**For Action:** June 12, 2019

## **1. TITLE**

Private Schools Proportional Share Services (RFQ03969): Provider Spring Academy

## **2. PURPOSE**

This Board Action Report approves a contract for services for parentally placed private school students, under the Individuals with Disabilities Education Act (IDEA), for a total amount of \$657,072.

## **3. RECOMMENDED MOTION**

I move that the School Board authorize the Superintendent to execute a contract with Spring Academy in the amount of \$657,072 to ensure the provision of equitable services to parentally-placed private school students attending approved non-profit private schools, under the Individuals with Disabilities Education Act (IDEA), with any minor additions, deletions, modifications deemed necessary by the Superintendent, and to take any necessary actions to implement the contracts.

## **4. BACKGROUND INFORMATION**

- a. **Background** IDEA requires that a proportionate share of the federal special education funding allocation be set-aside for equitable services to the group of eligible parentally-placed private school students attending approved, non-profit private schools. An annual count of eligible private school students is used to calculate the set aside amount, which must be used toward the provision of equitable services to the group of parentally-placed private school students. The District is not obligated to provide services to all eligible students and there is no requirement that services be provided throughout the entire school year; once funds are expended, services will be discontinued. Determination regarding the provision of equitable services for the following school year is made in collaboration with representatives of parents and private schools each spring.
- b. **Alternatives** There are no other alternatives as Proportional Share Services are mandated by IDEA.
- c. **Research** N/A

Each spring, in collaboration with representatives of parents and private schools, a determination is made by the District regarding the provision of equitable services for the following school year. We also offer equipment for students with needs in the areas of mobility, vision and/or hearing.

**7. EQUITY ANALYSIS**

We are mandated by IDEA to use a proportionate share of IDEA funding on the provision of services to parentally placed private school students designated to receive such services. The equity analysis tool is not applicable to these services.
