

High School Student BYOD Laptop Agreement

Student Name: _____
First Name Middle Name Last Name Student ID

In participating in the **1-1 bring your own device (BYOD) laptop program**, the student and family agrees to bring a laptop to school or online learning each day that meets the recommended specifications. The laptop should be fully charged with a charging cord available. Seattle Public Schools (SPS) cannot be held accountable for lost or stolen BYOD items. The student and family understand that the family is responsible for all repairs and upkeep of the device and that there is no technology support provided at school for BYOD devices. In the event repairs need to occur, SPS may be able to provide a loaner pending the availability of computers. All school expectations for technology apply to a BYOD, which includes an understanding that certain behaviors and actions can result in the confiscation of the BYOD for family pick-up. This agreement is an annual agreement. Students can opt into the SPS provided laptop or continue with the BYOD in the fall of each year.
