

# Guidance Regarding Religion and Religious Accommodations

## Background:

During the 2019-2020 school year, Seattle Public Schools and Seattle Education Association created a joint workgroup to address equity and evaluate inclusive considerations related to religious and cultural observances and practices in developing student and work calendars. The workgroup sought to develop the calendar using the negotiated calendar formula (important dates) below, while also considering days which may have high impact on our communities. The goal of this calendar is to provide an at-a-glance look at the variety of religious holidays and observances to assist schools/teachers in planning important events, testing, and exam dates.

While we can't change school year dates to accommodate every religious/cultural observance, it is understood that students may end up missing school and important school events in order to honor their religious practices. Since our school district is so large, our communities vary in their diversity. As a result, the district recognizes individual schools know their community and are asking schools to consider the days of religious/cultural observances that would occur within their school community and the accommodations and supports that can be provided to students if schools are unable to avoid scheduling educationally significant days on religious/cultural dates. Further, Washington state law and the district's Superintendent Procedure 3121SP provides students an excused absence for the observance of a religious or cultural holiday.

This guidance being provided is based on guidance from the Office of the Superintendent of Public Instruction.

## Student Absences

See policy 3121: [Attendance](#)

Though consistent attendance for students is essential, policy 3121 does provide that religious or cultural purposes are valid excuses for an absence. See below.

*Policy 3121: Consistent attendance is essential to the Seattle Public Schools mission of academic excellences for every student in every school. To combat unexcused absences and truancy, all Seattle Public Schools are dedicated to providing racially, culturally, and age appropriate instruction and interventions and supports to remove barriers to consistent daily attendance.*

Policy 3121 does state that religious or cultural purposes are valid excuses for an absence.

Superintendent Procedure 3121SP VIII.B.a.3. and 12. state:

a) *B. Excused Absences a) Absences due to the following reasons must be excused pursuant to RCW 28A.225.010 or WAC 392-401-020:*

*3. Religious or cultural purpose including observance of a religious or cultural holiday or participation in religious or cultural instruction (WAC 392-401-020); and*

*12. A reason of faith or conscience, or for an organized activity conducted under the auspices of a religious denomination, church, or religious organization, for up to two days per school year (RCW 28A.225.010(1)(e)).*

See [Policy 3121/3121SP](#) in its entirety, however it does also provide that:

- The school principal (or designee) has the authority to determine if an absence meets the above criteria for an excused absence.
- If an absence is excused, the student will be permitted to make up all missed assignments outside of class under reasonable conditions and time limits established by the teacher of the class. However, in participation-type classes, a student's grade may be affected because of the student's inability to make up the activities conducted during a class period if an alternative assignment that aligns with the learning goals of the activities missed is not reasonable.
- An excused absence will be verified by a parent/guardian or an adult, emancipated or appropriately aged student, or school authority responsible for the absence. If attendance is taken electronically, either for a course conducted online or for students physically within the district, an absence will default to unexcused until such time as an excused absence may be verified by a parent/guardian or an adult, emancipated, or appropriately aged student. If a student of any age is to be released for health care related to family planning or abortion, the student may require that the District keep the information confidential. Students thirteen and older have the right to keep information about drug, alcohol or mental health treatment confidential. Students fourteen and older have the same confidentiality rights regarding HIV and sexually transmitted diseases.

## Religious Accommodations for Students

See policy 2340: [Religion and Religious Accommodation](#)

*Policy 2340 also states that students shall be excused from attending school in observance of a religious holiday.*

*Policy 2340: Upon receipt of a parent/guardian request, a student shall be excused from attending school in*

*observance of a religious holiday. Students who are excused from class a religious accommodation must have an opportunity to make up any work, assignment or test missed as a result of the absence.*

*Policy 2340SP: The student's parent/guardian must submit a written request to the principal of the student's school, well enough in advance to allow the school to make appropriate arrangements and scheduling adjustments.*

The written request must state –

1. The specific accommodation requested
2. Why the accommodation is needed
3. The amount of time, duration, and frequency of the accommodation

## Testing dates - All dates are tentative until confirmed by testing agencies.

School staff should consider these testing windows and their building activities to make proper considerations for their school communities religious and cultural observances.

## Religion and Religious Accommodations, 2024-2025

This aims to expand the awareness about the multiple forms of diversity among our students and families, and the days that students may or not be at school due to religious observances and the days that students may be fasting. It may also be helpful to guide better times to schedule educationally significant activities when the date can't be changed. For example, testing in the morning during periods when students eat at sundown.

The purpose of the calendar below is to assist in this effort to raise awareness about religious holidays practiced in public schools across the state of Washington.

**This calendar was provided by the Office of Superintendent of Public Instruction based on the University of Washington's Calendar of Holidays and Religious Observances.**

The Office of Superintendent of Public Instruction encourages districts not to schedule significant school events on major religious holidays. Schools that plan around major religious holidays convey to all students that they are a meaningful part of their school communities and their religious traditions matter.

*Notes:*

*All Jewish, Islamic, and Bahá'í holidays begin at sundown (SD) on the evening before the first date shown.*

*+These holidays (or dates within holidays) are designated non-work (observance) days.*

*#Some of these dates are not fixed to a calendar but rather based on the actual sighting of the moon and therefore may be some variance by a day.*

*Please be sensitive to and accommodate student observers' needs due to fasting on all of the dates and the evening prior to the date(s).*
