School Plan & Budget for the 2017–18 School Year

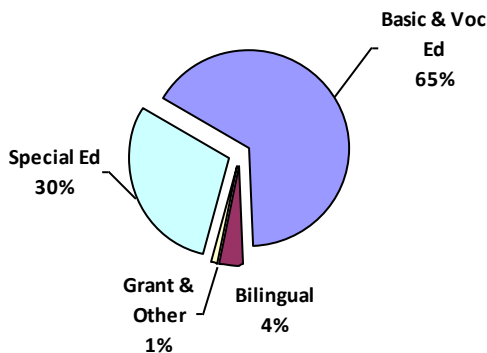

School Mission Statement Chief Sealth International High School fosters global awareness and academic success through a challenging and engaging curriculum in a safe and supportive learning environment.

School Goals Chief Sealth International High School is committed to: 1) Closing the gap that exists between racial and socioeconomic subgroups of students in both academic performance and discipline. Improved academic performance of subgroups of students will be measured by scores on state tests, GPAs, and graduation rates. Improved discipline will be measured by attendance and discipline rates. 2) Raising the proficiency scores of all 10th grade students in Math, Science, Reading and Writing by 10% on the state exams.

School Description & Plan to Achieve Goals Chief Sealth International High School is a comprehensive high school that offers a wide array of opportunities for students who value learning in a dynamic, multi-cultural environment. It is an exceptional place that celebrates innovation and individuality. As a center of international educational excellence, we provide students opportunities to study the world both in the classroom and beyond. Our academic and arts offerings, our career preparation, and our athletic programs focus on educating global citizens and as an international school within the Seattle Public School system we prepare students, in partnership with families and community, for global citizenship in an increasingly interdependent world.; Chief Sealth International High School has been recognized as one of the few Seattle Public Schools that remains a “community” school. Most of the students live close to the school, many of the alumni live near the school, and many of the students are children of Sealth alumni. We are committed to rally our neighbors in West Seattle around the positive activities at our school and for our students to reciprocate that pride and enhance our community. To meet state and district goals, teachers meet regularly in Professional Learning Communities to analyze student data (SBAC, EOC, and student work), create common assessments, research instructional achievement and to make intentional instructional decisions aimed at increasing student achievement. To address academic goals, we provide opportunities for students to receive additional math, reading and writing instruction and support both within and outside of the school day.

Annual Budget Report

2017–18 School Funding by Category

Per-Student Funding: **\$9,466**

Invitation to Participate

One of the goals of having School Reports is to support families as critical partners with us in a student's academic success. To get involved, please share this with your friends and neighbors, visit the school, or consider talking to the teacher or principal about joining the school's Building Leadership Team or Parent Teacher Student Association to shape your school's improvement plan.

District Mission Statement Seattle Public Schools is committed to ensuring equitable access, closing the opportunity gaps and excellence in education for every student.
