GENERAL TEAMSTERS LOCAL NO.174

(Truck Drivers)

This Agreement is made by and between SEATTLE SCHOOL DISTRICT NO. 1, (also doing business as Seattle Public Schools) hereinafter called "District" and GENERAL TEAMSTERS LOCAL UNION NO. 174, affiliated with the INTERNATIONAL BROTHERHOOD OF TEAMSTERS, hereinafter called "Union".

ARTICLE 1: RECOGNITION - UNION SECURITY - MANAGEMENT RIGHTS

SECTION A: RECOGNITION

The District hereby recognizes, during the term of this Agreement, General Teamsters Local Union No. 174, affiliated with the International Brotherhood of Teamsters, as the sole and exclusive bargaining agency for all employees of the District whose job classifications are set forth in Appendix A of the Agreement.

SECTION B: UNION SECURITY

1. It shall be a condition of employment that all employees covered by this Agreement and hired on or after its effective date shall, on the thirtieth day following the beginning of such employment, become and remain members in good standing of the Union or tender to the Union the initiation fees and periodic dues that are the obligation of members unless an RCW 41.56 exception applies. The Employer shall discharge any employee as to whom the Union, through its Business Agent, delivers to the District a written notice that such employee is not in good standing in conformity with this Article. Further, any liberalization from the Union's point of view which may be made in the Union Shop provision as defined in the Labor Management Relations Act, either by Congressional Amendment or Judicial Decision shall be adopted by the parties and made a part of this Agreement. "Good Standing" shall be defined as the tendering of uniformly required dues and initiation fees.
2. Dues Check Off: Within thirty-one (31) days of ratification of this Agreement and/or within thirty-one (31) days of employment and/or actively going to work, employees must sign and deliver to the Union an assignment authorizing payroll deduction of membership dues. The Union shall then submit such authorizations to the District's Payroll Services, who shall make them effective at the earliest payroll period, but no later than forty-five (45) days after receiving the authorizations from the Union. The authorizations shall be on a continuing basis.
3. The Union will indemnify and hold the District harmless against any claims made, and against any suit instituted against the District on account of any check-off dues. The Union agrees to refund to the District any amounts paid to it in error on account of the check-off provisions upon presentation of proper evidence thereof.
4. DRIVE Contribution: The Employer agrees to deduct from the paycheck of all employees covered by this Agreement voluntary contributions to DRIVE. DRIVE shall notify the Employer of the amounts designated by each contributing employee that are to be

deducted from his/her paycheck on each pay period during the month. The phrase "weeks worked" excludes any week other than a week in which the employee earned a wage. The Employer shall transmit to DRIVE National Headquarters on a monthly basis, in one check the amount deducted along with the name of each employee on whose behalf a deduction is made, the employee's social security number and the amount deducted from the employee's paycheck. The International Brotherhood of Teamsters shall reimburse the Employer annually for the Employer's actual cost for the expenses incurred in administering the payroll deduction plan.

SECTION C: MANAGEMENT RIGHTS

Except to the extent specifically covered and controlled by the express terms of this Agreement, the Union recognizes the District's inherent and traditional right to manage its business and operations, including but not limited to: hire; discipline; suspend or discharge employees for cause; maintain the discipline and efficiency of its employees; lay off; establish, change and direct reasonable methods and processes of doing work; introduce new and improved work methods or equipment; determine the starting and quitting times and the number of hours to be worked; and, the right to make and amend such reasonable rules and regulations as it may deem necessary for the conduct of its business and to require their observance.

APPENDIX B: SUBSTANCE ABUSE POLICY

The Seattle School District No. 1 (the "District") seeks to minimize safety related on-the-job accidents by employees and visitors through a District-wide substance abuse policy. This means that anyone on the premises of any District facility or operating equipment owned or leased by the District regardless of location is expected to be free of any mood-altering substance, whether legal or illegal, that can negatively affect job performance or risk the health and safety of employee or the general community.

It is the firm position of the District that alcoholic beverages or other drugs are not to be brought on the District property nor consumed there at any time, except as prescribed in writing by a licensed physician. The sale, purchase, transfer, use or possession of alcoholic beverages or non-prescription drugs on District property is prohibited. Violators are subject to disciplinary action to include summary discharge and appropriate law enforcement officials will be notified when deemed appropriate by the District.

The District recognizes that the use/abuse of controlled substances may lead to chemical dependency and/or affect an employee's job performance. Therefore, the District offers confidential assessment and referral services through its Employee Assistance Program (EAP). It is the intent of this policy to encourage and support employee recovery from substance abuse. However, employees impaired at work risk termination.

ARTICLE 1 TESTING OBJECTIVES

- Section 1. A drug is defined as any substance which may impair mental or motor function, including, but not limited to, illegal drugs, controlled substances, designer drugs, synthetic drugs and look-alike drugs. Alcohol is defined as any beverage containing alcohol.
- Section 2. The use of drugs which are lawfully obtained and properly used shall be permitted provided their use does not interfere with the individual's proper and safe work performance.
- Section 3. The District will be responsible for all costs incurred for testing and evaluation required by this policy. Employees shall be compensated at the appropriate hourly rate for all time spent for testing and evaluation done at the District's request.
- Section 4. The District will provide training of no less than two (2) hours duration by an entity agreed to by the Union of its supervisors in problems of substance abuse and in recognizing the signs and symptoms of drug abuse and an additional one (1) hour of training in recognizing the signs and symptoms of alcohol abuse.

ARTICLE 2 REASONABLE SUSPICION, POST ACCIDENT AND RANDOM TESTING

- Section 1. Reasonable suspicion means suspicion based on specific contemporaneous articulable personal observations that a District representative can describe concerning the appearance, behavior, speech, or breathe odor of the employee. Reasonable suspicion must be documented at or near the time of observation but not more than twenty-four hours from observation. Observation must be by two

supervisors trained in the detection of probable drug use and/or alcohol misuse by observing behavior. If observation by two supervisors is unfeasible, observation must be by two individuals, one of whom is a supervisor trained in the detection of probable drug and/or alcohol misuse by observing behavior. Being in an accident does not, in and of itself, constitute cause for testing. Reasonable suspicion will subject the affected employee to testing for drugs and/or alcohol as outlined in this policy.

Section 2. Drivers will be subject to post-accident testing without a finding or reasonable suspicion only if the driver is involved in a "reportable accident" as defined in Section 390.5 of the Federal Motor Carrier Safety Regulations and has received a citation for a moving traffic violation in connection with the reportable accident. Urine samples for post-accident drug testing must be obtained within 32 hours of the reportable accident. Alcohol testing must be conducted within 8 hours of the reportable accident. The District shall provide drivers with the necessary post-accident information, procedures and instructions prior to the driver operating a commercial motor vehicle.

Section 3. Drivers will be subject to random testing only to the extent required by applicable federal regulations. Pursuant to current regulations, the District will randomly test its drivers subject to DOT testing at an annual rate sufficient to equal 50% for drugs/25% for alcohol of its average number of drivers (e.g., 50% rate for drugs; there would be six tests per month for an employer with 144 employees (6 x 12 = 50% of 144). 25% rate for alcohol; there would be three tests per month for an employer with 144 employees (3 x 12 = 25% of 144). The District may choose a scientifically valid method, such as a random number generator that is matched with driver's Social Security numbers, payroll identification numbers, or other comparable identifying numbers and must retain records regarding the method used and employees selected and must provide that information to the Union upon request. Under the selection process used, each driver shall have an equal chance of being tested each time selections are made. The DOT may from time to time modify the required percentages of employees selected for testing. Any such changes will be re-negotiated prior to inclusion.

Section 4. The District shall ensure that the driver ceases to perform the safety-sensitive function (on-duty functions as set forth in subsection 395.2) and proceeds to the testing site as soon as possible after notification of selection.

Section 5. An employee consenting to the testing will be transported to the hospital or laboratory by the District, or at District expense. If alcohol testing on other than a random basis is conducted away from the employee's work site, the employee consenting to testing will be transported by the District, or at District expense, to the location of such testing. After a non-random alcohol test is completed, the employee will be transported to his/her residence, or, if appropriate, back to the work place.

An employee subjected to random testing shall be paid for all time required for travel to and from testing, and for time at the testing location, regardless of the outcome of the test.

Section 6. If the test results are negative, the employee will immediately be reinstated in his/her previous position, with full back pay for any time lost for testing or while awaiting test results, based on the employee's regular work schedule and no further action will be taken.

Section 7. Should the test results be positive for drugs or positive for alcohol at or above the 0.04 BAC level, the employee shall not be permitted to return to safety-sensitive functions until the employee has been evaluated by a Substance Abuse Professional (SAP). If the evaluation recommends treatment that prevents the employee from working, the employee will be suspended without pay, except sick leave and vacation, if available, until the treatment no longer prevents the employee from working and the SAP approves the employee's return. Subsequent reinstatement will be without loss of seniority. Any employee testing positive will be permitted to return to work only if the employee signs the "Agreement for Continuation of Employment", a copy of which is attached to this policy.

The rehabilitation provisions of this Agreement shall only apply to an employee on one (1) occasion. Positive drug tests thereafter shall result in immediate termination.

Section 8. Any employee tested who is found to have an alcohol concentration of 0.02 BAC or greater or less than 0.04 BAC shall not be permitted to perform or continue to perform safety-sensitive functions, until the start of the driver's next regularly scheduled duty period, but not less than 24 hours following administration of the test or until such employee tests at a level less than 0.02 BAC. An employee who has tested at or above 0.02 BAC but less than 0.04 SAC, and who subsequently tests at or above 0.02 on a second occasion, shall be subject to the same treatment as an employee testing at or above 0.04 SAC.

Section 9. An employee who is prohibited from performing safety-sensitive functions shall be assigned to non-safety-sensitive functions, if possible, until such time as the employee complies with the requirements for return to duty.

Section 10. Under no circumstances will the District or the Union be informed beyond a negative or positive outcome of any testing conducted, unless a grievance is filed, in which case all relevant information regarding the test results, testing methods and chain of custody will be provided to both the Union and the District.

Section 11. Testing is authorized by this section only while the driver is performing, just before the driver is to perform, or just after the driver has ceased performing safety-sensitive functions.

ARTICLE 3 CONSENT AND TRANSPORTATION PROCEDURES

Section 1. The District shall inform the employee that he/she is subject to testing and will state whether the testing is reasonable suspicion, post-accident, or random testing and whether for alcohol and/or drugs.

Section 2. If the testing is for reasonable suspicion, the District shall give the employee a copy of the initial Impaired Behavior Report prepared pursuant to Article 2, Section 1. The District shall explain that because of the observation of the employee's behavior, it is necessary to verify the employee's physical capability at that point in time.

Section 3. In each and every case, the District shall read the Consent Form to the employee prior to obtaining the employee's signature authorizing the test and release of positive or negative test results. No changes are to be made on the consent form.

If the testing is based on reasonable suspicion, both the observing witnesses shall complete the Impaired Behavior Report form. The Union representative shall not be required to complete the form. In completing the Impaired Behavior Report form, the witnesses shall be as accurate and detailed as possible, recording their observations of the employee's behavior which led to their decision to require an examination/test. The witnesses shall state what they actually observed, but refrain from making statements about possible causes of the behavior or making judgmental conclusions.

If the employee refuses promptly to take the test or sign a Consent Form, the District shall:

1. Make it clear to the employee that the request to sign the form and take the test is a direct order.
2. Ask the employee if he/she understands the order. If the employee responds that he/she does not understand the order, the supervisor shall explain the order again.
3. Explain to the employee that failure to comply with the order constitutes insubordination which will result in termination.
4. Issue a second direct order to sign the form and take the test.
5. If the employee refuses, inform the employee that he/she will be terminated.

Section 4. The District shall arrange for transportation and, in the case of reasonable suspicion testing, accompany the employee to the collection site. In the case of reasonable suspicion or post-accident testing, the District shall use best efforts to notify the Union that the employee is being transported to the collection site. If the employee requests the presence of a Union representative at the time of the collection or at the time of the request for testing, collection shall be delayed for no more than one hour in order to permit a Union representative to reach the location. The urine will be collected by laboratory personnel. Breath testing will be conducted by a Breath Alcohol Technician (BAT). At the conclusion of the collection, the District shall transport the employee to his/her residence, or, if appropriate, back to the work place.

ARTICLE 4 TYPE OF TEST

Section 1. Drug testing is to be initially conducted by the EMIT test. Alcohol testing shall be by Evidentiary Breath Testing (EBT). If testing for drugs, the split urine sample procedures shall be followed. There shall be no blood testing.

Section 2. Drug testing will be for only those drugs included in the Department of Transportation Drug and Alcohol Testing Programs. All positive EMIT tests will be verified by a GC/MS (gas chromatography, mass spectrometry). Disciplinary action against an employee may be taken only if the GC/MS is positive at a level exceeding the levels in the Federal Department of Transportation Drug and Alcohol Testing Programs (49 CFR Part 40). Any changes in the levels in the federal procedures will be re-negotiated prior to inclusion.

Section 3. All positive initial alcohol screen EBT tests will be verified by a second EBT test. Disciplinary action against an employee may be taken only if the second EBT is positive at a level exceeding the levels in the Federal Department of Transportation Drug and Alcohol Testing Programs (49 CFR Part 40). Any changes in the levels in the federal procedures will be re-negotiated prior to inclusion.

ARTICLE 5 TESTING PROCEDURAL SAFEGUARDS

Section 1. The District shall select a laboratory approved by the Substance Abuse and Mental Health Services Administration (SAMHSA). Testing must follow the DOT procedures for testing and chain of custody. The District and the laboratory will provide quality control procedures and will assure the maximum in confidentiality, provided there shall be no direct observation of urination, except as permitted under DOT regulations. The District will utilize a Medical Review Officer (MRO) as required by the DOT procedures.

Section 2. In the event of a positive test result, the employee may request that the MRO direct a retest within seventy-two (72) hours (weekends excepted) a sample of his/her urine specimen from the medical facility for the purpose of retesting at a qualified drug testing laboratory. The chain of custody for this split sample shall be maintained between the original testing laboratory and the employee's Designated Qualified Laboratory.

Section 3. If such second test does not confirm the presence of drug metabolites or alcohol, the MRO shall cancel the test and negative test results shall be reported to the District.

Section 4. Testing not performed in compliance with this Policy and with applicable DOT/FHWA regulations shall not constitute a valid basis for discipline. An employee shall have the right to use the grievance/arbitration procedure to challenge any aspect of the testing procedures.

Section 5. Any employee who successfully challenges the positive result shall be reimbursed for reasonable costs associated with challenging the test.

Section 6. The District reserves the right to require additional safeguards that serve the best interests of the employee or the Program, subject to the mutual agreement of the Union.

ARTICLE 6 HOLD HARMLESS

The District shall indemnify and hold the Union harmless against any and all claims, demands, suits or liabilities that may arise out of the District's application of the Substance Abuse Program.

ARTICLE 7 NEW APPLICANTS

In addition to the above-described testing for probable suspicion, the District will test all job applicants, who are subject to DOT drug and alcohol testing requirements, prior to hiring them.

Such testing will comply with the applicable Department of Transportation procedures (49 CFR 382.301). Upon request; applicants shall be notified of their test results.

ARTICLE 8

The Substance Abuse Program shall be subject to annual review. Any change in the program is subject to mutual agreement of the Union.

ARTICLE 9

The District shall conduct alcohol and drug testing only to the extent required by federal or state statutes, regulations or rules.

AGREEMENT FOR CONTINUATION OF EMPLOYMENT

THIS AGREEMENT is entered into by and between _____ (the District), _____, Local _____ (the Union), and channels of assistance for employees seeking rehabilitation. However, the Employee seeking rehabilitation must be committed in his/her efforts to remain drug and alcohol free. Therefore, as part of the Employee's commitment to remain free of drug and alcohol use it is understood that the Employee's continuation of employment by the District is based upon and constrained by the following terms:

1. The Employee must submit to evaluation of potential drug or alcohol problems by a recognized and certified Substance Abuse Professional (SAP), as defined in 382.107, selected from the attached list or agreed to by the Union and District. This evaluation should be completed within one week from the date of this document.
2. The Employee must agree to participate in all rehabilitation treatment recommended by the SAP.
3. The Employee must authorize the SAP to provide a copy of the SAP's recommendations to the District.
4. The Employee may return to driving duties only when the SAP concludes that the Employee is in compliance with the SAP's treatment recommendations, if any, and the Employee has tested negative for alcohol and/or drugs, as required by the SAP.
5. The SAP must agree to closely monitor the Employee's attendance at all required sessions. Failure of the Employee to adhere to the program for treatment recommended by the SAP will subject the Employee to disciplinary action by the District, up to and including discharge.
6. The Employee, the District and the Union mutually agree that the Employee's continuation of employment for the next twelve (12) months or during the term of any recommended treatment should it extend beyond twelve (12) months, is contingent upon his/her satisfactorily meeting all of the terms outlined in this agreement, and that failure to do so may subject the Employee to immediate termination of employment with the District.
7. During the twelve (12) month period or such period of rehabilitation treatment as outlined by the SAP, should it be longer, the District will test the Employee for alcohol and drug use on a random basis if the SAP determines such testing is necessary for that particular driver. Such random tests shall not exceed six (6) such random tests during this period. However, such random tests are in addition to any tests that may be necessitated on a for cause basis as defined in the District's Substance Abuse Program or any such random tests performed by the treatment center as part of their program to monitor compliance with their treatment program. The Employee will be subject to disciplinary action up to and including discharge if he/she refused to submit to testing or if the Employee tests positive for drugs or alcohol during this time period.
8. If the employee successfully completes treatment and has no positive drug tests within twelve (12) months, the initial positive test shall not be used in any future discipline or personnel action unless it relates to substance abuse.

At the District's discretion, in lieu of discipline and/or termination, the Employee understands that if he/she does not meet the above terms of this Condition, the District may require the Employee to submit to in-patient care for rehabilitation and to agree to a

renewal of this Agreement for an additional twelve (12) month period thereafter.

This Agreement is voluntarily entered into by all parties and in consideration for continuation of employment, the above conditions are hereby agreed to.
