2023-2024 School Year

Seattle Public Schools is committed to making its online information accessible and usable to all people, regardless of ability or technology. Meeting web accessibility guidelines and standards is an ongoing process that we are consistently working to improve.

While Seattle Public Schools endeavors to only post documents optimized for accessibility, due to the nature and complexity of some documents, an accessible version of the document may not be available. In these limited circumstances, the District will provide equally effective alternate access.

Many students are assigned to their attendance area school regardless of most service needs. For required services not available at every attendance area school, a linked school is generally designated. This provides predictable assignments for students who need these services. Please see the chart on the following pages to find your attendance area elementary school's linked school.
