School Plan & Budget for the 2018–19 School Year

School Mission Statement

McGilvra students shall thrive in a safe environment that promotes social-emotional literacy and high academic achievement. Students will develop problem-solving skills and foster a sense of respect and appreciation for oneself and for others. Students will be engaged in a challenging curriculum that is enhanced with multi-arts experiences and builds a strong foundation, both socially and academically, for future success.

School Goals

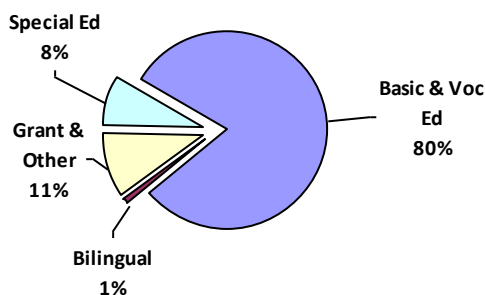

Students will master the important foundational academic skills of reading, writing, mathematics, and language arts through the acquisition of critical thinking skills and with the support of appropriate technology. Students will also achieve excellence in social studies, science, art, music, health and physical education. Students will learn about other cultural groups and traditions from people from around our country and our world, as they become compassionate and caring community members. Additionally, students will learn about the importance of social-emotional health and wellness as they become positive and contributing citizens.

School Description & Plan to Achieve Goals

McGilvra Elementary is a small K-5 school located in Madison Valley. The teachers and staff work in collaboration with parents to create a safe learning environment for all children. We work together across grade-levels and across the school to create a culture of lifelong learners. Children and adults are encouraged and supported to be curious, to love learning, and to be critical-thinkers and problem-solvers. We believe in teaching the whole child, which includes social-emotional literacy, core academics, science, social studies, art and music. Students have opportunities across their school day to engage in high-quality, rigorous instruction across content areas.

Annual Budget Report

2018–19 School Funding by Category

All financial data are from the 2018–19 recommended budget.

Total 2018–19 School Budget:
\$2,156,996

Projected 2018–19 Student Enrollment:
239
