Minutes

Agenda item: Internet Safety **Presenter:** Mike Donlin

Discussion: Mike Donlin, a Senior Program Consultant for the Seattle Public School's Prevention and Intervention services gave a very informative presentation on Internet Safety. His PowerPoint is on the Pathfinder website.

Agenda item: Auction **Presenter:** Akemi

Discussion: Had a meeting 2 weeks ago. Table will be set up before and after school for procurement. Shelia Boyer is collecting reservations. Amy Donovan in charge of communications, mentioned sending invitations to Pathfinder alumnae. Will put testimonials about the auction on a flyer. Clan art will be shown on March 6. Very important for the auction to be successful. Need to invite people outside of the Pathfinder community.

Agenda item: Facilities **Presenter:** Jennifer

Discussion: Jennifer reviewed the results from the Facilities survey.

1. Put school map in hall entrance—already completed.
2. Put # and clan names outside of each room. Lynette Martin is doing this.
3. Paint the portables attractive colors—Jennifer met with a color consultant and showed samples. Is working with the District. Will apply for grants and will need volunteers to help paint.
4. Stain portable porches and railings. Grates have been taken off the windows. Michael Harris washed the outside—still need someone to wash the insides.
5. Create outdoor covered space between portables. (Probably will not that the funds for this.)
6. Have clans create murals to hang on exterior portable walls. Suggestion that we have

art students work with the kids.

7. Create native garden. Would like to find a landscape architect in Pathfinder community that could volunteer a design. Suggestion to work with SSCC landscape architect students.

Agenda item: Announcements **Presenter:** Eric

Discussion: Science Fair—Feb 12

Looking for new craft for Culture night. Some money to pay for supplies.

Tours and open houses going very well.

Meeting adjourned: 8:45
