For Action: April 5, 2017

2. PURPOSE

This Board Action would transfer \$1,500,000 in funding from the Building Excellence (BEX) IV Levy Program Contingency to create a project budget to implement facilities repairs and provide new furnishings, technology and curriculum for the for the re-opening of Decatur Elementary School to serve the Highly Capable Cohort (HCC).

3. RECOMMENDED MOTION

I move that the School Board approve a one-time fund transfer from the Building Excellence IV (BEX IV) Levy Program Contingency to Decatur Elementary School Re-Opening project in the amount of \$1,500,000.

4. BACKGROUND INFORMATION

a. Background

In Fall 2016, the Thornton Creek Options School moved to their new home at Thornton Creek Elementary School, leaving the existing Decatur facility unoccupied.

On January 4, 2017, the School Board approved the, “Student Assignment Transition Plan for 2017-18” which included modifying the HCC pathways to provide predictable patterns of assignment for families, maximize efficient use of available space, and ease overcrowding. Elementary school HCC students living in the Eagle Staff, Hamilton and Whitman attendance areas would attend Cascadia Elementary School, while elementary school HCC students living in the Eckstein middle school attendance area would attend Decatur Elementary School.

This change to the HCC pathway to include a new school at the existing Decatur site requires the procurement of furnishings, fixtures and equipment (FF&E), technology and curriculum to support the new program. In addition, minor facilities improvements have been requested by Teaching and Learning and the Operations and Maintenance Staff to better support the incoming program.

This request to transfer funds from the BEX IV Program Contingency budget to create a budget for the Decatur Elementary School Re-opening project will not affect the funding budgeted to do the remaining work identified in the BEX IV Levy Program.

Exhibit A attached summarizes the costs that comprise the funding request.

b. **Alternatives**

If motion is denied, the HCC program would not open at the Decatur facility and the District's students will not benefit from levy-funded school capacity relief.

Concerns have been raised about equitable access to HCC schools, given the current disproportionalities in the HCC population. As the District continues to explore solutions in this area, the current HCC students need access to equipment and curriculum.
