

Annual Enrollment Report

Section 3

Seattle Public Schools is committed to making its online information accessible and usable to all people, regardless of ability or technology. Meeting web accessibility guidelines and standards is an ongoing process that we are consistently working to improve.

While Seattle Public Schools endeavors to only post documents optimized for accessibility, due to the nature and complexity of some documents, an accessible version of the document may not be available. In these limited circumstances, the District will provide equally effective alternate access.

Section 3: Comparison of Enrollment and Attendance

Section 3 Notes: This section shows the percentage of students who attend their attendance area school, the percentage of students attending another attendance area school, and the percentage of students who attend an option school. Students may enroll in a school other than their attendance area school by participating in the School Choice process. Some students must attend a school other than their attendance area school because they require Special Education services that are not offered at their own attendance area school.

Although Green Lake is listed in the Eckstein service area, part of Green Lake's attendance area falls in the Hamilton service area.
