Seattle Public Schools is committed to making its online information accessible and usable to all people, regardless of ability or technology. Meeting web accessibility guidelines and standards is an ongoing process that we are consistently working to improve.

While Seattle Public Schools endeavors to only post documents optimized for accessibility, due to the nature and complexity of some documents, an accessible version of the document may not be available. In these limited circumstances, the District will provide equally effective alternate access.

ANNUAL ENROLLMENT REPORT

2020-21 DATA

March 2021

Every Student. Every Classroom. Every Day.

Preface

The Annual Enrollment Report is provided to enable the Seattle Public Schools Board of Directors and community to follow the changes to enrollment, support the need of school boundary changes, and to provide data to inform decisions.

This annual report presents October 1, 2020 enrollment data. October 1 enrollment data is used for historical tracking, comparisons, calculation of enrollment projections and planning.

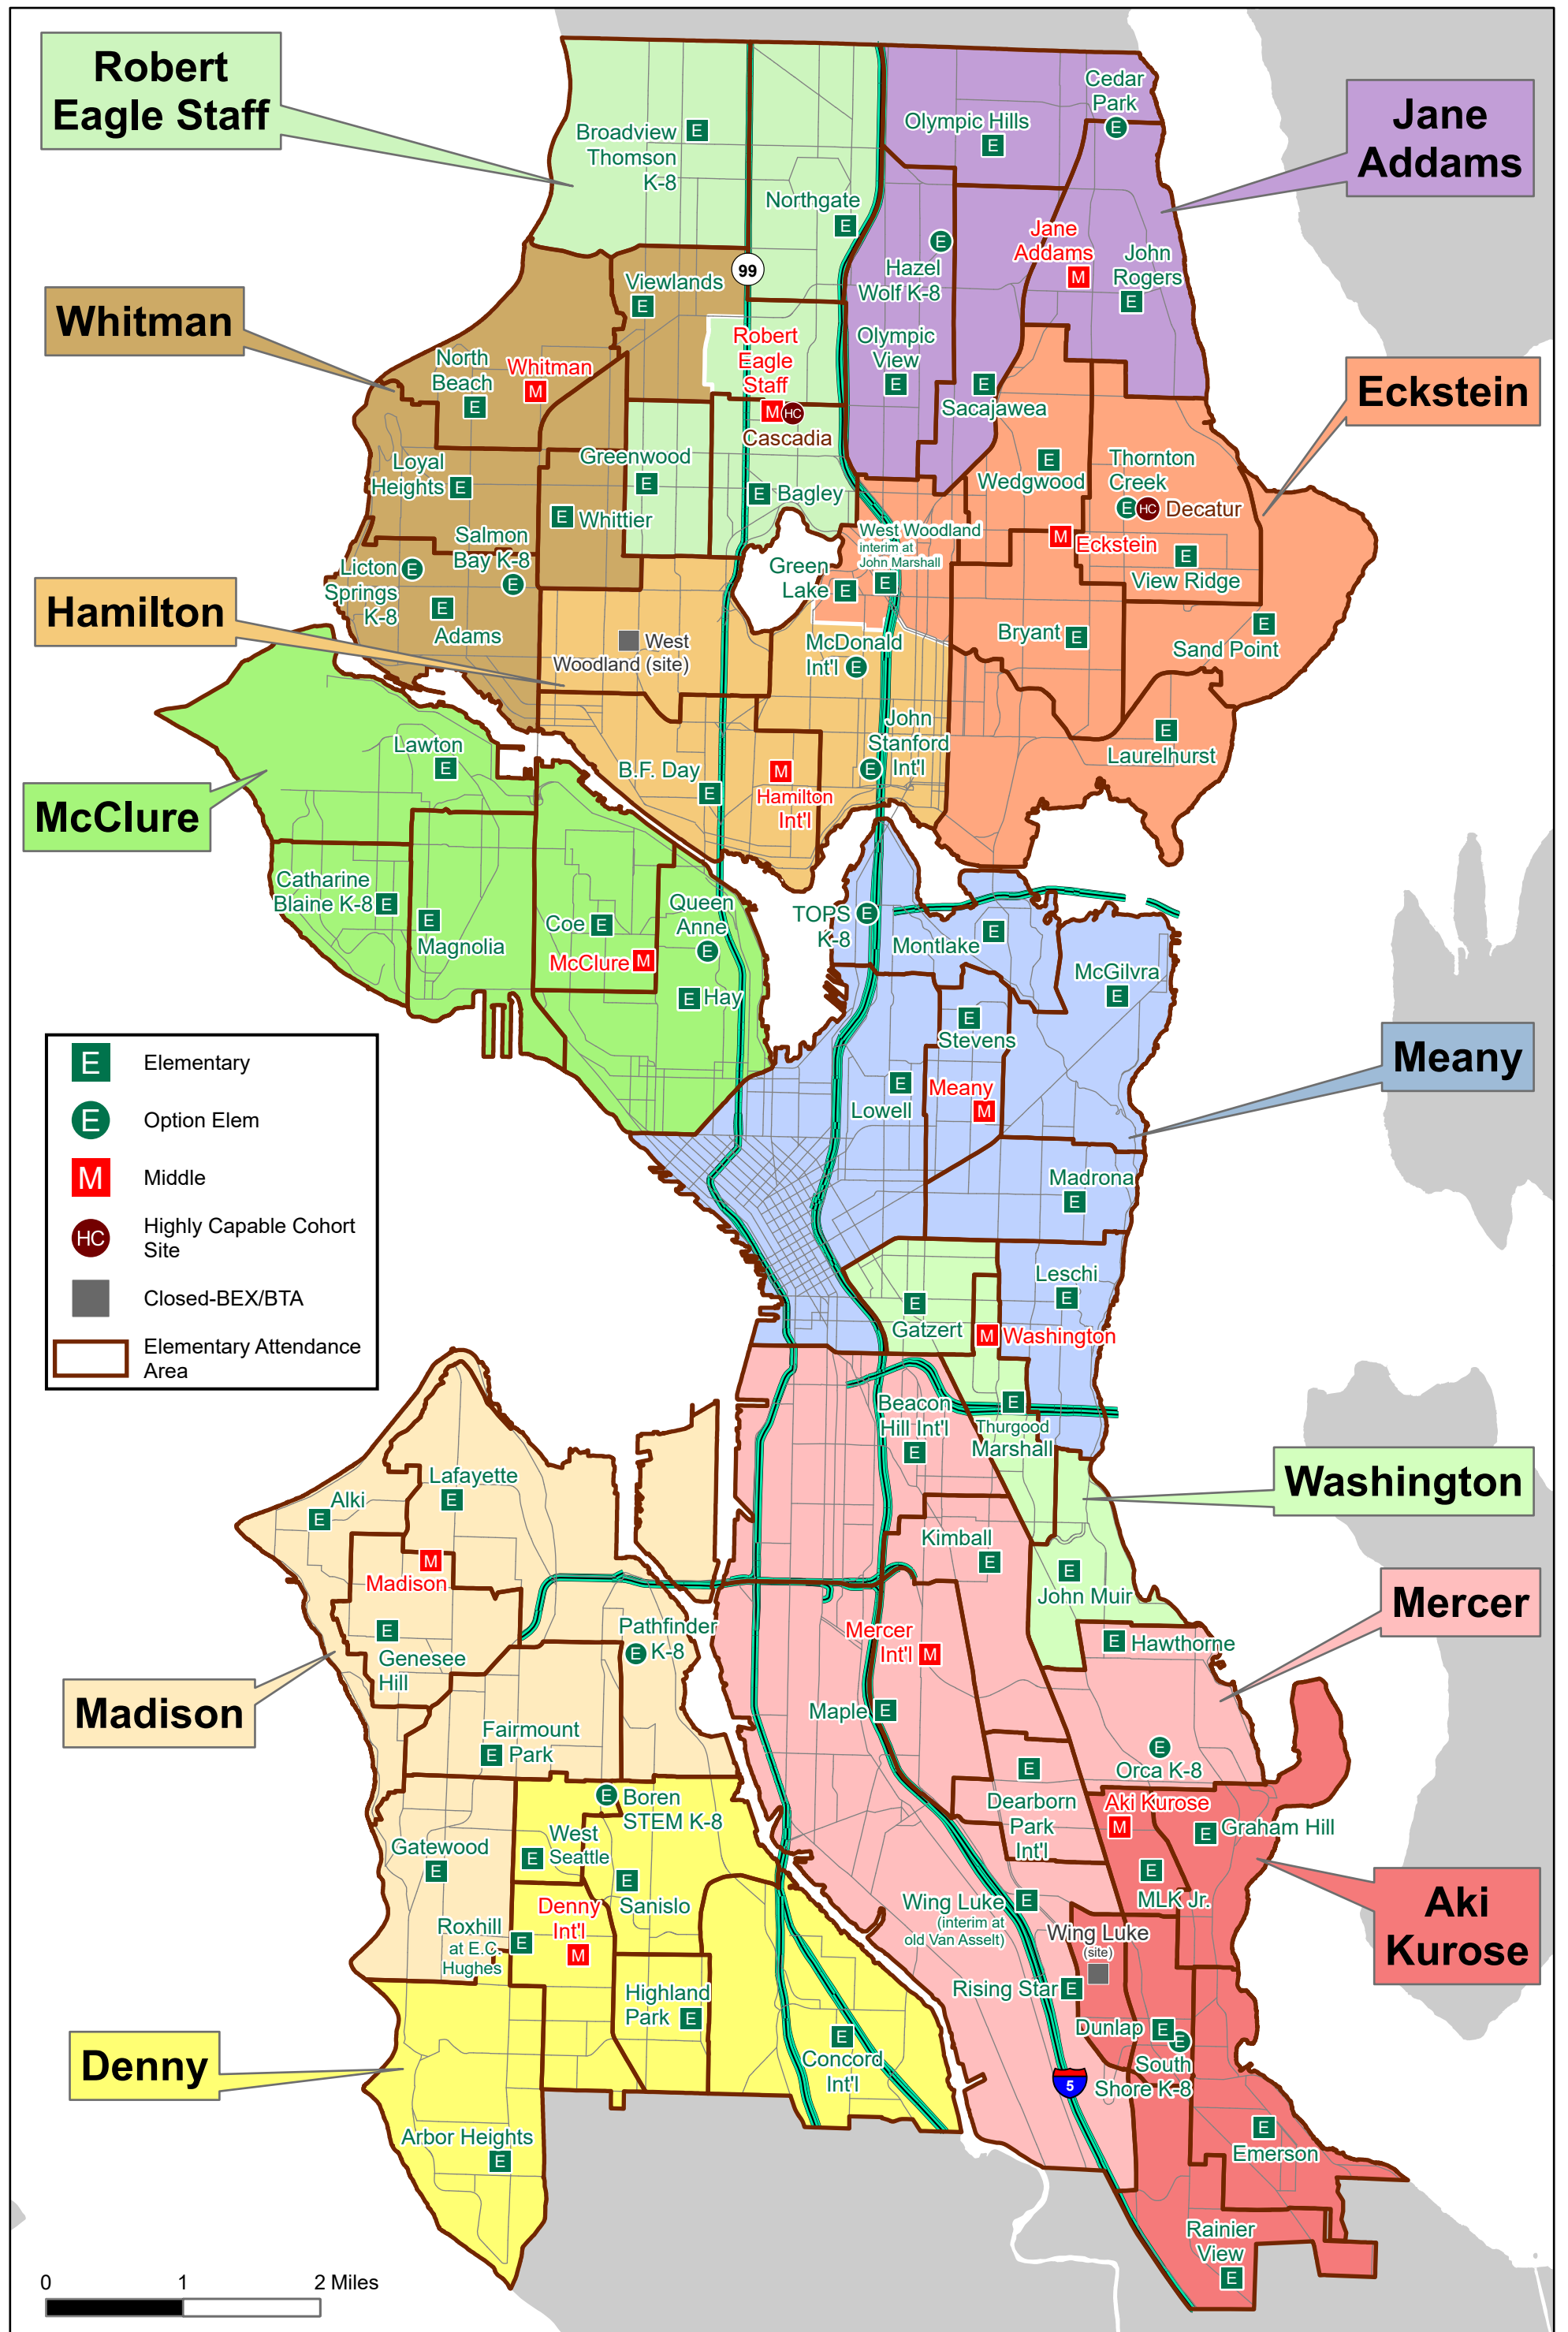

All data is reflective of the 2020-21 school boundaries. Boundary changes were made to Maple Elementary and Dearborn Park International Elementary attendance areas beginning with the 2020-21 school year. More information on school boundary changes, including future year maps, project history and community meeting materials can be found on the Enrollment Planning [School Boundaries webpage](#).

Please note: prior to the 2016-17 school year, Genesee Hill Elementary School was known as Schmitz Park. In 2019, Van Asselt elementary had a name change to Rising Star. In 2020 South Lake had a name change to Alan T. Sugiyama High School.

Section 2: Open Enrollment and School Choice Trends

Section 2 Notes: School Choice allows students to apply for a different school or program during an annual open enrollment period. A student may apply for any combination of attendance area or Option Schools.

Data for school choice applications is taken from on-time applications received during the first two weeks of the Open Enrollment period, usually in February.

Data does not include applications for guaranteed assignments, such as for HCC pathways.

Madrona was truncated to a K-5 school in 2017.

Starting in 2018, all preschool students were under the Seattle Preschool Program.

Section 3: Comparison of Enrollment and Attendance

Section 3 Notes: This section shows the percentage of students who attend their attendance area school, the percentage of students attending another attendance area school, and the percentage of students who attend an option school. Students may enroll in a school other than their attendance area school by participating in the School Choice process. Some students must attend a school other than their attendance area school because they require Special Education services that are not offered at their own attendance area school.

Although Green Lake is listed in the Eckstein service area, part of Green Lake's attendance area falls in the Hamilton service area.

Section 7: Services and Programs – Enrollment Trends for English Language Learners (ELL)

Section 7 Notes: Totals are based on “Bilingual Served” students. Starting in 2012-13, Title III students were identified and these were excluded from the totals. Due to a system changeover in August 2013, data for the 2013-14 school year was obtained from the ELL Department. Starting in 2015-16, ELL services were available at each school.

Section 10: Services and Programs – Enrollment Trends for Advanced Learners (Spectrum)

Section 10 Notes: Advanced Learning (Spectrum) assignment to the attendance area middle school is guaranteed for all eligible middle school students.

The number students enrolled in Advanced Learning is trending downward. Starting in 2020, Advanced Learning is offered at every school. Enrollment in the program will continue to trend downward as a result.

As of the 2020 school year, no choice applications were processed for the Advanced Learning program, therefore there is no data for Section 10-D.

Section 11: Student Demographics

Section 11 Notes: Parents/guardians self-select one or more race categories when enrolling a student in SPS. For students counted in the Multiracial category, more than one race category was selected. Students of Hispanic ethnicity are reported as Hispanic, regardless of race. Special Education numbers include all students who are eligible for Special Education services; see Section 8 for more information. ELL services are available at all schools.

There are noticeable racial and socio-economic differences between schools that are perhaps indicative of the geographic locations and the surrounding neighborhoods of these schools. This section evaluates the racial/ethnic composition of schools, free and reduced priced meals data, percent receiving bilingual services, and percent receiving Special Education services.

Chart elements representing boundary data will fall to zero for options schools, as these do not have an attendance area boundary.

Nova became an Option School with Continuous Enrollment in the 2016-17 school year and is included here for continuity.
