

Parent/Legal Guardian Living with Host Family (Directions)

*This application is for use by a parent/legal guardian living in the Seattle school district with a host family, when the applying parent/legal guardian does not have documents required to verify district residence. This typically applies when a family has recently relocated; families are typically expected to be able to provide address verification after a reasonable period of time(3 months you will be asked to bring in address verification). This document **MUST** be notarized to be considered valid.*

1. To be enrolled in Seattle Public Schools, the primary residence of a student's parent/legal guardian must be within the boundaries of the Seattle school district. Exceptions are noted below.
2. A non-resident application may be submitted for a student whose parent/legal guardian lives outside the Seattle school district.
3. A parent/legal guardian may be living in the district with a host family, but may not be able to provide address verification in the parent/legal guardian's name. [This may occur, for instance, if the parent/legal guardian and child(ren) have recently moved here.]

A parent/legal guardian may apply for permission to enroll a student in Seattle Public Schools based on the verifiable district address of the host family. Approval may be requested at the time of application for the current school year, or beginning June 1 for the following school year.

4. A change of address or establishment of a temporary residence primarily for the purpose of enrolling a student in Seattle Public Schools does not establish the student as a legal resident of the school district. An owned, leased or rented secondary domicile or other property apart from a primary residence does not constitute student/parent/legal guardian place of residence.
5. **PARENT/LEGAL GUARDIAN REQUIREMENTS:** The parent/legal guardian must provide a photo ID and information on the previous residence. Verification that the parent/legal guardian and student(s) are no longer at the previous address may be required, such as: close out of utility accounts, documents for return of deposit and keys, or verification that the former residence is now occupied by someone else. (It is expected that the parent/legal guardian will be able to verify district residence within a few months.)
6. **HOST FAMILY REQUIREMENTS:** The host family must follow standard procedures to verify district residence. This requires a photo ID and two additional current address verification documents, such as:
 - Telephone bill
 - Utility or cable bill
 - Lease or mortgage information
 - Court documents
 - Insurance documents
 - Documents from public agencies such as DSHS.

Attach all required documents (see directions). Missing information will delay the processing of this application.
