

SCIENCE, ENGINEERING & INDUSTRY PATHWAY
Course Names by Location
 (First Semester, 2006-07)

Course Name	Ballard	Center School	City Campus	Cleveland	Franklin	Garfield	N. Hale	Ingraham	Interagency	Marshall	Nova	Rainier Beach	Roosevelt	C. Sealth	W. Seattle
Apprent Construction														●	
Aquaculture															
Auto Technology								●							●
Aviation Tech														●	
Bio Tech Biology	●														
Bio Tech Chemistry															
Bio Tech Genetics	●														
Career Skilled Trades			●												
Carpentry															
Commercial Airline															
Computer Integra Manu	●						●	●					●	●	●
Construction Trades Coop															
Coop Agriculture															
Digital Electronics					●								●		
Drafting													●		
Ecology (Science)															●
Eng Design & Dev	●														
Engineer Coop Worksite Exp															
Env Horticulture				●			●				●				
Environmental Science						●									
Intro Engineering Design	●				●								●		●
IT A+ Certification (BMI)															●
Law and Justice Studies										●					
Manufacturing Tech						●			●						
Maritime	●														
Mechanics Related															
Mech/Repair Tech Coop															
Metals	●							●							
Precision Production Coop															
Principles of Engineering	●														

Sci Tech Coop Wkst Exp															
Security & Protective Service															
Tech Drawing								●							
Technical Services								●							
Technology Coop															
Transport/Mat/Moving															
Woods	●							●						●	
Woodworking															●
X Building Trades								●							
X Vocation Drafting															
XCC Auto Body				●											●
XCC Auto Technology				●				●							
XIA Construction														●	
XIA Ind Drafting															
XIA Principles of Technology								●							●
