

Seattle Public Schools
Procedures for Community Based Organizations (CBO)
Accessing Student Educational Records

Steps for accessing student data via The Automated Data Report (ADR) or Student-at-a-Glance (STAAG)*:

1. Automated Data Report (ADR): a set of 12 .csv or .xls reports with detailed student data
2. Student-at-a-Glance: a web-based Tableau dashboard where partners can view individual student data in user-friendly formats

Many requirements necessary to gain access to SPS student data can be met/submitted simultaneously, outlined by the graphic below (with details following):

1. Sign contracts & create accounts
 1. Submit Standard Data Sharing Agreement (must be reviewed & approved by SPS)
 2. Submit Contractor Network Use Agreement to get an SPS Account created
 3. IS Only: Partners interested in IS status submit an IS application and DSA
2. Establish consent:
 1. Gather FERPA consent forms for participating students. Upload or mail scanned FERPA to SPS and upload corresponding student list template (Excel file) to ShareFile
 2. IS Only: School principals or designees submit student lists, establish right-to-view for
3. Access systems:
 1. Login to ShareFile for ADR reports
 2. Login to Student-at-a-Glance to view student dashboards
