Resolution 2021/22-23 was approved by the School Board July 6, 2022.

**Seattle School District #1
Board Resolution**

Resolution No. 2021/22-23

A RESOLUTION of the Board of Directors of Seattle School District No. 1, King County, Seattle, Washington to fix and adopt the 2022-23 budget.

WHEREAS, RCW28A.505.060 and WAC 392-123-054 requires that the Board of Directors of every school district meet for the purpose of fixing and adopting the budget of the district for the ensuing fiscal year; and

WHEREAS, public notices were published on June 15, 2022, and June 20, 2022 announcing that the Board of Directors of Seattle School District No. 1, King County, Washington, would meet in a public meeting on June 29, 2022 for the purpose of holding a required public hearing regarding the 2022–2023 Fiscal Budget of the district; and

WHEREAS, the Board of Directors has been requested to approve operating transfers from the Capital Projects Fund to the Debt Service Fund up the amount of \$ 2,860,346 and

WHEREAS, pursuant to RCW 28A.320.330 the Board of Directors has been requested to approve operating transfers from the Capital Projects Fund up to the amount of \$50,016,569 to the General Fund for allowable maintenance, facility repairs and technology related expenditures; and

WHEREAS, pursuant to RCW 28A.335.060, the Board of Directors has been requested to redirect revenues derived from the rental and lease of real property for 2022–2023 to be used exclusively for nonrecurring costs related to operating school facilities up to a maximum of \$ 4,000,000;

NOW THEREFORE, BE IT

RESOLVED, that the Seattle School Board of Directors has determined that the final appropriation level of expenditures for each fund in 2022–2023 will be as follows:

<u>APPROPRIATION LEVEL</u>	
A. General Fund	\$ 1,142,449,116
B. Capital Projects Fund	\$491,701,069
C. Debt Service Fund	\$ 2,870,346
D. Associated Student Body Fund	\$ 6,767,000

BE IT FURTHER RESOLVED, that the Seattle School Board of Directors has determined that the four-year financial forecast is as follows:

	2022-23	2023-24	2024-25	2025-26
Enrollment	49,550	48,498	47,813	46,910
General Fund				
Total Resources	\$ 1,041,220,877	\$ 1,046,059,325	\$ 1,067,385,521	\$ 1,086,542,836
Total Expenditures	\$ 1,142,449,116	\$ 1,142,645,509	\$ 1,179,524,313	\$ 1,214,910,042
Contribution To/(From) Fund Balance	\$ (101,228,239)	\$ (96,586,184)	\$ (112,138,792)	\$ (128,367,206)
Capital Fund				
Total Resources	\$ 348,682,518	\$ 376,812,141	\$ 369,230,325	\$ 390,283,586
Total Expenditures	\$ 491,701,069	\$ 337,393,868	\$ 403,377,844	\$ 363,925,126
Other Financing Uses- Transfers Out	\$ 42,876,915	\$ 43,026,247	\$ 43,175,352	\$ 43,336,134
Contribution To/(From) Fund Balance	\$ (185,895,466)	\$ (3,607,974)	\$ (77,322,871)	\$ (16,977,674)
Debt Service				
Total Resources	\$ 2,872,346	\$ 3,021,677	\$ 3,170,783	\$ 3,331,565
Total Expenditures	\$ 2,870,346	\$ 3,019,677	\$ 3,168,783	\$ 3,329,565
Contribution To/(From) Fund Balance	\$ 2,000	\$ 2,000	\$ 2,000	\$ 2,000
Associated Student Body				
Total Resources	\$ 6,482,000	\$ 6,546,820	\$ 6,612,288	\$ 6,678,411
Total Expenditures	\$ 6,767,000	\$ 6,834,670	\$ 6,903,017	\$ 6,972,047
Contribution To/(From) Fund Balance	\$ (285,000)	\$ (287,850)	\$ (290,729)	\$ (293,636)

BE IT FURTHER RESOLVED that the Board of Directors of Seattle School District No. 1, King County, Washington, approves, in a meeting thereof held July 6, 2022, operating transfers from the Capital Projects Fund to the Debt Service Fund up to the amount of \$ 2,860,346 and Capital Projects Fund transfer up to the amount of \$50,016,569 to the General Fund and to redirect up to \$ 4,000,000 of rental and lease revenue to the General Fund.

ADOPTED by the Board of Directors of Seattle School District No. 1, King County Washington, at a regular open public meeting thereof, held this 6th day of July 2022.

INTRODUCTORY SECTION

Letter from the Superintendent
Budget-at-a-Glance

Letter from the Superintendent

Dear Seattle Public Schools community,

The Seattle Public Schools budget for school year 2022-23 reflects the commitment to upholding our vision and values in schools. It incorporates critical funding approved by Seattle voters to continue the Educational Programs and Operations (EPO) and the Buildings, Technology, Academics and Athletics (BTA) levies. This budget also is grounded in the reality that deficits are projected for future budgets beginning in the 2023-24 academic year, signaling significant work before us to bring costs into alignment with available resources.

With implementation of Student Outcome Focused Governance, we have established educational goals and behavioral guardrails that create the conditions for academic excellence. This budget invests in the three academic goals: literacy, numeracy, and college and career readiness. Building literacy skills by third grade sets students up for success in middle school, where increasingly complicated math requires strong literacy. Strengthening math skills by seventh grade prepares students for rigorous coursework in high school. And with a strong high school career, our students are Seattle-ready for what lays ahead. Seattle Public Schools has vowed to prepare students of color furthest from educational justice, as well as every student, until they are college, career, and life ready.

Nearly 80% of Seattle voters said yes to continuing the EPO and BTA school levies for our long-term sustainability. We are grateful for the community's faith and confidence and will steward carefully their investment in our schools.

As federal pandemic-relief funding recedes, it lays bare our very real challenge to scale expenses to available resources while advancing student outcomes, supporting schools, and building an anti-racist institution that better serves students of color furthest from educational justice. We believe that if we intentionally target our support to reach all the way to those who need it most, it will result in universal success -- in literacy, math, and college and career readiness for all SPS students.

I close with gratitude to educators, building leaders, families, community partners, and other district staff for your unrelenting support for students.

Dr. Brent Jones
Superintendent

Budget-at-a-Glance

Our Budget has Four Funds

1. **General Fund** – the operating budget.
2. **Associated Student Body (ASB) Fund** – funding raised by students to support extracurricular activities.
3. **Capital Projects Fund** – used to fund construction and renovation of our facilities
4. **Debt Service Fund** – used to pay the principal and interest on bonds we issue.

2022-23 All Funds Summary

2022-23 All Funds Summary	General Fund	ASB Fund	Capital Fund	Debt Service Fund	Total Funds

General Fund – Where Does our Money Come From?

General fund total resources include district revenue, other financing sources, and planned use of fund balance.

General Fund – Where Does our Money Go?

71.8% of our budget is spent on the state activity for Teaching and Teaching Support.

This includes teachers, nurses, librarians, counselors, instructional assistants, textbooks, and student supplies

How Much Do We Spend Directly on Our Students Compared to Support Services?

**2022-23 Budget Comparing
Direct Services to Support Services**
percentages may not total to 100% due to rounding

How do we classify Direct Services?

Direct Services can be categorized in two groups, 1) the school allocation budget, which is managed by the individual schools, and 2) centrally held budget that pays for staff and supplies that are exclusively in the schools, such as teachers, nurses, instructional assistants, custodians and food service workers. This also includes the utilities that heat our schools and the costs of transporting students to and from school.

How do we classify Support Services?

Support Services include the staff that do not work directly in the schools with students, but rather support the staff in schools and are instrumental to running a district. Support Services include the costs of processing payroll, paying bills, administering programs, managing grants and hiring staff. It also includes the costs of our technology team, our delivery drivers, warehouse staff and insurance.

Direct Services	Budget 2022-23
Allocation to Schools (budget managed by individual schools)	\$ 609,219,432
Athletic coaches, equipment and transportation	4,455,020
Child Nutrition Services	19,434,779
Curriculum and textbooks	4,522,744
Custodial Services	33,456,362
Family Support Workers, Student Family Advocates	7,240,152
Library materials and support	88,591
Maintenance of school grounds and athletic fields	3,363,978
Nurses, physical, occupational and speech therapists, audiologists	45,756,871
Professional Development for school office personnel	2,055,797
Professional Development for teachers	27,263,061
Reserves	62,336,647
Security guards, crossing guards and playground supervisors	6,829,037
Student Transportation	51,777,747
Teachers, instructional assistants, tutors and students supplies held in central dept. budget	82,045,968
Utilities	16,583,487
Total Direct Services	\$ 976,429,673

Support Services	Budget 2022-23
Board of Directors	\$ 5,227,397

Strategic Plan

Student Outcomes Focused Governance Goals and Guardrails

Description of the District

Budget Development Process

Budget Calendar

Strategic Plan

SEATTLE EXCELLENCE

Educate. Engage. Empower

Vision

Every Seattle Public Schools' student receives a high-quality, world-class education and graduates prepared for college, career, and community.

Mission

Seattle Public Schools is committed to eliminating opportunity gaps to ensure access and provide excellence in education for every student.

2019-24 Strategic Plan, Seattle Excellence

Seattle Public Schools is committed to making sure every student graduates prepared for college, a career, and community participation. While great work will continue for all students, Seattle Excellence, the district's five-year strategic plan, makes clear what we will accomplish for underserved students and families.

Seattle Excellence is guided by four priorities and is laser-focused on supporting students of color who are furthest away from educational justice, beginning with African American boys and young men. This work is not about changing students. It is about changing broken systems and undoing legacies of racism in public education. By actively addressing racism in our educational system, and ensuring students furthest from educational justice thrive, conditions in Seattle Public Schools will improve for all.

Strategic Plan Priorities

High-Quality Instruction and Learning Experiences

Educate the whole child through high-quality instruction and learning experiences that accelerate growth for students of color who are furthest from educational justice, with an intentional focus on African American males.

Under this priority, Students of Color who are furthest from educational justice will:

- Feel safe and welcome in school
- Read at grade level by 3rd grade
- Be proficient in mathematics in 5th grade and 7th grade
- Finish 9th grade on track for on-time graduation
- Graduate ready for college and career

Culturally Responsive Workforce

Develop a culturally responsive workforce so teachers, leaders, and staff will effectively support students and families.

- Staff will improve their culturally responsive professional practice through training
- We will intentionally recruit and retain educators of color and diversify our staff and leadership at both schools and central office

Predictable and Consistent Operational System

Develop operational systems that provide a predictable and consistent experience to meet the needs of students and families and allow them to focus on learning.

- Increase satisfaction with students, families, staff, and the community
- Improve communication to students, families, and school leaders
- Improve overall performance of operational systems in support of student learning

Inclusive and Authentic Engagement

Partner with students, families, and communities who are furthest from educational justice by conducting inclusive and authentic engagement.

- Students of color who are furthest from educational justice will have meaningful voice and leadership in school and district initiatives
- Families and communities who represent students of color who are furthest from educational justice will have meaningful voice in school and district initiatives

Student Outcomes Focused Governance

Goals and Guardrails

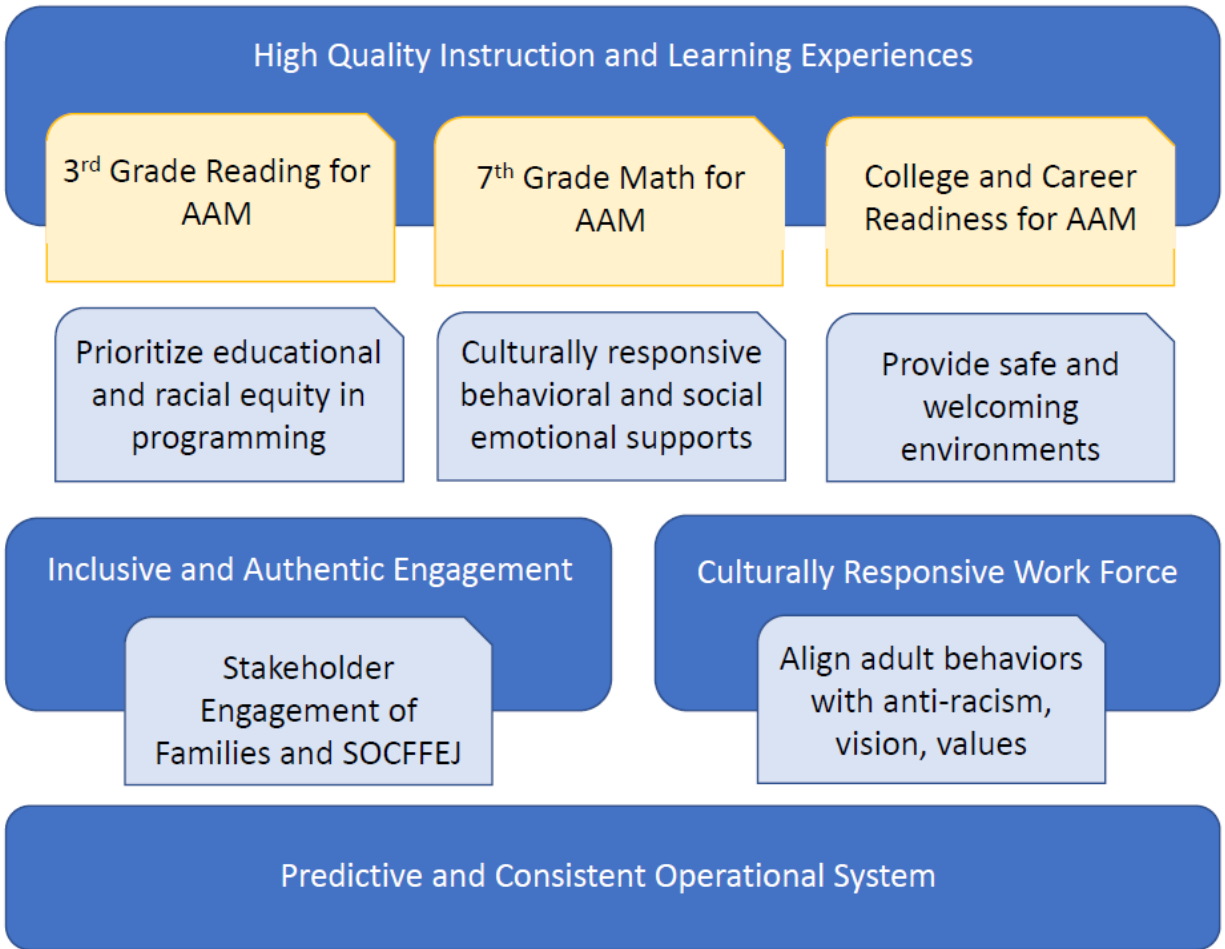

In order to monitor progress and align practices and resources across the district with the Seattle Excellence priority areas, the Board has adopted three Student Outcomes Goals and five Guardrails.

Goals:

1. The percentage of Black boys who achieve English Language Arts proficiency or higher on the 3rd grade Smarter Balanced Assessment will increase from 28% in June 2019, to 70% in June 2024.
2. The percentage of Black boys and teens in 7th grade who achieve proficiency or higher on the 7th grade Smarter Balanced Assessment in math will increase from 23% in June 2019, to 45% in June 2024 and to 70% in June 2026 – essentially doubling over 3 years and reaching the targeted 70% in 5 years.
3. The percentage of Black boys and teens in each cohort/class who graduate and also successfully completed at least one advanced course will increase from 52% in June 2019, to 62% in June 2024.

Guardrails:

1. The superintendent will not allow school and district initiatives to go forth without engaging students of color furthest from educational justice and their families, following stakeholder engagement principles that are utilizing current adopted best practices.
2. The Superintendent will not allow implementation or adoption of any programming that does not prioritize educational and racial equity.
3. The superintendent will not allow adult behaviors in central office, school buildings, or classrooms that are misaligned with district-wide vision, values, and anti-racism initiatives.
4. The superintendent will not allow the use of disciplinary actions as a substitute for culturally responsive behavioral and social emotional supports for students, with and without disabilities.
5. The superintendent will not allow any district department, school building, or classrooms to provide unwelcoming environments.

Metrics for each of the Goals and Guardrails provide information to the Superintendent and the School Board about how resources need to be deployed—ultimately informing the district budget.

While the budget includes specific funding for the strategic plan, investments across all categories support strategies to achieve the Goals and Guardrails. Investments in Academics, including the Office of African American Male Achievement and Research & Evaluation; Student Services; Operations; Human Resources, including efforts to diversify the workforce; and Professional Development across all divisions are foundational to the district’s ability to meet the Goals and Guardrails. Additionally, targeted increases in areas such as school support staff, including counselors and nurses, support the Goals and Guardrails.

Description of the District

General Information

Seattle Public Schools is the largest school district in Washington State. The district provides public education for students in preschool through grade twelve, including services for general education, career and technical education, and students with special needs. The district encompasses 84 square miles and includes the entire geographic area of the City of Seattle, which has an estimated population of 737,015.¹

In 2022-23, the district is projected to serve nearly 50,000 students. Seattle Public Schools operated 104 schools in 2021-22. In calendar year 2021, the district employed 10,765 employees including full time, part time and temporary hourly staff.

Seattle Public Schools serves an economically and ethnically diverse population. In 2021-22, 34.0% of students qualified for Free or Reduced Lunch (FRL) and 2.6% experienced homelessness. Students and families come to Seattle from 154 countries and speak 155 languages and dialects.

Attendance Area Schools

Elementary, middle, and high school students are assigned to a designated attendance area school based on where the student lives, as long as the school offers the services the student needs. Elementary school attendance areas are combined to create middle school attendance areas, resulting in geographically based feeder patterns as students move from elementary school to middle school. The middle school attendance area is also a service area used to designate and provide various services (advanced learning, bilingual education, and special education) for students who live within the service area.

There are no feeder patterns from middle school to high school. Each attendance area high school has its own geographic attendance area. Most students will be able to access specialized programs or services in their attendance area school or in a nearby attendance area or option school.

Option Schools

Option schools offer a variety of approaches and instructional methods. Students must apply to attend an option school. Option schools are available for students at all grade levels.

Service Schools

Several other schools and services are available to meet individual student needs. Students may request assignment to a service school and/or may be referred there and assigned individually as appropriate. Unlike attendance area schools and option schools, students may transition into or out of service schools during the school year.

Budget Development Process

PLAN

The planning phase starts with the creation of a budget calendar listing key activities and dates. Senior administrators meet to assess program needs, analyze enrollment and revenue projections, and discuss goals and initiatives for the upcoming year.

DEVELOP

Schools and central departments build budgets to reflect goals and objectives for the upcoming year. Central staff compile these plans to create a recommended budget proposal that balances spending plans with anticipated revenues.

ADOPT

The recommended budget is formally introduced to the School Board in a regular board meeting in June. Board Members adopt the final budget in July.

IMPLEMENT

Principals and program managers monitor and make budget adjustments to meet changing needs.

The budget is the official document that describes the district's financial plan for the next year. It is also the plan to achieve the district's goals and objectives expressed in dollars, and a key tool in controlling operations.

The budget authorizes a maximum amount of expenditures (called an appropriation) for each fund. By state law, the district may not exceed this maximum spending amount with the exception of some specified emergencies.

The budget covers a single fiscal year, which runs from September 1, 2022 to August 31, 2023. State law requires district staff to prepare a recommended budget no later than July 10. Formal adoption of the budget requires approval of the Board of Directors by August 31 and submission of the approved budget to the state. The district cannot collect tax revenues or incur expenditures until a legally adopted budget is in place.

Budget development is an ongoing process beginning in the fall and concluding with budget adoption in the summer. The process is conducted through a school board governance structure. The full board is engaged in the process through board workshops allowing each board member to provide input.

General Fund Summary

The general fund is the largest fund in the district and accounts for the day to day operations of Seattle Public Schools. It supports funding for all schools and supporting departments. The following includes a summary and detailed view of the general fund.

General Fund Summary	Actual 2020-21	Budget 2021-22	Budget 2022-23
Beginning Fund Balance	\$ 148,791,695	\$ 140,944,865	\$ 160,942,158
Total Revenues	976,089,609	1,042,070,043	1,001,204,308
Other Financing Sources	35,114,482	36,696,623	40,016,569
Total Expenditures	(973,784,864)	(1,122,797,766)	(1,142,449,116)
Net Change in Fund Balance	37,419,227	(44,031,100)	(101,228,239)
Ending Fund Balance	\$ 186,210,921	\$ 96,913,765	\$ 59,713,919

General Fund Summary Details

General Fund Total Resources

Where does the money come from?

The general fund uses funding from a variety of sources totaling \$1.14 billion for the 2022-23 budget. There are four major revenue types including state, local levy, federal, and other revenue that total \$1.0 billion. These revenues are primarily received for use towards the traditional costs of operating a school district such as funding school budgets, maintaining facilities, and supplementing instruction. Purpose and restrictions of revenues can vary by type and are discussed in more detail later in the chapter.

In addition to revenue, the general fund uses other available resources totaling \$141.2 million for the 2022-23 budget including transfers from other district funds or planned use of the fund balance. Many annual transfers from the district capital fund occur for specific capital fund eligible expenditures such as some major preventative maintenance of district facilities.

The following section is an explanation of each type of revenue and resource with the major changes anticipated between 2021-22 and 2022-23.

2022-23 Budgeted Resources by Type
percentages may not total to 100% due to rounding

State Funding – 59.3%

State funding provides the largest portion of district revenue at \$677.9 million or 59.3% of total resources. This amount includes both state general purpose funding and state special purpose funding. Overall, state funding is anticipated to decrease by \$1.1 million compared to 2021-22 based on an estimated reduction of students that occurred in 2020-21 and 2021-22 and is not anticipated to be fully restored next year.

State General Purpose Funding

State general purpose funding, or apportionment, accounts for \$526.4 million or 46.1% of total budgeted resources. Apportionment is calculated using the number of students attending our schools multiplied by a legislative funding formula. For 2022-23, state general apportionment is budgeted to increase \$5.4 million or 1.0% compared to 2021-22.

State General Purpose Funding Budget Changes	
2021-22 Budget	\$521.1M
General education enrollment decrease	(31.7M)
Staff salary costs	20.8M
Physical, Social, and Emotional Support Staff	7.2M
Materials, Supplies and Operation Costs (MSOC)	5.1M
Staff medical costs	3.0M
Staff pension costs	0.7M
Total Change	5.4M
2022-23 Budget	\$526.4M

Numbers may not add exactly due to rounding

State Special Purpose Funding

State special purpose funding provides \$151.5 million or 13.3% of total budgeted resources. State special purpose funding is designated for programs such as special education, English language learner education, student transportation, and education enhancements. Most of these revenues are provided for a specific program and are not available for other purposes. State special purpose funds are budgeted to decrease \$6.4 million or 4.1% compared to 2021-22.

State Special Purpose Funding Budget Changes	
2021-22 Budget	\$157.9M
Student transportation funding formula and riders	(9.5M)
General education enrollment decrease	(5.2M)
Child Nutrition Services	(0.2M)
Staff salary costs	3.8M
Special education Safety Net	2.0M
Physical, Social, and Emotional Support Staff	0.9M
Materials, Supplies and Operation Costs (MSOC)	0.8M
Staff medical costs	0.5M
National Board Certified Teacher bonus	0.2M
Staff pension costs	0.1M
Learning Assistance Program	0.1M
Total Change	(6.4M)
2022-23 Budget	\$151.5M

Numbers may not add exactly due to rounding

Local Levy Funding – 15.9%

Local operating levies approved by Seattle voters support general education programs and operations. Levy funds will provide \$181.5 million or 15.9% of budgeted resources in 2022-23 and are the second largest revenue source for Seattle Public Schools.

Beginning calendar year 2020, the maximum local levy amount the district can collect is student enrollment multiplied by \$3,000, adjusted for inflation. Operating levy revenue is anticipated to increase by \$11.6 million or 6.8% in 2022-23.

Local Levy Funding Budget Changes	
2021-22 Budget	\$169.9M
Levy formula enrollment and inflation	11.6M
Total Change	11.6M
2022-23 Budget	\$181.5M

Numbers may not add exactly due to rounding

Voter approved collection of total local levy amounts do not change after they are approved; however, the dollar rate of collection is adjusted as property values change. If property values increase, the dollar rate per thousand decreases. If property values decrease, the dollar rate per thousand increases.

Federal Funding – 6.7%

Federal funding provides \$76.3 million or 6.7% of Seattle Public School's resources. These monies fund programs such as Title I and Head Start. They also provide additional funding for special education programs and support free and reduced rate lunches in the food service program.

Elementary & Secondary School Emergency Relief (ESSER) funding is included in this resource group. This

funding is directed to offset the impacts of educating during the pandemic, as determined by our school board. Federal revenues may only be used for their specific program purpose.

Federal Funding Budget Changes	
2021-22 Budget	\$133.7M
ESSER State Stabilization	(63.3M)
ESSER Learning Loss	11.4M
Child Nutrition Services	(5.5M)
Title I Grant	(1.0M)
Special education Safety Net	0.9M
Total Change	(57.4M)
2022-23 Budget	\$76.3M

Numbers may not add exactly due to rounding

Other Revenue – 5.7%

Other revenue funding provides \$65.5 million or 5.7% of budgeted resources. Sources of this funding are described at right.

The \$21.8 million of local revenue reflects an increase of \$4.3 million in state revenue to child nutrition services. In 2021-22, the federal reimbursement model was temporarily changed to allow all students to receive free meals. This change increased federal revenue and decreased local revenue. In 2022-23, the

federal revenue model will change back, resulting in an increase to local revenue through paid meals for those students that do not qualify for free or reduced-price meals, and a decrease of federal revenue.

Other Revenue	
City of Seattle Families and Education Levy including grants supporting Family Support Workers, Nurses, and Educatory Diversity and Culturally Responsive Programing.	\$27.6M
Local revenue including rental and lease income from district properties, investment earnings, food service fees, gifts, and donations.	21.8M
City of Seattle Preschool Program	9.9M
Revenue from other agencies	6.2M
2022-23 Budget	\$65.5M

Numbers may not add exactly due to rounding

Other Resources – 3.5%

Other resources account for \$40.0 million or 3.5% of budgeted resources. For 2022-23, this category is entirely made up of specific general fund expenditures eligible for the capital fund.

The general and capital fund work closely to coordinate financing of overlapping work when eligible. For example, every year there is a plan for maintenance staff on the general fund working on daily critical maintenance of our facilities to

also spend a portion of their time supporting the capital funded construction, renovation, and upgrades of facilities. In this case the general fund plans on that time as a resource while the capital fund plans on that time as an expenditure, facilitated through an inter-fund transfer.

Other Resources	
Transfers for capital fund eligible expenditures	
Major Preventative Maintenance	\$11.0M
Ongoing Technology Support	10.8M
Technology Professional Development	8.1M
Software and Maintenance	7.4M
Instructional Technology Support	2.0M
Measures of Academic Progress (MAP) Licenses	0.6M
Facilities Technology	0.2M
2022-23 Budget	\$40.0M

Numbers may not add exactly due to rounding

Fund Balance – 8.9%

Fund Balance accounts for \$101.2 million or 8.9% of budgeted resources.

Fund Balance	
2020-21 and 2021-22 underspend to support ongoing programs	\$85.4M
Schools and central departments 2021-22 balances to be carried forward to 2022-23	15.8M
2022-23 Budget	\$101.2M

Numbers may not add exactly due to rounding

General Fund Expenditures

Where does the money go?

Seattle Public Schools records and reports its General Fund expenses through a Program-Activity-Object format as specified in the Accounting Manual for School Districts published by the Office of the Superintendent of Public Instruction (OSPI) in Washington State. Each expense is categorized with these classifications so that expenses may be viewed in different ways that describe the purpose of the expense. Changes in budget by category over time can result from new state coding rules, adjustments in district priorities, or reclassifications of district reserves and grant capacity. This does not reflect a reduction in services in the prior functions. The following is a summary of each expenditure format.

General Fund Expenditures	Actual 2020-21	% of total	Budget 2021-22	% of total	Budget 2022-23	% of total
By Program						
Regular Instruction	\$ 463,926,574	47.6%	\$ 503,872,430	44.9%	\$ 510,577,078	44.7%

Program Codes

Program codes describe the direct expenses using state defined programs (e.g. basic education, special education, school food services, etc.). State defined activity codes label expenses by the activities accomplished with the expense (e.g. teaching, counseling, maintenance, utilities, etc.). Certain activity codes, such as teaching, may be used with many programs, while other activities are restricted to a limited number of programs.

Activity Codes

Activity codes are divided amongst five activity group categories of operating expenditures and include the following description and summary detail of district expenditures within these categories.

Teaching – Teaching includes expenditures for teachers, educational assistants, extracurricular activities, and teaching supplies.

Teaching Support – Teaching support includes librarians, counselors, psychologists, health services, security officers, playground and lunch supervisors, coaches, and student safety personnel. Also included are textbooks, curriculum, instructional technology, professional development, assessment, and curriculum development.

Principal's Office – Principal's office (also called unit administration) includes principals, assistant principals, school office support, and school office supplies.

Other Support Activities – Other support activities include the cost of building operations, including grounds, building maintenance, custodial services, utilities, property management, property and liability insurance, technology services, printing, mailroom services, procurement, and warehouse services. This group also includes the expenses for school buses, Metro bus passes, and the food and operations of the district lunch and breakfast program.

Central Administration – Central administration includes the Superintendent, Deputy Superintendent and the Board of Directors. Also included are business and human resource services, communications, legal costs, and the supervision of the central departments mentioned above in Other Support Activities.

* Due to system limitations with our financial software program the budget for this state activity is included in staff salaries under various other activities with certificated staff. The district is planning to offer three days per certificated staff, funded by the state.

Object Codes

Object codes represent expenses in a way that describes the item or service that was purchased or performed such as salaries and benefits, supplies and materials, contract services, etc. Objects may be used in combination with nearly all program and activity codes. As anticipated expenditures change the budget by object is reviewed annually for alignment of expectations. For example, districtwide reserves and grant capacities may use object code salary reserves for expected use towards staffing while not always using a corresponding benefit reserve for medical, payroll taxes, etc. Budget changes do not necessarily reflect a plan to spend more or less in these areas from the prior year but rather an effort to budget more accurately in the proportions of anticipated expenditures.

2022-23 Budgeted Expenditures by State Object

percentages may not total 100% due to rounding

Note: Travel and Capital Outlay are not shown due to percentages totalina less than 1%

Object Codes	Actual 2020-21	Budget 2021-22	Budget 2022-23

Total Object Expenditures	\$ 973,784,864	\$ 1,122,797,766	\$ 1,142,449,116

Budget Capacity

The adoption of the budget limits the total spending of the district to a set amount. It is necessary to build room in the budget for potential unknown revenues called budget capacity. Included in the \$1.14 billion 2022-23 general fund budget is \$28.4 million of budget capacity: which are reserves not backed by revenue at this time.

Budget Capacity	
Potential underspend for schools and central departments to carry forward into 2022-23 from 2021-22	\$11.1M
New grants or grant funding increases received after the budget is adopted	8.8M
Estimate for self-help funds to allow schools and central departments to receive and expend funds collected in 2022-23	8.5M
2022-23 Budget	\$28.4M

Numbers may not add exactly due to rounding

Without this capacity, the district would need to go through the expensive and time-consuming process of formally requesting and filing a budget extension with the Washington State Office of Superintendent of Public Instruction (OSPI) each time one of the following events occurs:

- A need arises to use unanticipated prior year under-spend
- New funds are received such as new or increased grant awards
- Additional funding is granted from the state legislature after this budget is published

To allow the school board and staff to focus on educational issues, the district adds capacity to the budget, based on history and future estimates. The \$28.4 million of budget capacity for 2022-23 is included above. Budget capacity funds in 2022-23 are released for expenditures only when the final amounts from 2021-22 are known or if new funds are received in 2022-23.

Major Grants

District grant resources are projected to total \$143.8 million for the 2022-23 budget. The major contributors to grant revenues include state, local government, federal, gifts, donations, Parent Teacher Student Association (PTSA), and private foundation funding. Each grant carries its own set of rules and regulations determined by the grantor. Grants are intended to supplement, not replace, basic funding for district operations. This section reviews each type of grant revenue for 2022-23.

2022-23 Budgeted Grant Resources by Type

percentages may not total to 100% due to rounding

Grant Resource Types (in millions)	Actual 2020-21	Budget 2021-22	Budget 2022-23	\$ Change	% Change

Fund Balance	-	1.0	1.0	-	0.0%
Total Grant Resources	\$ 155.0	\$ 185.7	\$ 143.8	\$(41.9)	(22.5%)

Federal Grants – 45.3%

The largest portion of the district's grant revenue is from federal formula grants at \$65.1 million.

Federal grantors include the U.S. Department of Education, National Science Foundation, and National Endowment for the Arts. Many federal grants, such as Titles of the Elementary and Secondary Education Act (e.g., Title I, Part A) may be "passed through" to the district from the primary grantee recipient within the state such as the Office of Superintendent of Public Instruction (OSPI). Major federal grants include the following:

- ESSER, Elementary and Secondary School Emergency Relief, is directed to offset the impacts of educating during the pandemic, as directed by our school board. ESSER is a major decrease in federal grants for the 2022-23 school year, as the district used much of the award to fund activities in 2020-21 and 2021-22.
- Title I, Part A supports our highest poverty elementary, middle, and high schools to provide additional academic support. Title I, Part A is allocated to schools based on the number of students qualifying for Free or Reduced-Price Lunch (FRL) at each building. Elementary schools with 35% or higher FRL, middle schools 65% or higher FRL, and all schools with 75% or higher FRL receive a Title I allocation. Schools typically use Title I, Part A to budget literacy and math intervention teachers, after school, Saturday school or summer school programs, and other supplemental services. Title I, Part A also supports district- and building-level professional development and parent engagement activities.
- Individuals with Disabilities Education Act (IDEA) allows the district to provide early intervention, special education, and related services for students with disabilities. The district provides services that are based on student Individualized Education Programs (IEPs). Under IDEA, our district is mandated to provide Comprehensive Coordinated Early Intervening Services (CCEIS) that use 15% of IDEA funds to support activities that address factors, policies, practices, or procedures contributing to significant disproportionality among student groups served through IDEA.
- Title II, Part A funds provide teachers with professional development and coaching to improve the quality and effectiveness of our educators.
- Federal Title III, Part A, funds provide additional support for multilingual learners as well as culturally-relevant language services for American Indian/Alaska Native students.
- Title IV, Part A program provides funding to improve student academic achievement by increasing the district's capacity to improve conditions for student learning in line with the district's strategic plan.
- The Migrant Education program uses the Title I, Part C grant to support students by providing academic programs, instructional training, health programs, academic counseling, family home visits, and leadership opportunities.
- Title VI Indian Education Formula Grant program provides instructional support to Native American, Alaskan Native, and American Indian students in grades K-12.

-
- Head Start is a child development program for low-income children and their families. The Head Start programs serve three-year and four-year-old children, offering full-day and half-day programs at various schools in the district.
 - Additional federal formula grants include: Title I, Part D; Title III, Carl Perkins; and the ESEA Priority and Focus school grants.

In accordance with Title IX, Part E equitable service rules, the district must use a portion of federal formula grants to provide services to eligible private school students and teachers in Seattle.

Local Government – 27.4%

The second largest grant revenue source is from local governments, including the City of Seattle and King County, totaling \$39.4 million. Much of this funding is support from the City of Seattle Family, Education, Preschool, and Promise Levy (FEPP).

Family, Education, Preschool and Promise Levy

In 2018, voters approved a seven-year Family, Education, Preschool, and Promise Levy (FEPP) to support Seattle youth that extended and expanded the previous Families and Education Levy. Schools apply to receive FEPP grant dollars and propose their own outcome and indicator targets based on the needs of their students.

Twenty elementary and K-8, five middle, and five high schools will receive funding in the 2022-23. Schools budget these funds for additional staff and contracts with community-based organizations to help with student attendance, academic support in math and reading, as well as supporting enrichment time before and after school.

City of Seattle Preschool Program

The Seattle Preschool Program (SPP) levy, approved by voters in 2014, created a program to open and operate additional preschool classrooms funded directly by the City. The district was chosen as a partner provider, and plans to operate thirty-six SPP classrooms in our elementary schools for 2022-23.

State Grants – 21.3%

The district budgeted \$30.7 million granted by various state agencies such as OSPI, the Department of Social and Health Services, and the Employment Security Department. These grants are a part of the over \$677 million the district receives from the state in basic and special education funding.

Learning Assistance Program

The state has granted the district \$20.6 million in Learning Assistance Program (LAP) funds. LAP primarily funds services for kindergarten through 4th grade students whose test scores place them below grade level in reading and math. Elementary schools typically use their allocation to provide one-to-one or small group instruction in reading and math.

LAP also supports 5th through 12th graders performing below grade-level in math, reading, and writing. Secondary schools may fund additional sections of core courses for 11th and 12th grade students who need to repeat a class to graduate, or extended-day and extended-year tutoring programs.

Schools where at least 50% of students qualify for the Free and Reduced-Price Lunch program receive an additional High Poverty LAP allocation. For the 2022-23 school year, thirty-four schools will receive funding from the LAP High Poverty School allocation. This allocation may be used for all LAP allowable expenditures with a focus on extended day services, extended year services, or social-emotional supports.

Gifts, Donation, PTSA – 2.9%

This portion of district grant revenue is primarily from school-based Parent Teacher Student Association (PTA/PTSA) groups across the district totaling \$4.2 million.

Private Foundations – 2.4%

Private foundation grant funding totals nearly \$3.4 million and supports students directly in schools as well as districtwide support services.

Fund Balance – 0.7%

The district fund balance includes an assigned use of \$1.0 million to manage any unspent grant balances from 2021-22 that can be used in 2022-23.

Department and Program Budgets

The following pages provide details on department budgets. Departments are grouped together based on the type of services provided.

Budget Summary by Division

General Fund Budget

- \$1.14 billion

Schools and Continuous Improvement

- \$676.6 million
- 59.2% of general fund

School Allocation

- 609.2 million

School Reserves

- 62.0 million

District Departments

- 5.4 million

Schools and Continuous Improvement

Schools and Continuous Improvement includes the budgets for 104 schools, Expanded Learning, and the Directors of Schools.

Alignment with the Goals and Guardrails

- For the 2022-23 school year, Continuous School Improvement Plans (CSIPs) will outline how the school's resources and work support the goal(s) applicable to their grade band and one guardrail to focus work on.
- Expanded Learning aligns programming offered during the summer to support students to achieve the goals.
- Allocate additional support staff (nurses, social workers) to schools (Guardrail 4)

Budget Summary

The total budget for Schools and Continuous Improvement is \$676.6 million, which is 59.2% of the budget.

The \$676.6 million in the Schools and Continuous Improvement budget includes: 1) staff and other resources managed directly by the schools, 2) reserves held for the schools, and 3) the budgets for central departments that report to the Executive Director of Schools and Continuous Improvement.

The funding provided to and managed by the schools totals \$609.2 million and makes up 90.0% of the Schools and Continuous Improvement budget. The 9.2% reserves includes Weighted Staffing Standards (WSS) funds set aside for start of school adjustments, anticipated self-help and WSS carry forward, and capacity for new grants that may be received throughout the year. Of the \$676.6 million directed towards Schools and Continuous Improvement, central departments manage 0.8% or \$5.4 million.

Budget Expenditures by Activity

Central Administration

Department budgets include \$3.2 million to pay for directors of schools, who provide leadership to the 104 schools, principal leadership coaches, and the positions that coordinate expanded learning.

Teaching

\$1.3 million of the central schools and continuous improvement budget falls under teaching activities. \$508K is planned to support expanded learning and \$520K from the state Learning Assistance Program (LAP) is planned for tutoring and social emotional support in schools.

Teaching Support

The central departments that make up Schools and Continuous Improvement have \$675K budgeted for teaching support. This funds positions that provide technical assistance to schools in the execution of their CSIPs.

Understanding State Activity Codes

Teaching

includes teachers, instructional assistants, extra-curricular and teaching supplies.

Teaching Support

includes librarians, counselors, nurses, curriculum and professional development for teachers.

Central Administration

provides supervision of instruction and includes managers, directors and executive leadership.

Principal's Office

includes the Principal and Assistant Principal.

Other Support Activities

Includes nutrition services, transportation, utilities and security.

Budget History by Department

Schools and Continuous Improvement	Actual 2020-21	Budget 2021-22	Budget 2022-23

Total	\$ 645,250,423	\$ 722,325,303	\$ 676,622,434

Reserves

Reserves are budgeted for specific purposes during budget development but are later distributed to the school or department where expenditures will occur. For this reason, reserves are listed here as budget, but often will show very low or zero actual expenditures. The reserves reflected here are specific to those that are held for schools. Throughout the school year, budget is transferred to the accounts where it will be spent. For example, planned school carry forward is transferred to school budgets after the prior fiscal year ends.

Notable Changes

COVID Response Resources

COVID Response Resources reflects money from the ESSER grants originally budgeted in one central department, used for pandemic response across the district, including testing, contact tracing, enhanced cleaning, personal protective equipment (PPE), and air quality improvements. During FY2021-22 and continuing into FY2022-23, this budget was distributed to the schools and central departments doing the work. For next fiscal year, the district plans to spend \$16.8 million, which will be spent on learning recovery, student safety, and wellness and supports including the districtwide covid Rapid Response Team.

Labor Costs (substitutes, medical and pension costs)

This increase of labor costs reflects a return to normal practices, back from remote work.

General Fund Budget

➤ \$1.14 billion

Operations

➤ \$196.7 million

➤ 17.2% of general fund

Operations

The departments that make up Operations ensure students are able to consistently access learning in clean, safe, and well-maintained schools. Operations includes all aspects of facility management from maintenance of buildings and grounds to security and custodial services at school campuses and athletic venues. Transportation, nutrition, utility services, district-wide technology support, mail, copiers and printing, warehousing, and distribution of equipment are also included in this section.

Alignment with the Goals and Guardrails

- Work is foundational to supporting the Strategic Plan priority area for predictable and consistent operations
- Provides student safety services (Guardrails 4 and 5)
- Provides clean, fully functioning buildings and food (Guardrail 5)

Budget Summary

The total budget for Operations is \$196.7 million, which is 17.2% of the general fund budget.

Budget Expenditures by Activity

Other Support Activities

Of the \$196.7 million budgeted for Operations, 90.4% or \$177.8 million is planned in state activity codes that fall under 'other support activities.' Other support includes transportation services, technology, building and grounds maintenance, school lunch and nutrition, custodial services, security, and utilities.

Central Administration

Department budgets include \$9.2 million for the management and oversight of districtwide operations, including routing student buses, coordinating building maintenance projects, and scheduling school cleaning.

Teaching Support

The budget includes \$8.3 million assigned to the state activity for teaching support. \$3.1 million of this is for pupil safety that includes security staff at schools, intervention associates, special education bus supervisors, and school crossing guards.

Additionally, \$1.8 million pays for professional development provided by the Digital Learning Team and school-site Educational Technology Leaders that work together to collaborate with teachers, administrators, and students to enrich teaching and learning with technology.

Budget % by State Activity Code

Warehouse & Distribution	2,082,133	2,273,144	2,365,857
Total	\$ 118,284,893	\$ 165,057,225	\$ 196,717,812

Notable Changes

Assistant Superintendent of Operations

Responsibility for school operations moved from the Schools & Continuous Improvement to the Assistant Superintendent for Operations during 2021-22. One director of school operations position was transferred to the Assistant Superintendent for Operations budget.

Student Transportation

The Transportation Department budget increases represent a return to normal business practices and full in-person learning. The 2020-21 actual expenditures and the 2021-22 budgets are unusually low due to pandemic protocols, including remote learning in 2020-21 and the support of federal ESSER funding in 2021-22.

General Fund Budget

- \$1.14 billion

Student Supports

- \$114.2 million
- 10.0% of general fund

Student Supports

Student Supports offers programs to support our students as whole children. In addition to coordinating academic programs for students with unique learning needs, Student Supports oversees Coordinated School Health and Athletics.

Alignment with the Goals and Guardrails

- Provides additional supports to students with IEPs and in advanced learning to meet the goals
- Provides social emotional supports for students (Guardrail 4)
- Leads training and work in safe and welcoming environments (Guardrail 5)

Budget Summary

The total budget for Student Supports is \$114.3 million, which is 10.0% of the general fund budget.

Budget Expenditures by Activity

Teaching Support

The \$58.0 million budgeted for teaching support includes counseling, health services, student safety, and professional development activities. \$38.1 million is planned for student therapy provided by psychologists, speech therapists, occupational therapists, and physical therapists. Another \$11.2 million is planned for school-based family support workers and nurses that are managed centrally. This budget also includes funding for health education training, prevention and intervention coordinators, and consulting teachers.

Teaching

The Student Supports budget includes \$42.3 million for staff, materials for assessments and instruction, and in-class support for students. Teaching activities in the Special Education department include \$34.7 million funding one-to-one instructional assistants, itinerant teachers for students who are deaf, hard of hearing or have vision impairments, teachers for summer school, the clinical behavior support program, and transition programs for 18-21 year-old students.

Central Administration

\$14.0 million is budgeted for positions responsible for coordinating solutions for complex special education issues, supervising districtwide health services including school nurses, and guiding schools in the delivery of behavioral supports and social emotional learning.

Understanding State Activity Codes

Teaching

includes teachers, instructional assistants, extra-curricular and teaching supplies.

Teaching Support

includes librarians, counselors, nurses, curriculum and professional development for teachers.

Central Administration

provides supervision of instruction and includes managers, directors and executive leadership.

Principal's Office

includes the Principal and Assistant Principal.

Other Support Activities

Includes nutrition services, transportation, utilities and security.

Total	\$ 93,958,676	\$ 96,619,974	\$ 114,272,013

Notable Changes

Assistant Superintendent of Student Support

The Assistant Superintendent for Schools and Continuous Improvement was reclassified to Associate Superintendent of Schools and Student Support during 2021-22 and moved to the Student Supports budget. A project manager and executive administrative assistant position also transferred from Schools and Continuous Improvement to the Student Supports budget. Partial funding for one executive administrative assistant and the student supports director was transferred from the Advanced Learning budget.

Athletics

The athletics budget increased by \$424,000 to maintain transportation and security services for high school sports. Through the Family, Education, Preschool Promise (FEPP) levy, the City of Seattle is providing \$600,000 of support for middle school athletics.

Coordinated School Health

Coordinated Health Services department is operating increased and new local and federal grants. These grants enhance the district's work responding to student mental and physical health needs, including response to traumas, reduced disparities for African American males, and improved climate and culture in school communities.

McKinney-Vento/Homeless Support

Federal grant funding increased by \$270,000 to support the educational needs of children and youth experiencing homelessness.

General Fund Budget

- \$1.14 billion

Academics

- \$66.1 million
- 5.8% of general fund

Academics

Academics includes the departments reporting to the Assistant Superintendent of Academics that provide curriculum, assessment, instruction, multilingual, and early learning services

Alignment with the Goals and Guardrails

- This division directly supports the three goals through curriculum and assessments, and goal and guardrail measures
- Provides additional supports to our youngest learners and to our English Learner students to meet the goals

Budget Summary

The total budget for Academics is \$66.1 million, which is 5.8% of the general fund budget.

Budget Expenditures by Activity

Teaching

Of the \$66.1 million budget for Academics, \$43.4 million or 65.6% is planned for teaching activities. This includes additional Career and Technical Education (CTE) teachers, visual and performing arts teachers, and funding for the Head Start and Running Start programs. This also includes \$19.0 million funding school-based bilingual instructional assistants and additional bilingual teachers.

Teaching Support

The central departments that make up academic services have \$14.0 million budgeted for teaching support. This includes funding for curricula development, professional development, and student assessment.

Central Administration

Department budgets include \$8.7 million that funds the development and implementation of collaborative professional development in subject areas such as physical education, visual and performing arts, science, literacy, math, and international schools. Central administration includes the staff that manage Head Start and Early Learning department preschool programs, the testing and assessment work surrounding the Scholastic Assessment Test (SAT) and Pre-Scholastic Assessment Test (PSAT), and the researchers and analysts that conduct districtwide program evaluation, performance measurement, and survey design.

Total	\$ 55,719,390	\$ 65,038,567	\$ 66,136,546

Notable Changes

Curriculum, Assessment, and Instruction

The curriculum, assessment, and instruction (CAI) budget has increased from 2021-22 largely due to an internal reorganization of programs. The staff and operational budget for Ethnic Studies and Black Studies programming was moved from our strategic goals department into CAI to acknowledge its presence in our ongoing budget and connection to the work of CAI.

Instructional Content Areas

These content area department budgets include numerous large local, state, and federal grants to support teacher training. Most of the grant award cycles do not coincide with the district budgeting timeline so this adopted budget does not reflect all the grant activity. This tends to look like large changes from prior years, though in practice the work of the content areas is not planned to shift.

General Fund Budget

- \$1.14 billion

Districtwide Leadership

- \$26.3 million
- 2.3% of general fund

Districtwide Leadership

Districtwide Leadership includes the Board of Directors, the Superintendent, and the department of African American Male Achievement (AAMA). It also includes the budgets for Equity, Partnerships, and Engagement, the Department of Racial Equity Advancement (DREA), and the strategic goals.

The departments that make up Districtwide Leadership lead the implementation of districtwide goals, collaborating across the district with internal and external stakeholders to disrupt the legacies of racism in our educational system and ensure every student graduates prepared for college, a career, and community participation.

Alignment with the Goals and Guardrails

- Funding for the AAMA, which represents and focuses on students at the center of our work
- Major areas of work support Guardrails 1,2 and 3 to ensure initiatives have followed engagement principles, implementation of only programs that prioritized educational and racial equity, and oversight and expectations for adult behaviors
- Provides professional development that supports racial equity work in Guardrail 3
- Oversees stakeholder engagement work in Guardrail 1

Budget Summary

The total budget for the departments included in Districtwide Leadership is \$26.3 million, which is 2.3% of the general fund budget.

Budget Expenditures by Activity

Central Administration

Districtwide Leadership is primarily an administrative function, and, as a result, \$17.1 million or 65.2% of their budget is assigned to the state activity code for central administration. This funds the senior leadership team, districtwide legal costs, and school board elections.

Teaching Support

The leadership budgets include \$7.3 million for teaching support. \$5.3 million is in the strategic goals budget, supporting early literacy strategies such as Summer Institute and professional development on literacy assessment tools. \$1.6 million represents Student Case Managers focused on keeping students in school and on track for academic success.

There is \$1.2 million budgeted in the AAMA department that is coded to the state activity for teaching support and will provide direct supports to African American boys and young men, including mentorship programs. For example, the Kingmakers of Seattle program provides elective sessions for Black male students, facilitated by Black male educators, and emphasizes black history, cultural knowledge, positive self-identity, literacy and academic mentoring.

Teaching

There is \$1.8 million coded to the state activity for teaching. This funding includes \$1.1 million in the strategic goals budget that pays for literacy instructional materials, and math assessment tools. This budget also provides funding for stipends, professional development and extra-time to school staff participating in the Race and Equity Teams.

Understanding State Activity Codes

Total	\$ 20,624,375	\$ 25,637,336	\$ 26,228,528

Notable Changes

AAMA/Strategic Plan

Previously the AAMA budget was housed within the Strategic Plan budget. Budget changes here reflect moving the AAMA work to a stand-alone budget organization.

Deputy Superintendent

The Office of Strategy Deployment and Responsiveness (SDR), added in the summer of 2021 to support schools and school leaders as the district returned to full in-person teaching, is now a part of the Deputy Superintendent budget. The SDR office works to bring strategic alignment and coherence to district initiatives in support of student outcomes.

School Board

The School Board budget funds election costs and therefore fluctuates from year to year, depending on the upcoming election schedule. The election cycle beginning Summer 2023 is included in this budget.

General Fund Budget

➤ \$1.14 billion

Human Resources

➤ \$19.1 million

➤ 1.7% of general fund

Human Resources

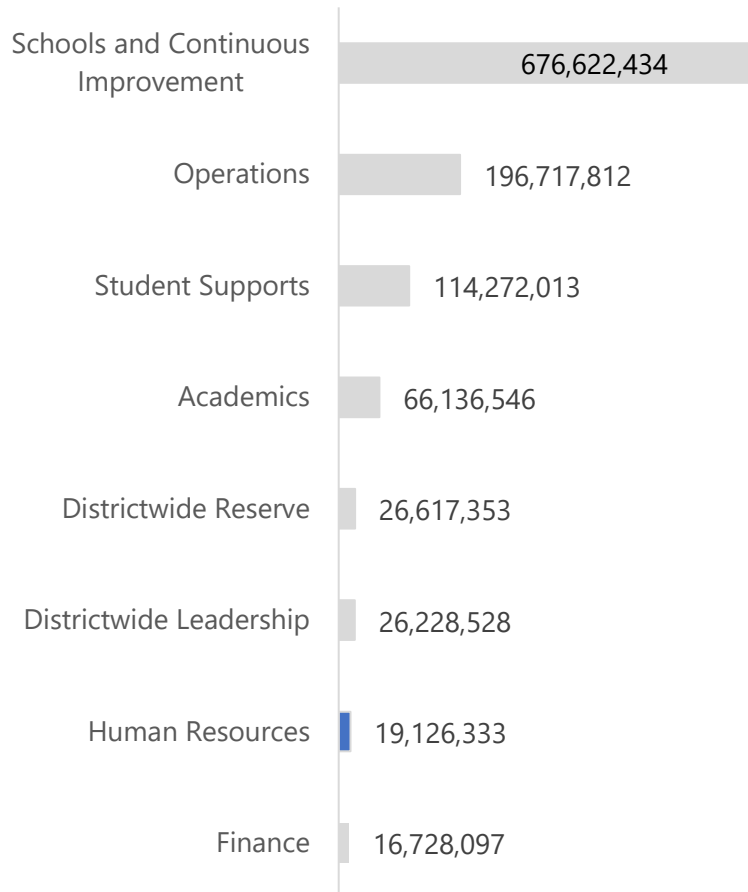

Human Resources works with schools and central partners to attract, develop, and retain a highly skilled, motivated, and diverse workforce. This work includes hiring and recruitment, compensation, collective bargaining, benefits administration, administration of substitutes, and professional development of instructional staff.

Alignment with the Goals and Guardrails

- Provides support for expectations for adult behavior to be aligned to districtwide vision, values and anti-racism initiatives (Guardrail 3)
- Work is foundational to supporting the Strategic Plan priority area for culturally responsive workforce

Budget Summary

The total budget for the departments in Human Resources is \$19.1 million, or 1.7% of the general fund budget.

Budget Expenditures by Activity

Central Administration

The Human Resource departments include \$11.2 million that is coded to central administration. This includes the directors, analysts and business partners that hire teachers, negotiate contracts, and review compensation. It also includes staff who manage the district's various professional development programs and a third-party administrator who provides support services for employee benefits.

Teaching Support

The teaching support budget within HR is \$7.9 million. Included are activities related to teacher and instructional assistant professional development as well as the Office of Student Civil Rights. This budget supports the Peer Assistance and Review (PAR) initiative which promotes high quality teachers and leaders by providing professional development to teachers and principals. It is composed of peer mentors funded with levy and federal dollars; the Beginning Educator Support Team (BEST) grant funded by the state, and the Teacher/Principal Evaluation Program (TPEP) grant also funded by the state. This budget supports the Career Ladder Teacher program.

Budget History by Department

Human Resources	Actual 2020-21	Budget 2021-22	Budget 2022-23
Staff Development	\$ 7,808,147	\$ 7,782,997	\$ 8,307,731

- \$1.14 billion

Finance

- \$16.7 million
- 1.5% of general fund

Finance

The Finance budget includes the departments that report to the Assistant Superintendent of Business and Finance, including Accounting, Budget, Risk Management, Grants Coordination, Contracting and Purchasing.

Alignment with the Goals and Guardrails

- Similar to the Operations division, the work performed in this division is foundational to supporting the Strategic Plan priority area for predictable and consistent operations
- Budget and grant work supports Guardrail 2 of prioritizing programing that supports educational and racial equity
- Participatory Budgeting supports Guardrail 1 regarding engaging students and families of students furthest from educational justice

Budget Summary

The total budget for Finance is \$16.7 million, which is 1.5% of the general fund budget.

Budget Expenditures by Activity

Central Administration

The budget includes \$9.6 million that is coded to central administration. This funding pays for payroll specialists and accounting staff who work to ensure the district runs smoothly and efficiently. These functions support schools and ensure that employees receive their paychecks, bills are paid, and budgets are balanced.

Other Support Activities

There is \$5.7 million coded to other support activities, which pays for the district insurance premiums.

Teaching Support

The budget includes \$877K coded to teaching support that funds consulting teachers on the grants coordination team that provide support to schools for LAP and Title spending.

Teaching

The \$485K that is coded to the teaching activity are federal Title funds for eligible students and teachers in private schools that fall within the district's boundaries.

Understanding State Activity Codes

Teaching

includes teachers, instructional assistants, extra-curricular and teaching supplies.

Teaching Support

includes librarians, counselors, nurses, curriculum and professional development for teachers.

Total	\$ 13,620,997	\$ 14,128,289	\$ 16,728,097

Notable Changes

Assistant Superintendent of Business and Finance

The Assistant Superintendent of Business and Finance has increased funding to support the ongoing participatory budgeting work. Participatory budgeting aims to improve engagement with students and families furthest from educational justice in the district budgeting process.

Risk Management

For 2022-23 there is a 25% increase in the cost to purchase insurance against major property and liability claims. Rising insurance costs are a national trend, due to increased property damage claims from more frequent and severe natural disasters and larger liability settlements.

General Fund Budget

- \$1.14 billion

Districtwide Reserve

- \$26.6 million
- 2.3% of general fund

Districtwide Reserve

The districtwide reserve budget is \$26.6 million, or 2.3% of the general fund budget.

During the 2022-23 school year, reserves may be distributed to schools and departments as the need for additional spending authority is authorized.

Joy Paola, 11th Grade, "Untitled", Lincoln High School

SCHOOL BUDGETS

School Funding
Nursing Resources
Student Enrollment
School Budgets Summary

School Funding

How Schools are Staffed and Funded

Allocation Model

The district allocates staffing and discretionary budget to schools based on the number of students and student group characteristics. School allocations are determined by the district's Weighted Staffing Standards (WSS) model. The WSS model uses projected enrollment numbers to determine the number of instructional staff necessary to meet the district's student to teacher classroom targets. The model also allocates discretionary funding and non-instructional staff such as administrators, office staff, social workers or counselors, and librarians. The discretionary funding allows each school to customize their budget to meet their unique needs, and can be used for additional staffing, supplies, curriculum, or professional development.

Student Group Characteristics

The WSS model bases some allocations on projected counts of students who have multilingual status (also called English Learners or EL), receive special education services, and/or qualify for Free and Reduced-Price Lunch (FRL). The level of poverty in a school as measured by the FRL count can affect both staff, through K-3 class size ratio funding, and discretionary funding received at a school, through their Equity Dollars allocation. The district also uses poverty indicators to allocate district-wide grants such as Title I and Learning Assistance Program (LAP). Schools with a high number of students needing extra academic or emotional support may receive additional staff in the form of counselors or social workers.

Why do schools with similar enrollment have different allocations?

Student characteristics vary from school to school. The WSS model uses not only the total number of students, but also weighting factors such as poverty and the presence of special needs programs, which can affect allocation of both staff and discretionary resources. For example, schools receive a portion of their funding based on the number of students enrolled in the FRL program, resulting in more funding allocated to schools with higher numbers of FRL-eligible students. The table below demonstrates how student characteristics leads three sample elementary schools with similar enrollment to have different allocations.

	School 'A'	School 'B'	School 'C'
Basic Education Enrollment	307	306	309
District Equity Tier	Tier 4	Tier 4	Tier 2
% FRL Students	11%	15%	84%
# of FRL Students	34	49	266
# of K-5 Special Education Students	16	36	55
# of EL Students	19	30	117
Total WSS Allocation	\$3,063,620	\$3,914,944	\$4,989,159

Teacher-Pupil Ratios and Class Size

Since 2011-2012, the state funds schools according to a “prototypical model” that dictates the number of staff needed according to the number of students. Along with the prototypical model, the state began phasing in lower class sizes for K-3 students. Funding to lower class sizes for grades K-3 began in schools with the highest poverty rates. As of the 2017-18 school year, all grade K-3 students generate funding from the state at a ratio of 17:1. The district must demonstrate an actual pupil to teacher ratio for grades K-3 that is at or below 17:1 to maintain the funding.

Grade Level	District-funded Class Size			Specialists (PE, Music, Art)	Actual Pupil/Teacher Ratio	State Allocated Ratio
	Non-High Poverty	High Poverty	Very High Poverty			
Grade K	20	18	18	12.50%	16-17.8	17
Grade 1	20	18	18	12.50%	16-17.8	17
Grade 2	21	20	18	12.50%	16-18.7	17
Grade 3	24	20	18	12.50%	16-21.3	17
Grades 4-5	28	n/a	n/a	12.50%	24.9	27
Grade 6	30	n/a	n/a	20%	25	27
Grades 7-8	30	n/a	n/a	20%	25	28.53
Grades 9-12	30	n/a	n/a	20%	25	28.74

Why is my child’s class larger than the state funded ratios?

The funded teacher-pupil ratio is not the same as class size. The Office of Superintendent of Public Instruction (OSPI) has interpreted the teacher to pupil ratios to include all teachers of students, not only homeroom teachers. In simplest terms, a student is served by more than one teacher during each school day, and those additional teachers are included to calculate the teacher-pupil ratio. Many of these additional teachers are art, music, PE, and other specialists.

Example: A group of nineteen 1st grade students spend time with art, music, and PE teachers during the week, amounting to approximately 1/8th of a school week or 0.125 additional teacher time. The nineteen children in the classroom are therefore served by 1.125 teachers. 19 students divided by 1.125 teachers meets the 17 to 1 ratio.

Resources Above the Model

Seattle's schools have many unique needs, due to the variety of programs and student demographics within the district. The WSS model allocations are intended to provide the foundation for school operations, with some additional resources according to student groups within the school as discussed above. Other district resources are used to address other unique academic needs of each school.

Schools that operate specific program models, such as International Programs, Advanced Placement, International Baccalaureate, or Technology Access Foundation (TAF) may receive additional support over and above the WSS model. Such "above model" support can be provided in the form of added teachers, counselors or other staff, or additional discretionary funding so that schools can support these programs.

Grants and Donations

Grants and donations can also cause schools with similar enrollment and student characteristics to have dissimilar levels of staffing and discretionary funding. Resources from district-level grants, such as federal Title I, Part A or the state funded Learning Assistance Program (LAP), are distributed to schools based on the requirements of those grants (generally, FRL-eligibility and the number of students not meeting academic standards).

Schools may receive individual grant awards or donations during the year that supplement the resources allocated through the WSS model. Grants are generally made with a specific purpose in mind and use of those resources must conform to the intent of the grantor.

Do Allocations Change During the Year?

Once allocations are determined in early Spring, those allocations generally do not change substantially during the year. The two times of year that enrollment numbers are reviewed (June projections and actual student headcounts in October), school staff allocations are analyzed and allocations may be adjusted. Occasionally a school's staffing may need to be adjusted later in the year due to a significant change in general enrollment or students receiving special services. These changes are addressed as they occur.

Support to Schools Funded Centrally

In addition to the funding supplied directly to schools through the WSS model, above model, and from grants, the district provides support to each school through student support services. These support services are managed centrally to reduce the administrative burden on the schools.

Staffing is managed centrally for nurses, school and staff safety personnel, pupil transportation, student nutrition, custodial, and maintenance services. Additional teachers for instrumental music, creative arts instruction, career and technical education, Native American education, and Proyecto Saber programs are funded centrally. Some bilingual and special education services are also funded centrally, including additional bilingual teachers and instructional assistants, audiologists, occupational therapists, physical therapists, psychologists, staff and equipment for deaf and hard of hearing students, medically fragile students, and students transitioning to employment programs.

Understanding the Individual School Budgets

The following pages show the individual budgets for each school. Total AAFTE (Annual Average Full Time Enrollment) is shown as the projected AAFTE at the time the budget was recommended. Special Education and Bilingual Education counts are an estimate of average annual headcount for those programs. FRL student counts are as of January 2022.

Budget Per Student

A per-pupil funding rate is included in the individual school budget pages. This is a calculation of the total resources budgeted at each school for grades K-12, divided by the projected K-12 student AAFTE. Allocations for preschool programs are not included in the per-pupil calculation. Total non-grant allocations to schools use average salaries, and do not reflect actual salaries that will be paid during the year.

It should be noted that the resource dollars used in the per-pupil calculations do not include additional resources deployed to schools from central district budgets as detailed above.

Dollars for preschool programs may be included in total resources for some schools, however preschool students are not included in the K-12 enrollment. Preschool allocations are excluded from the per-pupil calculation.

Nursing Resources

Nursing resources are allocated to schools through the Weighted Staffing Standards (WSS) model. The funding for these and other nursing positions is part of the Coordinated School Health budget.

See the table below for the distribution of nursing FTE (Full Time Equivalent) resources by school for the 2022-23 budget. This table includes both Certificated (RN) and Classified (LPN) nurses.

Classified Nurses

The district has planned additional classified nursing staff to support schools, based on student needs (e.g., medical transport, high numbers of medically complex students, McKinney-Vento status, school Equity Tier). Classified nurses work in collaboration with the assigned school nurse as a member of the care coordination team to support the whole child. Classified nurses provide direct nursing services like daily medication, tube feeding, deep suctioning, or diabetes treatment. Classified nurses assist the school nurse with completing mandated tasks such as performing health screening and entering immunization data into the state registry system (WAIS).

Nineteen classified nurse positions are in the 2022-23 budget to provide an additional level of student health services delivery to schools. These positions are listed at the bottom of the table. The classified nursing service delivery model is flexible, and day to day FTE allocation may change in response to student enrollment, student requirements, or other health services need. Five classified FTE are budgeted to provide support for a district-level COVID rapid response team, eight to provide support services outlined in Special Education and Section 504 plans, and six are planned to increase the level of health service delivery in schools, with 1.0 FTE high school, 1.0 FTE middle school/K-8, and 4.0 FTE elementary.

Student Enrollment

What is meant by “enrollment”?

The term “enrollment” refers to the number of students served in the district. Enrollment drives much of the way the district is funded, and subsequently how the district funds schools. Three methods of counting enrollment are most often used for reporting and budget development:

Headcount Enrollment

Headcount reflects the total number of students at a specific point in time, generally the first school day of each month. Each individual student enrolled is counted as “1” for headcount (e.g. the total number of individual students). Headcount is useful for determining classroom capacity.

Full Time Equivalent (FTE) Enrollment

Full Time Equivalent enrollment is based on a state-defined minimum of 1,665 weekly instruction minutes for grades K-12. A student enrolled for less than that minimum is counted as a partial FTE student, less than the “1” in headcount. For example, a secondary student enrolled at a high school only four days (1,332 minutes) a week counts as 0.80 FTE

Annual Average FTE (AAFTE) Enrollment

Annual Average Full Time Equivalent enrollment is the yearly average of the monthly FTE from September to June. Since the average changes slightly as enrollment is counted month to month, the year’s AAFTE is not confirmed until the school year ends.

The side bar compares headcount, FTE, and AAFTE for the previous school year. AAFTE is lower than headcount due to students who may not spend their whole day enrolled in the district, often for college classes, jobs, or other opportunities. For example, AAFTE does not include Running Start students enrolled in courses at local colleges and vocational schools or Dropout Re-engagement FTE.

**Per final OSPI 1251 reports for
2020-21

How Enrollment Generates Funding

The state Office of Superintendent of Public Instruction (OSPI) uses our AAFTE as the basis for funding basic education. We also report specific enrollment sub-sets that may drive additional funding over total enrollment. Student enrollment in Alternative Learning (ALE), Career and Technical (CTE), and Skills Center programs are included in the basic education enrollment for funding. Students receiving special services, such as special education and multilingual instruction, are first included in the basic education enrollment funding, and counted again for the state funding for those services.

The table below reflects the district's AAFTE for regular education, career and technical education (CTE), skills center programs, and alternative learning education (ALE).

State-funded Basic Education	Annual Average FTE (AAFTE)					
	Actual 2018-19	Actual * 2019-20	Actual 2020-21	Budget 2021-22	YTD ** 2021-22	Budget 2022-23
Kindergarten	4,660	4,667	3,927	4,594	4,012	4,231
Grades 1-5	22,605	22,506	21,414	20,665	19,888	19,359
Grades 6-8	11,650	11,906	11,921	11,704	11,198	10,862
Grades 9-12	13,278	13,659	13,962	14,413	14,463	14,296
(Sub-Total)	52,193	52,738	51,224	51,376	49,561	48,748
Summer School	62	16	48	36	n/a	36
Total K-12 AAFTE	52,255	52,754	51,272	51,412	49,561	48,784

Includes Alternative Learning (ALE) students; does not include Running Start and Dropout Re-engagement.

** 2019-20 School Year through March 2020 only; 7 month average only*

*** Per State projections through April 2022 for the 2021-22 school year*

Enrollment Projections

The district uses historic and current information to estimate the number of students we expect to enroll in the coming year. Initial enrollment projections at the beginning of the calendar year are used to develop the recommended budget. Projections continue to be refined and modified up to the start of school.

The projection model created by the district's enrollment planning department is primarily based on the number of state-reported students from the prior year. The model also includes variables such as the historic rate of returning students, school boundary changes (including population growth or shrinkage), program placement, rate of students choosing to attend different schools, non-resident students, birth rates, and building capacity.

Enrollment Planning starts with an estimated October headcount for the upcoming year, and then projects the Annual Average Full Time Equivalent (AAFTE). A late spring revised projection considers the results of open enrollment for School Choice and any significant increases or decreases in assigned students from what was initially anticipated for each school.

How Enrollment is used for School Allocations

The district calculates school budget allocations using projected AAFTE. These projections are based on an estimated October headcount for the upcoming year and adjusted by AAFTE factors. These factors are based on historic differences between AAFTE and headcount per grade at each school. For example, in kindergarten the factor is near 100% since children do not attend outside programs, but in 11th grade the factor may be 80% as students participate in Running Start or Work Based Learning.

Enrollment used in the Weighted Staffing Standards (WSS) formula:

Enrollments Used for Schools' Allocations					
Grade Level	2018-19	2019-20	2020-21	2021-22	2022-23
Kindergarten	4,670	4,675	4,611	4,571	4,208
Grades 1-5	22,890	21,984	22,248	20,643	19,333
Grades 6-8	11,692	11,559	12,219	11,680	10,832
Grades 9-12	13,632	13,040	13,966	14,224	14,094
Total	52,884	51,258	53,044	51,118	48,467

There are small differences between the total district AAFTE the state uses for funding and the enrollment the district uses for school allocations. For example, a small number of students included in districtwide enrollment are not included in the school-by-school enrollment used to allocate funding to schools; they are instead served by non-school based programs (e.g. Bridges and In Tandem programs, Residential Consortium program, etc.). Another difference is that students attending school under an F-1 visa are not included in state funding but are included in the enrollment for school allocations.

School Budgets Summary

OTHER FUNDS

Associated Student Body (ASB) Fund
Capital Fund
Debt Service Fund

Associated Student Body (ASB) Fund

The associated student body (ASB) fund is used to account for funds raised by students to support optional, extra-curricular activities that promote the cultural, athletic, recreational, or social growth of students. ASB programs were created to encourage students to participate in extra-curricular activities outside of their basic education classes. In order to have ASB activities, Washington State law requires each school, grade seven or higher, to establish a student led Associated Student governing body.

The ASB is a formal organization where student involvement in decision-making is integral to the program's management. Students are required to submit a constitution, bylaws and an annual budget for their school's planned activities. Student leaders must approve all expenses for their programs and ensure that they have both enough revenues to pay bills and enough spending authority within their budget to cover costs.

The ASB Fund may consist of both public and private money. Public money represents fees collected from students and non-students as a condition of attendance at any extracurricular activity such as school sporting events or dances. Private money includes donations or money raised from charitable activities such as funds for local community projects, or relief funds for natural disasters.

Each individual school is responsible for managing and working within its ASB budget limitations. The district submits a combined ASB program budget for all schools to the School Board for approval on an annual basis.

The budget proposed for the 2022-23 ASB Fund is \$6.8 million. This capacity anticipates spending to align more closely with pre-COVID-19 activities compared to the 20-21 budget.

ASB Fund Summary	Actual 2020-21	Budget 2021-22	Budget 2022-23
Beginning Fund Balance	\$ 3,434,077	\$ 3,134,078	\$ 3,574,277
Total Revenue	1,144,335	4,410,000	6,482,000
Total Expenditures	(1,094,347)	(4,525,000)	(6,767,000)
Net Change in Fund Balance	49,988	(115,000)	(285,000)
Ending Fund Balance	\$3,484,065	\$ 3,019,078	\$ 3,289,277

The cost of two ASB fund analyst positions and related training supplies is paid from the general fund and not included in the ASB budget.

Capital Fund

The capital fund provides budget for construction, renovation and upgrades to district facilities. The capital fund makes significant investments in district facilities and technology to provide positive learning environments for students. In addition, the district reduces the cost of ownership of buildings by maintaining and regularly improving schools and related facilities.

Managing space needs and building preservation are major issues facing Seattle Public Schools. Aging buildings require ongoing maintenance and upgrades while enrollment changes and class size reduction create the need for classroom space. In preparation for the 2023-24 school year, capacity needs will continue to be addressed in 2022-23 by repurposing existing spaces and opening newly constructed schools and classroom additions at Kimball Elementary, Northgate Elementary, Viewlands Elementary, Van Asselt School, West Seattle Elementary, North Queen Anne Elementary, as well as Lincoln High Schools' Auditorium and Career and Technical classroom improvements.

Preservation of existing buildings remains a district priority as postponing needed repairs impacts our students' learning environment. For the foreseeable future, the district will focus on repairs and replacements of existing roofs, building exteriors, and mechanical and electrical systems to reduce the district's long-term maintenance needs.

Capital Fund Total Resources

Where does the money come from?

The capital fund revenue consists of two sources totaling \$348.7 million for the 2022-23 fiscal year. Much of the funding to construct, renovate, and upgrade district schools comes directly from Seattle residents through voter-approved capital levies while some projects are also funded with state dollars. The following section provides more details on each of these funding types.

Local Funding – 97.9%

Local funding provides the largest portion of the capital revenue at \$341.2 million or 97.9% of the budget. Of the local funding, the majority is comprised of local property taxes from voter-approved levies. The district’s long-term fiscal plan places levy measures for both operations and capital needs on the ballot every three years. Building Excellence (BEX) and Building, Technology, Academics (BTA) levies are approved on alternating six-year schedules. Together, these levies fund the renovation and replacement of schools with modern, operationally efficient facilities throughout the city and are designed to repair existing buildings, replace roofs, improve mechanical, electrical and life/safety systems, provide academic improvements, and improvements in classroom technology.

The 2022-23 budget includes revenue of \$336.8 million from BTA V, BEX V, and BTA IV. The following paragraphs provide more information on the Seattle Public Schools approved capital levies. Other local funding includes investment earnings, rental and lease income, and E-Rate discounts and reimbursements.

Building, Technology and Academics (BTA)

Buildings, Technology and Academics V (BTA V) 2023–2028

The BTA V levy provides funding for building renovations, facility and systems enhancements, playground and athletic field improvements, and districtwide technology. The \$783.0 million BTA V capital levy was approved

by Seattle voters in February 2022. The BTA V levy supports energy efficiency and resource conservation projects within district schools, provides safety and security improvements, and supports projects that maintain the physical integrity of the district's school buildings. The technology component invests in learning and teaching by providing student and teacher laptops, and infrastructure and software support.

Buildings, Technology and Academics IV (BTA IV) 2017–2022

The BTA IV levy pays for small renovations, major maintenance and facility improvements, and technology projects in school buildings. Seattle voters approved the \$475.3 million BTA IV levy in February 2016. The BTA IV levy supports projects that provide more capacity to address student enrollment changes, provide safety and security improvements, and maintain the physical integrity of the district's school buildings. The technology component invests in learning and teaching by supporting projects to deliver services to students, teachers, staff, and families and improve the efficiency in business processes. BTA IV also pays for athletic field upgrades and lighting projects.

Buildings, Technology and Academics III (BTA III) 2011–2016

The \$270.0 million BTA III capital levy was approved by Seattle voters in February 2010. BTA III program fund balances are being used for roof inspections, early learning improvements, and facility technology.

Building Excellence (BEX)

Building Excellence V (BEX V) 2020–2025

The BEX V levy provides funding for the construction of new school buildings, new additions, and major renovations to existing buildings. The \$1.4 billion BEX V capital levy was approved by Seattle voters in February 2019. This current levy continues the work to replace or modernize district buildings, infrastructure, and technology that began with previous levies. It will enable the district to construct or renovate eight schools, improve safety and security at every school in the district, create permanent classrooms while reducing portables, and address major preventative maintenance needs throughout the school district.

Building Excellence IV (BEX IV) 2014–2019

The BEX IV levy pays for the construction of new school buildings, new additions, and major renovations to existing buildings. The \$694.9 million BEX IV capital levy was approved by Seattle voters in February 2013. This levy supports the district's long-range plans to upgrade and renovate aging school facilities. BEX IV enables the district to construct or renovate 17 schools, address seismic and safety issues at 37 schools, address capacity needs, complete facility and infrastructure improvements, and address major preventative maintenance needs throughout the school district.

Building Excellence III (BEX III) 2008–2013

Seattle voters approved the six-year \$490.0 million BEX III capital bond in 2007. BEX III funded major renovations and new construction for seven schools and supported improvements in infrastructure and technology. Current BEX III program fund balances will be used for Fairmount Park window systems and to support water quality testing.

Capital Eligible Projects (CEP) Fund & Community Schools (CS) Fund

The CEP/CS fund allows for a variety of capital eligible projects, initiatives and equipment purchases that are not typically included in the voter approved levy programs. The CEP/CS program is supported primarily by revenue from district property sales, surplus property leases, and investment earnings.

State Funding – 2.1%

State funding provides \$7.5 million or 2.1% of the capital budget. Over the last four Biennium, the Washington State Legislature allocated \$66.6 million to the district in Distressed Schools funds for work at fifteen schools. The district plans to use \$6.1 million of this appropriation in 2022-23. The Distressed Schools funding fiscal year 2022-23 will be used for projects at Leschi Elementary, North Beach Elementary, Muir Elementary, and Madison Middle School.

The district also received a multi-year Class Size Reduction (CSR) grant in the amount of \$10.0 million to assist in implementing reduced class sizes for kindergarten through third grade (K-3) district wide. The district will use \$0.1 million of these funds in 2022-23.

Additional state funding includes funds from the School Construction Assistance Program (SCAP) and a Seattle Natural Hazard grant. The district will use \$1.2 million of the SCAP and grant funding in 2022-23.

2022-23 Capital Program Activity

The 2022-23 capital fund budget is a one-year slice of Seattle Public Schools combined capital program. The district's capital fund revenue budget for 2022-23 is projected to be \$348.7 million. It is supported by a combination of BTA IV, BEX V, and BTA V local levy collections, the carry forward of ending fund balances within all capital funds, investment earnings, state assistance funds (SCAP), distressed schools grant funds, E-Rate funds, a class size reduction (CSR) grant, and lease and rental receipts.

The district's capital fund expenditure budget for 2022-23 is \$534.6 million, which includes direct expenditures of \$491.7 million, transfers to the general fund of \$40.0 million, transfers to the debt service fund of \$2.9 million and \$44.7 million that is set aside as a capital budget capacity reserve.

Capital Program Activity 2022-23	Beginning Balance	Anticipated Revenue	Inter Fund Transfers ¹	Anticipated Expenditures	Ending Fund Balance

Total Budgeted Expenditures & Transfers	\$	534,577,984

Additions, Modernizations, and New Construction

All new and renovated schools offer modern technology to allow teachers and staff to prepare every student for academic success and include seismic components where needed. By replacing or renovating school buildings, Seattle Public Schools creates safe and improved teaching and learning environments for students while addressing program needs and assisting in the reduction of the facilities maintenance backlog.

Three newly constructed elementary schools will be complete fiscal year 2023. Kimball Elementary, Northgate Elementary, and Viewlands Elementary will each open Fall 2023. In addition, classroom additions and building improvements at Van Asselt School and West Seattle Elementary will be ready for the 2023-24 school year along with the Auditorium and Career & Technical Education classroom improvements at Lincoln High School. North Queen Anne Elementary is scheduled to be complete Winter 2023.

Additions, Modernizations, and New Construction		Budget 2022-23
Aki Kurose Middle School New Construction Design Only	\$	2,600,000
Alki School New Construction		3,342,840
Asa Mercer School New Construction		7,627,130

Facility, Playground, and Seismic and Roof Improvements

Investing in infrastructure and facility improvements addresses basic health and safety issues while maintaining the physical integrity of the district's schools and buildings. Facility improvement projects include replacement of fire and life safety systems, seismic upgrades, roof replacements, mechanical systems upgrades, athletic field and track replacements, and playground Improvements. Facility improvement projects may also include energy-efficiency and major preventative maintenance projects.

Facility and Systems Upgrades	Budget 2022-23
Ballard High School Intercom System	\$ 55,162
Beacon Hill International School Site Improvements	10,000
Beacon Hill International School Ceiling Fans	100,000
Beacon Hill International School Sound Attenuation	50,000

Academics and Capacity Management

Academic projects support major initiatives, improve the way student services are delivered and support placement of programs which may include Career and Technical Education (CTE) programs, Science, Technology, Engineering and Mathematics (STEM) programs as well as Special Education (SPED) programs.

Capacity needs will be addressed in 2022-23 by repurposing existing spaces within school buildings and by placing portable structures at school sites. Classroom additions at three schools will be completed and available for use in the fall of 2023 which also helps address capacity needs.

Academics and Capacity Management		Budget 2022-23
Capacity Management & Portables	\$	3,000,000
Early Learning Districtwide		1,900,000
Program Placement (New Programs) Districtwide		1,200,000
Special Education Improvements		500,000
Total	\$	6,600,000

Transfers (Includes Technology)

Several capital-eligible items are paid for out of the general fund and reimbursed by the capital fund. The capital fund will make a transfer of up to \$40.0 million to the general fund to pay for these items, depending on actual expenses incurred.

In addition, the capital fund will make a transfer to the debt service fund in the amount of \$2.9 million to pay for the principal and interest payment on the John Stanford Center for Educational Excellence (JSCEE) Series A Bond. The 2022-23 debt service will be funded using \$2.6 million from the BEX V Program Fund and \$0.3 million from the CEP/CS Fund.

Transfers		Budget 2022-23
Debt Service Transfer		
JSCEE Series A Bond		2,860,346
Total	\$	2,860,346

Technology Enhancements and Modernizations

Technology projects support teaching, improve efficiency, and provide tools to directly support students. Projects include new student computers, replacement of outdated classroom computers, increased network capacity, expansion of the district website, tools to keep families informed of student progress, and enhancements to business and academic systems. In addition, physical safety and security systems including cameras, threat alerts and communications networks as well as data security and privacy for the protection of information are being implemented.

Technology Enhancements and Modernizations		Budget 2022-23

Districtwide Support, Support Services and Program Reserves

Districtwide support pays for projects and equipment purchases that meet needs throughout the district. These include custodial and grounds maintenance equipment, nutritional services equipment and school security cameras and equipment. Support services and program reserves provide the necessary funding to administer the capital program which includes future levy planning, capital department administration, and built-in budget capacity to address project and budget changes in a given fiscal year.

Districtwide Support, Support Services, and Program Reserves		Budget 2022-23

Debt Service Fund

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related expenses.

The district's long-term expected debt totals \$15.3 million as of September 2022 and is in the form of one Limited General Obligation (LGO) bond. The 2022-23 budget includes approximately \$2.9 million to pay the debt service on a Series-A Refunding Bond. The budget for the debt service fund is as follows:

Debt Service Fund Summary	Actual 2020-21	Budget 2021-22	Budget 2022-23
Beginning Fund Balance	\$ 1,392,291	\$ 1,402,291	\$ 1,408,000
Total Revenues	7,358	20,000	12,000
Other Financing Sources	2,691,217	2,822,483	2,860,346

Total Ending Fund Balance	\$ 1,399,445	\$ 1,412,291	\$ 1,410,000

Outstanding General Obligation Bonds

Series-A Refunding Bond

In April 2020, the district took advantage of lower interest rates and issued \$20.6 million in refunding bonds to refinance outstanding general obligation bonds originally issued in 2001. The original bonds were issued to finance the renovation of the John Stanford Center for Educational Excellence (JSCEE). The lower interest rate will save the district \$1.9 million over the remaining life of the bonds. The debt service on these bonds is paid by an inter-fund transfer from the Capital Fund.

	Original Amount Issued	Expected Outstanding Principal (9/2022)
Series-A Refunding 2020	\$20,621,000	\$15,341,000

Debt Policy

It is the current policy of the School Board that prior to borrowing any funds or issuing bonds, the district shall identify and designate the source of funds to pay all debt service, including principal and interest. Special levies are used to fund voted bonds. In the case of non-voted bonds, the debt service is paid by transfers from the general or capital funds. The schedule of annual requirements to pay debt as of September 2022 is as follows:

Fiscal Year	Principal	Interest	Total
2022-23	\$ 2,691,000	\$ 169,346	\$ 2,860,346
2023-24	2,874,000	135,677	3,009,677
2024-25	3,059,000	99,783	3,158,783
2025-26	3,258,000	61,565	3,319,565
2026-27	3,459,000	20,927	3,479,927
Total	\$ 15,341,000	\$ 487,297	\$ 15,828,297

Property Taxes

Property taxes collected by Washington state are distributed to individual school districts based on guidelines set by the state legislature. School districts may choose to augment state funding by asking voters to approve excess taxes levied on taxable property within the district.

Seattle Public Schools (SPS) has historically had strong support from the community in renewing the Educational Programs & Operations levy and Capital levy. In February 2022, Seattle voters approved both expiring operations and building/technology capital levies. The operations levy supports the critical day-to-day SPS operations and needs of students. In 2022-23, the operations levy will contribute \$181.5 million to supplement education services not fully funded by the state. Capital levies help alleviate partial funding from the state on construction and additions for new schools, technology infrastructure, major maintenance, and repairs.

Levy rates are based on the assessed value of property in the district, the overall amount approved by voters, and limits set by state law. In 2019 the legislature's set new limits, reducing the operations levy rate below the 1.05 rate approved by Seattle voters. For 2020, the legislature again changed levy collection rates which allowed Seattle to collect more of the funds initially approved by voters.

In calendar year 2021, the owner of a \$700K home would have paid \$1,295 in property taxes dedicated to Seattle Schools. The tax amount in calendar year 2022 is \$1,253.

Year	Assessed Value (in billions)	Educational Programs & Operations	Building & Technology (BTA/BEX)	Total Tax Rate	School Levy Property Tax Assessment on a \$700k home
		(rates per \$1,000 of the assessed value)			
2014	128.22	1.30	1.25	2.55	1,785
2015	144.48	1.28	1.11	2.39	1,673

2019 - 2022 tax rate data from King County Assessed Valuations and Taxes Reports

Glossary of Terms

Activity – Specific and distinguishable service performed by a school district to accomplish a function for which the school district is responsible.

Alternative Learning Experience Schools (ALE) – These schools offer learning experiences for public school students developed and supervised by individual student learning plans and certificated teachers. They provide an academic program which supports a variety of student interests and abilities.

Annual Average FTE (AAFTE) – School districts report to the Office of Superintendent of Public Instruction the number of full-time equivalent (FTE) students enrolled on the fourth school day of September and the first school day of October through June. These ten counts are then averaged to obtain an annual average FTE enrollment count.

Apportionment – A state formula funded revenue allocation provided to school districts, subject to recovery if not expended for a specific purpose during the school year. It can be for general purpose or capital needs. It can also be advanced or redirected.

Appropriation – Maximum expenditure authorization during a given fiscal period. The Seattle Public Schools budget authorizes a maximum amount of expenditures for each fund, and by state law, cannot exceed these.

Associated Student Body (ASB) Fund – A special revenue fund that is financed in part, by the establishment and collection of fees from students and non-students, both public and private, as a condition of their attendance at any optional non-credit extracurricular events of the district that promote cultural, athletic, recreational, or social growth of students. As a Special Revenue Fund, the ASB Fund is under the control, supervision, and approval of the board of directors, and the school district legally owns the resources accounted for in the ASB fund.

Benefits – Payments made for employees for services provided under an annuity, pension plan, or insurance policy including industrial insurance, health insurance and the supplemental pension contribution, unemployment compensation, certificated employee Teachers' Retirement System contribution, and classified employee Public Employees' Retirement system contributions. An object used to record all expenditures for employee payroll-generated benefits and employer taxes.

Bond - A written promise, generally under seal, to pay a specified sum of money, called the face value, at a specified date or dates in the future, called the date of maturity, and carrying interest at a fixed rate, usually payable periodically. The difference between a note and a bond is that the latter usually runs for a longer period and requires greater legal formality. Bonds are used to fund capital improvements and new construction.

Budget – A plan of operations based on an estimate of expected income and expense for a given period. Also, a plan to achieve the district's goals and objectives expressed in dollars, and a tool in controlling operations.

Capital Projects Fund – A fund used to account for all moneys and resources set aside for the acquisition of capital assets through construction and remodeling projects.

Career Technical Education (CTE) – A planned program of courses and learning experiences that begins with exploration of career options; supports academic and life skills; and enables achievement of high academic standards, leadership, and preparation for career and college.

Debt Service Fund – A fund that is used to account for the redemption of outstanding bonds and the payment of interest incurred by the bonds.

Elementary and Secondary School Emergency Relief Fund (ESSER) – Funds provided to state educational agencies and school districts to help safely reopen and sustain the safe operation of schools and address the impact of the coronavirus pandemic.

Enrollment – A count of students attending school, used as a basis for providing resources to schools. In Washington state, districts are required to report enrollment the 4th school day of September and the first school day of each month. Enrollment is reported as both headcount and as full-time enrollment (FTE).

Expenditure – The process of making a payment or an appropriation for benefits, goods, supplies, or services. A decrease in net financial resources.

F-1 Visa Students – International students who have applied for and been issued a certificate of eligibility for non-immigrant student status for academic and language learning. SPS only accepts students from international exchange organizations registered with the Office of the Secretary of the State of Washington.

Free and Reduced Lunch (FRL) – A program required for participation in the federally funded school lunch program under the National School Lunch and Child Nutrition Acts. It provides free or reduced- price meals to children determined to be eligible under the program. The enrollment of these students is included in calculations for the distribution of discretionary or grant allocations to schools.

Full-Time Equivalence - The amount of staff time required in a part-time position expressed in proportion to that required in a full-time position, with “1.0” representing one full-time position. It may be expressed as a percentage or as a fraction. It is derived by dividing the amount of employed time required in the part-time position by the amount of employed time required in a corresponding full- time position.

Full-Time Equivalent Student - Each individual student who is enrolled full time in each of the prescribed count days for the school months running from September through June. To be full-time, a student must be enrolled to attend school for a given number of minutes each day. Form SPI P-223 provides the minimum qualifying time by category of students such as kindergarten, elementary, and secondary.

Fund – An independent fiscal and accounting entity with a self-balancing set of accounts recording cash and/or other resources together with all related liabilities, obligations, restrictions, and equities which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

Fund Balance. The difference between assets and liabilities reported in a governmental fund.

General Fund – A fund that is available for any legally authorized purpose and which is therefore used to account for all revenues and all activities not provided for in other funds. The general fund is used to finance the ordinary operations of a school system.

Grant – Contributions or gifts of cash or other assets from another government or other entity to be used or expended for a special purpose, activity, or facility for which no repayment is expected.

Headstart – A federal grant that provides a comprehensive child development program to children ages three to five years old from income-eligible families.

High Poverty LAP – Distribution of Learning Assistance Program funds to schools based on the number of low-income students above 50% established by the Office of Superintendent of Public Instruction.

Individualized Education Program (IEP) - A written document that includes (1) a statement of the student's present level of functioning, (2) a statement of annual goals and short-term objectives for achieving those goals, (3) a statement of services to be provided and the extent of regular programming, (4) the starting date and expected duration of services, and (5) evaluation procedures and criteria for monitoring progress. The IEP is developed mutually by the child's parents with a team of Seattle Public Schools specialists.

Individuals with Disabilities Education Act (IDEA) – 1975 federal mandate to provide education for all children with disabilities. In 1986 Congress added Infants and Toddlers with Disabilities – Part H to IDEA that created a mandatory early intervention program for developmentally delayed infants and toddlers, aged birth to 3, and their families. In 1997 it was strengthened, providing a new emphasis on improving educational results. It was signed into law on December 3, 2004 with the intent to improve the educational outcomes for children with disabilities who are eligible for special education. IDEA Part B has been allocated for special education supplemental and special education preschool in Washington state based on October 1 enrollment, the district rate of poverty, and the district's hold harmless award known as the base.

Interfund Activity or Transfer – The activity between the funds of the primary government, including blended component units. Interfund activities are divided into two broad categories: reciprocal and nonreciprocal. Reciprocal interfund activity comprises interfund loans and interfund services provided and used. Non-reciprocal interfund activity comprises interfund transfers and interfund reimbursements.

International Baccalaureate (IB) – The IB program is a rigorous high school curriculum based on an internationally developed and reviewed curricular program that can lead to college credit. It serves all high school grades and eligibility testing is not required. It is offered at Ingraham, Chief Sealth, and Rainier Beach High Schools. The Accelerated International Baccalaureate Program (IBX) is offered at Ingraham. It leads to the completion of the IB Diploma in grade 11 allowing seniors to explore their academic interests by participating in internships, college classes, and further electives. Eligibility testing is required for IBX in 8th grade not already designated as "highly capable".

Learning Assistance Program (LAP) - Washington state funded program that provides additional academic support to eligible students. LAP funds are available to support programs in grades K-12 in reading, writing, mathematics, and readiness for those subjects.

Levy – To impose taxes or special assessments; or the total of taxes or special assessments imposed by a governmental unit. There are four types of school district levies: excess general fund levies (also known as maintenance and operations levies), debt service fund levies, transportation vehicle fund levies, and capital project fund levies.

Object of Expenditures – A class of expenditures that are a sub-classification of the program and activity codes. They describe the general nature of the goods purchased or services obtained, as distinguished from the results obtained from expenditures, that are required to accomplish the objectives of the program and activity codes. It includes debit and credit transfers, certificated and classified employees, benefits and payroll taxes, supplies and instructional resources, purchased services, travel, and capital outlay.

Program – A plan of activities designed to accomplish a set of objectives. Educational programs consist of activities of a school district that are directly involved in the instruction and education of students. Supportive service programs consist of activities of a school district that support the educational programs. This includes basic education, special education, compensatory education, other instructional programs, community and support services.

Purchased Services – An object used to record expenditures for services and associated goods from independent contractors or service providers (persons, organizations or other agencies) that are rendered to the school district under expressed or implied contracts, with the exception of specific expenditures entered into for the expressed purposes of travel.

Revenue – Additions to the assets of a fund of a school district during a fiscal period that are available to finance the fund's expenditures during the fiscal period. Revenue does not accompany the increase of liabilities or represent refunds of previous expenditures. Revenue may be in the form of cash or in the form of non-cash assets such as donated commodities.

Running Start – A recognized alternative course offered by colleges made available to high school students who have earned enough credits to obtain at least 11th grade standing. Students must demonstrate readiness for college level or professional/technical coursework in a college environment.

Salary – A total amount regularly paid or stipulated to be paid to an individual, before deductions, for personal services rendered while on the payroll of the school district.

Supply – Material items of an expendable nature that are consumed, worn out, or deteriorated in use or lose their identity through fabrication or incorporation into different or more complex units or substances.

Title I, Part A - A federal program that provides financial assistance to local educational agencies and public schools with high numbers or high percentages of poor children to help ensure all children meet challenging state academic standards, and for "improving the academic achievement of the disadvantaged."

Title II-Part A - A federal program that focuses attention on addressing the learning outcomes of students at highest risk of not meeting academic standards, by providing training to teachers that enables them to assist students to meet challenging academic content standards.

Weighted Staffing Standards (WSS) – The formula Seattle Public Schools uses for both staffing and discretionary allocations to schools based on the number of students and their characteristics. The formula uses projected AAFTE enrollment numbers to determine the instructional staff needed for each school to provide the necessary services for its students. It also allocates non-instructional staff such as administrators, office staff, counselors and librarians. Discretionary allocations allow each school to customize their budget to meet their unique needs and can be used for additional staffing, supplies, curriculum, or professional development.
