STEP 2: Draw a picture of your instrument in the box below. See an example of what's possible!

<p>Example materials: Dried beans & empty toilet paper roll</p>  <p>The diagram shows a hand-drawn cylinder representing a toilet paper roll. Inside the cylinder, there are several small circles representing dried beans. An arrow points from the text 'empty t.p. roll' to the cylinder. Another arrow points from the text 'Put dried beans inside' to the circles. A third arrow points from the text 'tape ends' to the ends of the cylinder.</p>	<p>My materials:</p>
