School Plan & Budget for the 2017–18 School Year

School Mission Statement Ballard High School is an inclusive, supportive community that cultivates a tradition of excellence for all students. ~adopted May, 2008

School Goals All students will develop positive relationships with adults and students at BHS through academic, extracurricular, and social opportunities. -All students will receive support – academic, social, cultural – in order to take on the challenges they will face, including college, career, and other endeavors. -All students and families will join with BHS to engage as partners in supporting and strengthening the school and greater community. -All students will develop individual strengths, achieve academic excellence, and be recognized for their successes.

School Description & Plan to Achieve Goals Ballard is committed to eliminating opportunity gaps in our school and we believe that improving relationships between staff and students is an important first step in this improvement process; Once students feel that adults at Ballard care about them, they will be more likely to attend school, complete work and become more engaged in the school community. Therefore, our C-SIP SMART Goals are: We will make the percentage of all students of color who receive Ds and Es proportional to the school population.; By the end of the school year, 92% of our ninth graders will earn 5.5 credits.; The percentage of African-American and American Indian students that have less than an 80% attendance rate will decrease from 27.5% to 17.5%; For all students, we will increase the number of students who feel their teachers take time to get to know them from 42% to 50%. Ballard's commitment to eliminating opportunity gaps can be seen in our yearlong commitment to professional development in this area, including staff book studies from diverse authors and activities to improve relationships between staff and students. We are also working on efforts to make this commitment more public, so that our students see our efforts.

Annual Budget Report

2017–18 School Funding by Category

All financial data are from the 2017–18 recommended budget.

Total 2017–18 School Budget: **\$13,066,084**

Projected 2017–18 Student Enrollment: **1806**

Per-Student Funding: **\$7,235**

Invitation to Participate

One of the goals of having School Reports is to support families as critical partners with us in a student's academic success. To get involved, please share this with your friends and neighbors, visit the school, or consider talking to the teacher or principal about joining the school's Building Leadership Team or Parent Teacher Student Association to shape your school's improvement plan.

District Mission Statement Seattle Public Schools is committed to ensuring equitable access, closing the opportunity gaps and excellence in education for every student.
