## Section 11

Seattle Public Schools is committed to making its online information accessible and usable to all people, regardless of ability or technology. Meeting web accessibility guidelines and standards is an ongoing process that we are consistently working to improve.

While Seattle Public Schools endeavors to only post documents optimized for accessibility, due to the nature and complexity of some documents, an accessible version of the document may not be available. In these limited circumstances, the District will provide equally effective alternate access.

## Section 11: Student Demographics

**Section 11 Notes:** Parents/guardians self-select one or more race categories when enrolling a student in SPS. For students counted in the Multiracial category, more than one race category was selected. Students of Hispanic ethnicity are reported as Hispanic, regardless of race. Special Education numbers include all students who are eligible for Special Education services; see Section 8 for more information. ELL services are available at all schools.

There are noticeable racial and socio-economic differences between schools that are perhaps indicative of the geographic locations and the surrounding neighborhoods of these schools. This section evaluates the racial/ethnic composition of schools, free and reduced priced meals data, percent receiving bilingual services, and percent receiving Special Education services.

Chart elements representing boundary data will fall to zero for options schools, as these do not have an attendance area boundary.

Nova became a service school in the 2016-17 school year and is included here for continuity.
