plan/CSIP, as well as evidence documents, to be uploaded into the corresponding Component folders. The expected Title 1 indicator SMART goals and tasks have been included in the narratives above for each component above. The checklist of evidence documents have been uploaded as required.</p> |
|------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

The following table describes how funds are allocated to support and improve student learning.

| Multi-Tiered System of Support Budget | | | | |
|---------------------------------------|----------------|----------------|----------------|-------------------------------------------------------|
| Academic Year | Funding Type | Funding Source | Amount | How Funds will improve student learning |
| 2016-2017 | Combined Funds | Basic Ed/WSS | \$2,126,606.00 | Instruction for all students align to state standards |

| | | | | |
|-----------|--------------------|-----------------------------------|--------------|----------------------------------------------------------------------------------------------------------------------------------------|
| 2016-2017 | Specific Use Funds | Transitional Bilingual | \$208,725.00 | Teachers/IAs, translations, extra time to support translations at family events, resources to support academic success of ELL students |
