Dear College Admissions Officers,

I am writing to let you know that Seattle Public Schools has been experiencing technical difficulties with respect to our online student information system, PowerSchool. This has delayed the entering of final grades for the 2019-2020 first semester. As a result, some senior transcripts do not yet include updated course, grade, and credit information. We ask colleges to note this district-caused delay as they conduct mid-year checks on prospective applicants from our schools. We anticipate first semester transcripts from all schools will be available no later than March 2, 2020, though schools are working to get them ready sooner. For the latest details and information, please visit the Seattle Public Schools website at https://www.seattleschools.org/district/calendars/news/what_s_new/transcript_update_february_2020. If you have additional questions, please email me or contact our College and Career Readiness team at ccr@seattleschools.org. Thank you for your patience.

Sincerely,

Caleb Perkins, Ph.D.
