

Don't waste time and money!

Order your compostable plates, cups, forks and knives straight from our Warehouse using your school Conservation Funding.

- ⇒ Free shipping directly to your school
- ⇒ Costs less
- ⇒ Better for the environment
- ⇒ No more sorting at the waste container. All items go straight into the compost, along with food.

School secretaries can order the items below from the District B2B Marketplace using the school Utility Conservation Budget (fund –1000, fund center __x7927425, supply reserve line 5990). Price includes all taxes, shipping, and handling. No minimum order. All items below are compostable so you can put them, and the food stuck to them, directly into the green compost containers. (Note: forks, spoons, and knives have a shelf life of about one year.)
