Seattle Public Schools will conduct a community meeting to review design plans on the renovation of Garfield High School on March 25, 2004, from 6:30 to 8:30 p.m. in the school library.

Garfield High School is undergoing a \$78.8 million renovation and addition. The work will remodel the historic three-story building and replace the old Gymnasium and Teen Life Center building with a new PE/Athletics facility, a new Performing Arts auditorium and stage, and a new Teen Life Center. In addition, the non-regulation running track will be replaced by a regulation all-weather track and field.

Funds for the project at Garfield High School come from the \$398 million Building Excellence II Levy, approved by voters in February 2001. Work is scheduled to begin in summer 2006 and be completed by fall 2008. For more information, call (206) 252-0655.
