1. **TITLE**

Approval of Board Policy No. 3224, Student Dress.

2. **PURPOSE**

This motion, if approved, would establish a universal student dress policy for all students in the district.

3. **RECOMMENDED MOTION**

I move that the School Board approve Board Policy No. 3224, Student Dress, as attached to the Board Action Report.

4. **BACKGROUND INFORMATION**

   a. **Background**

   Board Policy No. 3224, Student Dress, is a new policy developed in response to school leader, community, student, general counsel, and School Board concerns regarding the lack of a District policy on school dress and dress code enforcement at our schools. Currently, individual schools create and implement their own school-specific dress codes. The passage of this motion will provide all District schools with the same dress code policy to follow, ensuring consistency and conformance with applicable law.

   School dress codes have a long history in our society and are often over-reaching and biased against the female gender. With this policy, it was the hope to eliminate unnecessary notions regarding such things as clothing length and subjective views of appropriate school attire. Instead, we endeavored to focus on the essential elements of student dress. In brief, students must wear a top, bottom, and footwear and must not wear clothing that: is vulgar; sexually suggestive; obscene; libelous; contain threats; or that promote illegal or violent conduct such as the unlawful use of weapons, drugs, alcohol, tobacco, or drug paraphernalia; uses hate speech targeting groups based on race, ethnicity, gender, sexual orientation, gender identity, religious affiliation, or other protected groups; intentionally shows private parts (nipples, genitals, buttocks); covers the student’s face (except clothing/headgear worn for a religious or medical purpose); or demonstrates gang or hate group affiliation or membership.

   The policy emphasizes that regulation of student dress must be free from bias and all students have the right to be treated equitably. Proper enforcement of the policy will be
reflected in enforcement that treats each student with respect and objectivity regardless of: sex; race; religious belief; sexual orientation; gender expression or identity; ethnicity; physical characteristics; or the presence of any sensory, mental, or physical disability.

Under this policy, students will not be disciplined or removed from class as a consequence for wearing inappropriate attire unless the attire creates a substantial disruption to the educational environment, creates a hazard to the health or safety of others, or is a factor in a student behavior rule violation such as malicious harassment or the prohibition on harassment, intimidation, and bullying. If a violation occurs, a student may be instructed to leave their classroom briefly to change clothes. The Principal or their designee should notify a student’s parents/guardians of the school’s response to violations of the student dress policy.

On June 3, 2019, the Seattle Council PTSA adopted a resolution urging the Board to standardize district’s dress code and provide guidelines to ensure equitable enforcement of the code across Seattle Public Schools. The resolution provided valuable edits to the proposed policy that enhanced clarity and the stated values.

b. Alternatives
Not adopt this policy and allow schools to continue to establish their own student dress policies. This is not recommended as this policy gives consistent guidelines to schools, will create uniform expectations for students as they move up in grade and change schools, and help to minimize legal risk assuring that we have a singular student dress policy that complies with the law.

c. Research
We reviewed a number of student dress codes to develop the language for this policy:
- Los Angeles Unified School District, Student Dress Codes/Uniforms, BUL-6494.1
- San Francisco Unified School District, Dress Code for Students
- Oregon National Organization for Woman, Model Dress Code
- North Creek High School (Bothell, WA), Student Handbook, Dress Code

5. **FISCAL IMPACT/REVENUE SOURCE**

Fiscal impact to this action will be N/A.

This motion has no fiscal impact.

Revenue: ☐ One-time ☐ Annual ☐ Multi-Year ☒ N/A

6. **COMMUNITY ENGAGEMENT**

With guidance from the District’s Community Engagement tool, this action was determined to merit the following tier of community engagement:
Policy Development
The development of this policy was shaped by collaborating with stakeholders to receive their feedback and assistance in formulating the text:

- Students at Garfield High School developed the first version of the policy which then evolved over time through meetings with them to solicit their feedback.
- The policy then went to the Superintendent’s Student Advisory Board who provided additional feedback and made their own edits to the text of the policy over the course of multiple meetings.
- Throughout the process the policy was reviewed by a select group of school principals and school staff who provided feedback and suggested edits to the content.
- Once the policy was considered fairly complete, it was sent to all K-12 school principals and many provided feedback and suggestions that were incorporated into the final version of the policy.

Uniforms
To determine whether existing schools with uniform requirements would be permitted to continue, we obtained feedback from the stakeholders. Feedback was first obtained by reaching out to the schools’ principals and PTSAs to ask if they liked having school uniforms and whether they would like to see them continue. The response from both was strongly affirmative that they appreciated the uniform policy and wanted to see it continue.

Then, to obtain further insight into the community’s perspective on uniforms, we distributed a survey to school staff, parent/guardians, and 5th and 8th grade students at the schools. The survey asked two simple questions: (1) Do you like having a school uniform? Why? and (2) Should your school continue to have uniforms? Why?

The survey was distributed this week and results of the survey will be distributed to the Board when it concludes. Results will be distributed to the Board the week of July 24th.

7. **EQUITY ANALYSIS**

Using the Racial Equity Analysis tool, it was determined that this policy will help to support all students in receiving fair treatment in regard to student dress. By paring down our student dress expectations to what is essential and taking a strong stance in the policy language that all students have the right to be treated equitably regardless of gender/gender identification, sexual orientation, race, ethnicity, body type/size, religion, and personal style, we will hopefully avoid inequitable enforcement of student dress code.

8. **STUDENT BENEFIT**
Adoption of the policy will provide simple, clear guidelines for students that should be easy to follow and help students to avoid unnecessary barriers to school attendance.

9. **WHY BOARD ACTION IS NECESSARY**

☐ Amount of contract initial value or contract amendment exceeds $250,000 (Policy No. 6220)

☐ Amount of grant exceeds $250,000 in a single fiscal year (Policy No. 6114)

☒ Adopting, amending, or repealing a Board policy

☐ Formally accepting the completion of a public works project and closing out the contract

☐ Legal requirement for the School Board to take action on this matter

☐ Board Policy No. _____, [TITLE], provides the Board shall approve this item

☐ Other: _____________________________________________________________________

10. **POLICY IMPLICATION**

This motion would adopt a new policy to establish expectations for student dress.

11. **BOARD COMMITTEE RECOMMENDATION**

This motion was discussed at the Curriculum & Instruction Policy Committee meeting on May 21, 2019 and June 11, 2019. The Committee reviewed the motion and moved the item forward for consideration by the full board.

12. **TIMELINE FOR IMPLEMENTATION**

Upon approval of this motion, the new policy will immediately go into effect and will be shared with all school leaders and posted online. An education plan will be developed to ensure that school leaders are trained on the correct application of this policy.

13. **ATTACHMENTS**

- Board Policy No. 3224, Student Dress (redlined from introduction)

- **Draft Superintendent Procedure 3224SP**
It is the policy of the Seattle School Board that the student and their parent/guardian hold the primary responsibility in determining the student’s personal attire, hairstyle, jewelry, and personal items (e.g. backpacks, book bags). Schools are responsible for assuring that student attire, hairstyle, jewelry, and personal items do not interfere with the health or safety of any student and do not contribute to a hostile or intimidating environment for any student.

Core Values

In relation to student dress, the district’s core values are the following:

- Students should be able to dress and style their hair for school in a manner that expresses their individuality without fear of unnecessary discipline or body shaming;

- Students have the right to be treated equitably. Dress code enforcement will not create disparities, reinforce or increase marginalization of any group, nor will it be more strictly enforced against students because of racial identity, ethnicity, gender identity, gender expression, gender nonconformity, sexual orientation, cultural or religious identity, household income, body size/type, or body maturity;

- Students and staff are responsible for managing their personal distractions; and

- Students should not face unnecessary barriers to school attendance.

Universal Dress Code

Students must wear:

- Top (shirt, blouse, sweater, sweatshirt, tank, etc.);

- Bottom (pants, shorts, skirt, dress, etc.); and

- Footwear.
This policy permits additional student attire requirements when necessary to ensure safety in certain academic settings (e.g. physical activity, science or CTE courses). Additionally, this policy allows for reasonable variation in required student attire for participation in activities such as swimming or gymnastics.

Students may not wear clothing, jewelry, or personal items that:

- Are pornographic, contain threats, or that promote illegal or violent conduct such as the unlawful use of weapons, drugs, alcohol, tobacco, or drug paraphernalia;

- Demonstrate hate group association/affiliation and/or use hate speech targeting groups based on race, ethnicity, gender, sexual orientation, gender identity, religious affiliation, or other protected groups;

- Intentionally show private parts (nipples, genitals, buttocks). Clothing must cover private parts in opaque (not able to be seen-through) material;

- Cover the student’s face to the extent that the student is not identifiable (except clothing/headgear worn for a religious or medical purpose); or

- Demonstrate gang association/affiliation.

Attire worn in observance of a student’s religion are not subject to this policy.

This policy permits schools with a uniform policy to continue having a uniform policy provided that it is gender neutral and inclusive of attire worn for a religious reason.

**Enforcement**

Principals are required to ensure that all staff are aware of and understand the guidelines of this policy.

Staff will use reasonable efforts to avoid dress-coding students in front of other students.

Students shall not be disciplined or removed from class as a consequence for wearing attire in violation of this policy unless the attire creates a substantial disruption to the educational environment, poses a hazard to the health or safety of others, or factors into a student behavior rule violation such as malicious harassment or the prohibition on harassment, intimidation, and bullying. Further, no student shall be referred to as “a distraction” due to their appearance or attire.
Typical consequences for a violation of this policy include parent/guardian contact or conference and the directive to cover, change, or remove the non-complying attire. A student may be instructed to leave their classroom briefly to change clothes. The Principal or their designee should notify a student’s parent/guardian of the school’s response to violations of the student dress policy.

The Superintendent or their designee is authorized to develop procedures in order to implement this policy if needed.

Denise Juneau, Superintendent

Per Policy No. 3224, it is the policy of the Seattle School Board that the student and their parent/guardian hold the primary responsibility in determining the student’s personal attire, hairstyle, jewelry, and personal items (e.g. backpacks, book bags).
