---	---	--

POLICY

It is the policy of the Seattle School Board that an employee service and recognition award program be established for certificated and classified school employees. The program should be designed to recognize exemplary service, special achievement, and outstanding contributions by an individual in the performance of his or her duties as an employee of the School District, and it may specifically include a year-end retirement reception. General fund moneys may be budgeted to supplement fundraising and admission fees to help fund such programs. Monetary awards can be made to employees out of private donations but not out of general funds or levy moneys.
