

Seattle Public Schools
Capacity Planning Phase 1
September 15/16, 2008
We Welcome Your Feedback

1. We are continuing to experience capacity challenges District-wide. In 2009-10 we are experiencing elementary school seat shortages in selected areas. We are seeking feedback and suggestions on potential mitigations for solutions to these issues:

Evaluate Building Efficiencies –

Create New Classrooms –

Revise current Student Assignment Plan with minor revisions and transportation –

Relocate Programs –

Add Portable / Modular Classrooms

Other?

2. We will be continuing into Phase 2 of this project immediately. The School Board is developing a policy on Facilities Planning and Capacity Management; Are there any suggestions you would like to make for early consideration?

Please send your comments to the address below by October 7, 2008. If you would like to be on the mailing list, please provide name, phone number and e-mail. ***Thank you for your feedback.***
