## Budget Work Session Presentation

 January 11, 2017Seattle Public Schools is committed to making its online information accessible and usable to all people, regardless of ability or technology. Meeting web accessibility guidelines and standards is an ongoing process that we are consistently working to improve.

While Seattle Public Schools endeavors to only post documents optimized for accessibility, due to the nature and complexity of some documents, an accessible version of the document may not be available. In these limited circumstances, the District will provide equally effective alternate access.

# Budget Work Session 

January 11, 2017

## Agenda

1. Review consensus reached to date
2. WSS Committee recommendation
3. $\$ 2 m$ to reduce cuts, using equity lens (Eric Anderson's work) - review proposal to date
4. Other federal budget impacts
5. Programs not taking cuts
6. Recommendation for solving remaining \$11.1m
7. Communication Plan

## Guiding Questions for Remaining Recommendations

1. Are people more essential than other non-staff items in eliminating opportunity gaps?
2. While reducing the budget, how can we continue our goal to address opportunity gaps?
3. Because we will need to reduce school funding, how should we identify schools that need the most help/funding?
4. How do we ensure "bang for the buck" with fewer resources?

## Review of Projected Deficit

## WSS Recommendation

- See attached handouts

# \$2m Mitigation - Equity Tier Calculation Methodology 

- Refer to attachment - Prepared by Eric Anderson
- African American male gap
- Student of color gap
- Poverty

## \$2m Mitigation - Equity Tier Calculation Methodology

Staff Recommendation

- Build off of Equity Tier Calculation Methodology
- Prepare further analysis on total resources (federal, city levy, self help) available to schools
- Plan for $\$ 2 m$ by end of February

## Other Reductions Occurring

- 2016-17 one time $\$ 11 \mathrm{~m}$ for strategic initiatives and extra school staffing (compliance needs for 2017-18 $=\$ 1.2 \mathrm{~m}$ is reoccurring)
- \$4m for goals
- $\$ 2 \mathrm{~m}$ for math curriculum
- \$2.3m for mitigations
- \$750k for IB
- \$1M Title II Teacher and Principal training funding (Federal)
- Unknown, but expected reduction in Title I and IDEA (Federal)

## Services Not Currently Slated to Take Cuts

- Special Education Programs -no expansion
- English Language Learner Programs - no expansion
- Native American
- Athletics
- Levy funded Capital activities

## Items That Could Add To The Deficit That Are Not Currently In The \$74m Plan

- Transportation increases for two tiers
- SE Dual Language pathway
- Amendments to Student Assignment Plan
- $\$ 750 \mathrm{k}$ for IB that was funded this year

## Recap of Major Cuts so Far

- Reducing schools by $4 \%$
- Reducing admin by $5.3 \%$
- Using half of our economic stabilization fund
$=$ We are still $\$ 11.1$ million short to balance the \$74.2m deficit

# Other Reductions to Solve Remaining \$11.1m 

- Suspend all curriculum adoption through 2017-18 \$11.5m
- 2017-18 planning year for Cedar Park - $\$ 1.5 m$
- Summer School - \$.25m
- Creative Advantage/Arts and Music Pathway - \$1.5m
- TV Station - \$.4m
- Other - ?

## Staff Recommendation

Meet the remaining \$11.1m, create budget reserve, and potential additional capacity for mitigation resources by:

- Suspending all curriculum adoption through 2017-18-\$11.5m
- 2017-18 planning year for Cedar Park - $\$ 1.5 \mathrm{~m}$

## Restoration Plan

- WSS Committee will be meeting and making recommendation to Executive Leadership
- Staff recommendation to Board at March budget work session to meet HR needs to start displacement analysis

# Consensus on Remaining Recommendations 

- WSS
- Remaining \$11.1m

## Next Steps

- Central office
- Restoration plan for restoring cuts

## Equity Tier Calculation Methodology

Seattle Public Schools is committed to improving equitable outcomes and eliminating opportunity gaps for historically underserved student groups, which includes African American males and other Students of Color, and students from Low Income families.

To protect highly impacted schools from undue harm due to annual fiscal shortfalls, SPS has developed a method to identify schools that serve large numbers and/or high proportions of historically underserved student groups, and for which the achievement of these students is significantly below district averages.

## What student groups are considered in the calculation?

The Equity Calculation considers data for 4 historically underserved student groups:

- Students of color = African American, Hispanic/Latino, Native American, and Pacific Islander students
- Low income students = students who qualify for free or reduced priced meals
- Low income students of color = students of color who qualify for free or reduced priced meals
- African American males

Although some students are included in more than one of these groups, examining data for each of these separately helps to examine the combined effects of race, poverty and gender on historical opportunity gaps.

## What measures are included?

The Equity Calculation calculates $\mathbf{3}$ types of measures for each historically underserved student group:

- Total count of students tested - based on the ELA Smarter Balanced assessment over the last 2 years
- Percent of students tested - based on the ELA Smarter Balanced assessment over the last 2 years
- Percent meeting standard - based on the ELA Smarter Balanced assessment over the last 2 years
(Note: for percent meeting standard, the lower the result, the higher the equity factor)

Calculating $\mathbf{3}$ measures for each of the $\mathbf{4}$ groups yields a total of $\mathbf{1 2}$ measures for each school

## How Equity Tiers are determined based on Measures

The Equity Calculation identifies 4 Equity Tiers from the 12 data points calculate for each school:

- Step 1: Each of the 12 measures is converted to a standard deviation based on district averages
- Step 2: Schools receive 1 point for each measure that exceeds the district average by 1 standard deviation
- Step 3: Total points (0-12) are summed and the following table is consulted:

| Tier 1 | 6 to 9 points |
| :---: | :---: |
| Tier 2 | 4 to 5 points |
| Tier 3 | 1 to 3 points |
| Tier 4 | 0 points |

Tier 1 schools are considered to be the most highly impacted and are prioritized for protection. Tier 2 schools may in some cases be protected depending on budget projections. The total points may serve as a tiebreaker.

## WEIGHTED STAFFING STANDARD (WSS) DRAFT MODELS FOR FY 2016-172017-18

The ratios and allocations in the following models may be used as a guide to staffing; some building allocations will vary due to special programs, students' needs, classroom space and other circumstances.
