

The WASL test is administered by the state in grades 3 – 8 and high school. It provides information on student strength and weaknesses in reading, math, writing and science. (Reading and math are tested in all grades, writing in 4<sup>th</sup>, 7<sup>th</sup> and high school and science is tested in 5<sup>th</sup>, 8<sup>th</sup> and high school.) The WASL was the state assessment through the school year 2008-2009.
