From: Ellie Wilson-Jones, Director of Policy and Board Relations
Subject: Superintendent Procedures Created or Revised, September 2019 to August 2020

Per Board Policy No. 1310, the School Board is provided with an annual report on any changes to Superintendent Procedures from the previous school year.

The following procedures were updated between September 2019 and August 2020:

- [3232SP Parent/Guardian & Student Rights in Administration Of Surveys, Analysis or Evaluations](#): This procedure was revised, in response to August 2019 changes to the underlying policy, to reaffirm the district's adherence to the federal Protection of Pupil Rights Amendment (PPRA) and to further articulate parent/guardians opportunities to inspect, receive notice, and consent to specified surveys, analysis, or evaluations. (September 2019)
- [2015SP.B, Selection and Adoption of Instructional Materials](#): The procedure was redrafted to support the implementation of the Board Policy No. 2015, which was substantially amended by the Board in October 2020. (January 2020)
- [3210SP.C Nondiscrimination and Affirmative Action: Transgender and Gender-Expansive Student Rights and Supports](#): The edits to this procedure were largely focused on officially acknowledging a third gender identity, gender X, and expanding and detailing the rights provided to district gender X students. Additionally, the changes also align the procedure with requirements detailed in new state law. (March 2020)
- [3515SP, Student Awards, Prizes and Incentives](#): The procedure was revised to increase the general threshold for awards considered to be de minimis from \$15 to \$25 and to increase this threshold to \$50 with respect to the senior class. (May 2020)
