<https://www.worldls.com/>

Please note: This is a list of outside agencies in our area. This may not be an exhaustive list. SPS is not endorsing these services nor is the district associated with the work they perform.

PTSA's and Community-based organizations may ask an SPS employee directly to perform the work and they could agree if it does not conflict with their work in SPS. However, there are issues that SPS employees would need to consider on their own such as operating a business, reporting taxes, etc. Per FERPA, we cannot provide their names.
