For Introduction: November 15, 2017
For Action: December 6, 2017

1. TITLE

BTA IV: Approval of Modification No. 2 to Contract P1481 with Radixos LLC, for Consulting Services for K-12 Furniture Selection

2. PURPOSE

Board action is required to approve a contract modification to Contract No. P1481, for consulting Services for K-12 Furniture Selection with Radixos LLC, in the amount of \$373,288 for an expanded scope of services to create alignment with the educational specifications.

3. RECOMMENDED MOTION

I move that the School Board authorize the Superintendent to execute a contract modification with Radixos LLC to increase the base contract in the amount of \$373,288 for K-12 Furniture Selection with any minor additions, deletions, and modifications deemed necessary by the Superintendent, and to take any necessary actions to implement the contract modification.

4. BACKGROUND INFORMATION

a. Background

The District issued a Request for Proposal (RFP) in November 2015 to select a consulting firm to assist in coordinating the procurement of furniture. The District desired to reduce the number of furniture contracts it currently awards, create greater cohesion in the school or office environment and facilitate greater ease of repair. As a result of the qualitative process, the District awarded the contract to Radixos LLC in January 2017.

The original contract scope includes: (a) Review and update SPS's current furniture specifications and conduct a staff survey of recent furniture installation; (b) review and update current SPS furniture room layouts and coordinate with the educational specifications; (c) provide Capital support to facilitate the Request for Qualifications process in conjunction with the District's Contracting Services Department; (d) facilitate Furniture Samples, Furniture Fair and Evaluation; (e) & (f) provide support for the Bid Process and Analysis; and (g) prepare a final Furniture Catalog.

Contract modification No. 1 was later issued to account for the reimbursable expenses (\$5,000) that were mistakenly omitted in the initial contract total.

Contract modification #2 is being requested for three significant adjustments:

1. Furniture Specification Development: Expanded participation requiring additional meetings, longer duration for the meetings and greater frequency of advisory group meetings to keep the steering committee informed of project status. User group meetings were not anticipated in the original contract and were deemed necessary to align furniture requirements with identified room square footage in the educational specifications for all content areas within K-12 and program areas including Special Education, Science, Performing and Visual Arts, Career Technical Education (CTE), Library, Physical Education, Athletics and Support Services. Expanded on-line staff survey of furniture placed in major projects opening in 2016 and added additional survey for Wilson Pacific project 2017. Coordinate revisions to furniture specification and bid groupings to align with competitive bid process.
2. Room Layouts in Educational Specifications: Increase room layouts from quantity of 60 to a quantity of 183. Provide updated layouts to reflect revised furniture standards and confirm “test fit” with square footage requirements outlined in educational specifications.
3. Request for Qualifications (RFQ) from Furniture Manufacture’s, Furniture Fair, Bid Package and Catalog: Provide additional coordination with Contracting Services to revise RFQ and Bid templates due to revised limited furniture groupings. Provide additional coordination to Furniture Manufacturer’s and Supplier’s for Furniture Fair due to extended duration, revised specifications and site preparation requirements. Additional coordination and meetings to facilitate scheduling revisions and extended durations. Expansion and modifications to Furniture Catalog based on revised specifications.

These contract modifications will result in a more cohesive school and office environment, reducing the number of furniture manufacturers the District currently contracts with from eight to two. The hope is to standardize product selection at the K-5 school environment and 6-12 school and office environments creating continuity for SPS through furniture product standardization, selection of higher quality components, reduction in administration of product procurement and enhancement of vendor relationships.

Modification #2 will extend the contract timeline to December 2018.

Original Contract Sum	\$ 216,960
Modification No. 1	\$ 5,000
Modification No. 2	<u>\$ 373,288</u>
Net Contract Sum incl. Modification 1 & 2	\$ 595,248
