## School Plan & Budget for the 2018–19 School Year

### School Mission Statement

We focus on student learning that leads to active global citizenship through academic rigor, social emotional aptitude, cultural competency, proficiency in an immersion language, awareness of global issues and the passion to act, cultivation of a JOY of learning, and to create a culturally diverse community of lifelong learners who demonstrate advanced skills in communication, international language, and technology, and whose performance exemplifies superior academic standards.

### School Goals

By focusing on research proven strategies such as aligning curriculum, increasing collaboration time for teachers and increasing student self-efficacy, we endeavor to improve our school climate and increase the number of students who are meeting and exceeding expectations in reading and math.

### School Description & Plan to Achieve Goals

John Stanford International School is an award-winning elementary school with the goal of educating students who demonstrate excellence in academics, communication, cultural and global competence and international language. All students participate in our language immersion program; learning subjects such as math and science in Japanese or Spanish for half the day. We strive to simultaneously enhance achievement in core subjects and to build proficiency in the target language. Language Arts is taught in English. We use the workshop model in both reading and writing. All subjects are aligned to Common Core State Standards. Instruction is designed to accommodate the needs of all learners students who need extra support and those who need an extra challenge. One of the unique attributes of John Stanford International School is the integration of global perspectives into our core curriculum. Teachers collaborate in grade level teams to incorporate a variety of cultural, historical and linguistic perspectives not only through our social studies curriculum but also through music, art, PE and community celebrations.
