COLLECTIVE BARGAINING AGREEMENT

Between

the SEATTLE SCHOOL DISTRICT NO. 1

and the

SEATTLE/KING COUNTY BUILDING and CONSTRUCTION TRADES COUNCIL

ARTICLE I: RECOGNITION

- A. The Seattle School District No. 1, hereafter referred to as the District, recognizes the Seattle/King County Building and Construction Trades Council and its affiliate unions signatory hereto, and hereafter referred to as the Council, to be the sole and exclusive bargaining agent of those employees who are employed in classifications listed in Appendix A of this Agreement.
- B. In the event the District creates a new job classification for work covered by this Agreement, it will notify the Council who will have the opportunity to negotiate with the District over all mandatory subjects of bargaining. If there is a dispute as to whether the classification is covered by this Agreement, the matter shall be referred to the Washington State Public Employment Relations Commission Mediation Services for adjudication.
- C. The District and the Council recognize that it is in their best interest to develop good on-going working relationships, a collaborative problem-solving mechanism and a collaborative way to deal with problems as they arise. Therefore, the parties agree to meet and discuss subjects of respective and/or mutual interest. All or any subjects of discussion shall be deemed of interest worthy of pursuit
- D. If the District grants any other union that was formerly included in the Building Trades/SPS bargaining unit more favorable across-the-board wage increases, and/or benefit enhancement, than granted to the Building Trades, then the Building Trades affiliated unions shall be entitled to the same across-the-board wage increase and/or benefit enhancement to be implemented on the same date as negotiated with the other union formerly affiliated with the Building Trades/SPS bargaining unit.
- E. With respect to discussions of across-the-board wage increases when this Agreement is opened for renegotiation, the parties will examine compensation data from relevant and comparable employers. The parties will review this comparable compensation data to ensure the District can attract and retain qualified employees.

ARTICLE II: AFFIRMATIVE ACTION/NON-DISCRIMINATION

- A. The District and the Council agree that they will not discriminate against any employee by reason of race, creed, age, color, gender, national origin, ancestry, economic status, pregnancy, physical appearance, religious belief, marital status, gender identity, sexual orientation, or mental, physical or sensory disability.
- B. The Council agrees with and supports the concept of Affirmative Action. Therefore, the parties mutually agree to use their best efforts to ensure that this Agreement will not be in conflict with, or inconsistent with Title VII, Title IX of the Civil Rights Act of 1964 and/or Washington State Statutes.

ARTICLE III: MANAGEMENT RIGHTS

The Council recognizes the District's inherent and traditional right to manage its business and operations. Accordingly, except to the extent specifically covered and controlled by the express terms of this Agreement, the Council recognizes the right of the District to hire, transfer, promote, demote, assign and retain employees and to discipline, suspend or discharge employees for just cause and to maintain the discipline and efficiency of its employees; the right to lay off; the right to establish, change and direct the

2022-2024 Collective Bargaining Agreement between Seattle Public Schools and
Seattle/King County Building and Construction Trades Counsel

methods and processes of doing work, to introduce new and improved work methods or equipment and to assign work to outside contractors; the right to determine the starting and quitting times and the number of hours to be worked; and the right to make and amend such reasonable rules and regulations as it may deem necessary for the conduct of its business and to require their observance. Except for emergency situations or matters involving safety, changes or additions to work rules promulgated by the Maintenance Manager will be distributed to affected employees at least twenty-four (24) hours before they become effective.

A. Subcontracting

The District shall retain its right to sub-contract work. However, the District shall not sub-contract work covered by the classifications included in this agreement unless the Core Group of employees are employed. The Core Group shall be 67 employees. After the adoption by the School District of the annual budget, the District shall meet annually with the Executive Secretary of the Seattle/King County Building and Construction Trades Council. The District shall inform the Executive Secretary of the number of Core Group employee positions that it will have for the following school year before the start of that school year as long as the School District Board of Directors has adopted the District budget for the ensuing school year. This is not a guarantee of employment, but rather it is a commitment to limit the use of outside contractors to times when the Core Group of employees are working. As an exception to the foregoing commitment not to subcontract unless all of the Core Group of employees are working, the District may still subcontract if any of the following conditions occur:

1. The required services are uncommon to District employees because they are special, highly technical, peculiar or unique in character.
2. The required services involve the use of equipment or materials not possessed by the District at the time and place required.
3. When the services of a contractor are necessary for health and safety reasons.

There shall be no restriction on subcontracting any work at any time under any conditions which is above the bid threshold established by law or under any circumstance where the District is required to comply with applicable law.

B. Small Work Process and Procedures

1. All projects, at or below the self-performance threshold established by law and District policy (75K) in combined labor and material estimated costs ("Small Works") will be presented to the Management for consideration of accomplishment by the Maintenance Section. If the project is work that can be accomplished without special tools or equipment, the Maintenance Section needs to rent or purchase and the current staff has the ability to complete the task or the Maintenance Section can hire itinerant staff with the requestor's timeline and without expected overtime, the Maintenance Section will have the first right of refusal. Management will advise the requestor within twenty-four (24) hours whether the project can be done as presented or if additional information is needed to consider the project for completion. Upon presentation of the additional information this time period may be extended two (2) weeks. The proposed project must be specified to a point that it is possible to estimate resources and time necessary for completion of the project. Management will discuss any project that he or she is considering rejecting with the Unit Foreperson before making a decision to pass over a project. Management reserves the right to retain Building Trades work to be performed by bargaining unit personnel when necessary for scheduling and/or cost efficiencies.
2. In compliance with The State of Washington's requirement regarding prevailing wages and the District's regular requirements for the safety and health of students and staff members all

2022-2024 Collective Bargaining Agreement between Seattle Public Schools and
Seattle/King County Building and Construction Trades Counsel

construction supervisors, construction personnel and contractors and all their subcontractors of whatever tier involved in small works shall be fingerprinted and submit to background checks.

3. The District Maintenance Manager will be advised on a weekly basis of all projects considered for Small Works assignment and receive copies of any specifications or instructions. The Maintenance Section will be provided with copies of purchase orders or contracts for Small Works Projects. Upon completion of purchase orders or contracts for Small Works Projects, the Maintenance Manager will be notified of completion. The District will provide quarterly reports at the Labor Management Meetings.
4. Every project shall be subject to final inspection by the Project Manager or General Foreperson as appropriate. Final payment on the project will not be released until inspection is complete and all concerns are answered to the District's satisfaction.
5. Contractors who receive a contract shall not sub-contract out their work unless the work being subbed out is directly specified as a specialty trade assignment, not to exceed forty (40%) of the project. All requests for subs shall be written and submitted to the HUBS/Small Works Manager for approval. The use of Labor Brokers shall not be permitted.
6. Responsible Small Works Contractors shall meet the following responsibility criteria at the time the quote/bid is submitted and before being awarded a Small Works contract:
 - The contractor must be registered under RCW 18.27.
 - The contractor must have a current state unified business identifier number.
 - The contractor must have a worker's compensation coverage.
 - The contractor must have a Department of Employment Security number.
 - The contractor must have a state excise tax registration number.
7. After being awarded a Small Works Contract, but prior to the beginning of work, the contractor must provide proof of a filing of a Washington State Intent to pay Prevailing Wage Report.

ARTICLE IV: MAINTENANCE OF MEMBERSHIP

- A. **Membership Rights:** All employees working in the bargaining unit shall have the right to become a union member upon hire. The District, including supervisors and managers, agrees to direct all questions and communication from unit employees regarding union membership directly to the union.
- B. **Notice:** The District shall advise the Council and applicable Union of the names, addresses, phone numbers, work email address, job classification, FTE status and work location, of new District employees covered by this Agreement within seven (7) calendar days following the date of employment.
- C. **New Employee Orientation, Union Presentation:** Not less than five (5) working days before a new employee orientation, the District shall forward to the Union a list of names, with craft designation, of bargaining unit employees who shall be attending. The District shall also provide at least thirty (30) minutes for new hires into the bargaining unit to meet with the Union's designated representative during the employee's normally scheduled new hire orientation with the District.
- D. **Automatic Payroll Deduction:** Upon receipt of written authorization individually signed by the employee, the District will deduct from the pay of such employee the amount of dues and initiation fees as certified by the Union. The District shall transmit such fees to the Union once each month on behalf of the members involved.

An employee may cancel their payroll deduction of dues and fees by written notice to the Union and to the District, with the District stopping deductions following written confirmation from the Union that

2022-2024 Collective Bargaining Agreement between Seattle Public Schools and
Seattle/King County Building and Construction Trades Counsel

the employee dues/fees authorization has been terminated in compliance with the terms of the written authorization executed by the employee. The District will make every effort to end the automatic dues deduction effective on the first pay period but no later than the second pay period after receipt of the written cancellation notice.

- E. **Hold Harmless:** The Union will indemnify, defend and hold the District harmless against any claims made, and against any suit instituted against the District on account of any check-off dues. The Union agrees to refund to the District any amounts paid to it in error on account of the check-off provision upon presentation of proper evidence thereof.
- F. **Public Records Request:** When the District received a public records request that is specific to an employee's personnel records, the District will inform the employee of the request. When the District received a public records request pertaining to the bargaining unit and/or Union membership as a whole, the District shall notify the Union as soon as possible after the District's Labor and Employee Relations department received the request.

ARTICLE V: REPRESENTATION

- A. The Business Manager and/or Union Representative of a union signatory to this Agreement may appoint or elect a Steward among the employees that the union represents under this Agreement. The affected Local Union bylaws shall be the basis for the procedure of the election and/or appointment of the Union's Steward. Each Local Union shall provide the Maintenance Manager with the name of its Steward. A Steward shall not be discriminated against for making a complaint or giving evidence with respect to an alleged violation of any provision of this Agreement, but under no circumstances shall a Steward interfere with orders of the District or change working conditions.
- B. The Council may elect two Employee Representatives from among the entire bargaining unit to attend regular Labor Management Committee meetings between the Council and the District. The election of the Employee Representatives shall be by secret ballot. The Labor Management Committee shall continue efforts to discourage and prevent harassing, abusive and/or disruptive behavior by and among employees at work.

ARTICLE VI: DEFINITIONS

- A. **Employees:** For the purpose of this Agreement "Employee" shall mean a person employed by the District in one of the classifications listed in Appendix A.
- B. **Regular Employees:**
 1. Employees who are actively on the payroll and normally assigned to work twelve (12) months per year, forty (40) hours per week and eight (8) hours per day.
 2. A regular employee may be so designated at the time of hire or will become a regular employee upon successfully completing five (5) months of employment in any consecutive twelve (12) month period with a minimum of seventy (70) hours of regular time in each of those months. Upon becoming a regular employee such employee shall be awarded seniority rights retroactive to their original date of hire as a temporary employee. Such employee shall serve a probationary period as outlined in Article XII-A.
 3. Any employee hired as a regular employee who is laid off prior to completing the five (5) months/seventy (70) hours condition shall be granted health and welfare benefits as though such employee had initially been employed as described in Article VI-C.
 4. Annual Leave and Sick/Emergency Leave rights shall be granted retroactive to the first date of the qualifying period for any/all employees achieving regular employee status.

2022-2024 Collective Bargaining Agreement between Seattle Public Schools and
Seattle/King County Building and Construction Trades Counsel

- C. **Temporary Employees:** A temporary employee shall be hired on a short-term basis and shall only accrue health and welfare benefits as described in Article XVI (Group Insurance). All temporary employees hired by the District shall be paid an hourly rate as shown in Appendix A. Such temporary employees shall not acquire seniority and shall be subject to termination at any time without recourse to the grievance procedure.
- D. **Apprentice Employees:** Apprentices are those workers who are registered with the State of Washington according to RCW 49.04 and are participating in a State approved training program administered by a joint labor-management committee.
- E. Management as used in the CBA, refers to non-represented staff who have budget authority, responsibility to direct work to meet department goals, and are within the District's direct line management structure.

ARTICLE VII: HOURS AND OVERTIME

- A. **General Expectations:** The ability to work regularly is a requirement of continued employment. Employees must report all absences to his or her supervisor before the beginning of the employee's scheduled shift except in the case of an emergency.
- B. **Normal Work Schedule:** For regular employees, the normal work schedule Monday-Friday, will be forty (40) hours per week, eight (8) hours per day between the hours of 6:00 a.m. and 6:00 p.m., excluding a one-half (1/2) hour lunch period five (5) days per week. This shall not be construed as being a guarantee by the District of any particular number of hours.
- C. **Overtime:**
 - 1. When an employee is compensated in excess of eight (8) hours per day or in excess of forty (40) hours per week, the employee shall be compensated for the overtime at the rate of one and one-half (1-1/2) times his/her regular rate of pay.
 - 2. Work performed on Sundays and holidays shall be compensated at double time the employee's regular rate of pay.
 - 3. No pyramiding of overtime shall be allowed.
 - 4. All overtime must be authorized in advance by Management or the management-designated supervisor.
 - 5. The Foreperson may assign mandatory overtime.
 - 6. When an employee is called out to work without at least eight (8) hours off since his/her previous shift, all such call out time shall be paid at the overtime rate until he/she has had eight (8) hours off.
 - 7. Employees on paid leave status do not qualify for the assignment of overtime work.
- D. **Special Premium Pay:**
 - 1. A premium of two dollars and eighty-five cents (\$2.85) shall be paid for employees that start work on a second shift after 11:00AM except for work performed on an overtime basis as an extension of a day shift employee. Employees assigned to work second shift will continue to receive the second shift two dollars and eighty-five cents (\$2.85) premium for temporary day shift assignments of two (2) weeks or less. Those employees who are assigned a Monday through Friday shift shall receive time and one-half (1-1/2) for all Saturday work; those employees

2022-2024 Collective Bargaining Agreement between Seattle Public Schools and
Seattle/King County Building and Construction Trades Counsel

assigned a Tuesday through Saturday shift shall receive a premium of two dollars and eighty-five cents (\$2.85) for all Saturday work.

2. The Sprinkler Fitter position requires a licensed Sprinkler Fitter and an AS1 Certification Test, and shall have a \$4.00 an hour stipend, paid exclusively when performing Sprinkler Fitter duties, as long as the Sprinkler Fitter's AS1 certification is current. If at any time AS1 Certification lapses, the stipend will be removed effective 30 calendar days from the date of license expiration. This stipend will not cascade to higher positions and will not be considered part of the rate for highest journey person supervised. Should the Seattle Fire Department standard with respect to AS1 certification cease to exist, such that certification is no longer required, the additional duties and stipend will cease upon written or electronic notification to the Sprinkler Fitter in the position at the time the requirement ceases. Duties of the Sprinkler Fitter position include quarterly and semi-annual sprinkler inspections as required by the Seattle Fire Department. Added responsibilities include:
 - Installing, maintaining, and testing SPS sprinkler systems to assure they meet AS1 Certification requirements;
 - After hours emergency response is required, as needed.

3. Two (2) District plumbers will be assigned the Backflow Assembly Tester ("BAT") duties. The BAT positions will be offered to current FTE status District plumbers using district seniority in the plumbers as the selection criterion. An individual who does not want to be tested and certified as a BAT gives up the right to that opportunity, until a BAT position opens up in the future. Individuals who hold the required BAT certification and are selected to perform the BAT positions will receive a \$4.00 per hour stipend. This stipend will not cascade to higher positions and will not be considered part of the rate for highest journey person supervised. If more than two (2) District plumbers have a BAT certification, only the two employees who designated to be part of the BAT position will receive the stipend.

4. One existing Electrician position within Electrician classification will be designated to complete additional duties that include annual maintenance and testing of emergency generator systems as required by the City of Seattle. This position requires a Washington State licensed (EL-01) Electrician and a current EG-1 Certification. The added responsibilities include:
 - Installation, Maintenance and confidence testing of electrical systems related to emergency generators EG-1 requirements;
 - After hours emergency response as required.

Parties agree that I.B.E.W. 46 District Electricians be assigned the responsibility to repair and inspect electric generators installed in District buildings.

The parties agree that the EG-1 Electrician shall receive an additional \$4.00 an hour stipend for all hours performing emergency electric generator work. There shall be a minimum of two (2) hours per electric generator work assignment and stipend pay period. This stipend will not cascade to higher positions and will not be considered part of the rate for highest journey person supervised, nor shall it be subject to pyramiding for the purpose of overtime calculations. Should the City of Seattle standard be changed or modified to remove the annual maintenance and testing of emergency generators requirement, the additional duties and stipend will immediately cease upon notification to the current incumbent in the position.

- E. Refusal of Assignment Outside Regular Hours:** In assigning work for swing shift, the employer will first ask for volunteers; if enough people do not volunteer, the employer will assign people in inverse seniority order. If a significant hardship is created by assigning an employee to swing shift, the employer will review and verify the circumstances with the Union, and where appropriate, the employer will pass over this employee and assign the next least senior employee.

2022-2024 Collective Bargaining Agreement between Seattle Public Schools and
Seattle/King County Building and Construction Trades Counsel

If there are more volunteers than available for swing shift positions for a particular craft, those volunteers with the most seniority within the craft and with the required skill within the craft shall be assigned to the available positions except in situations where the more senior volunteer within the craft has a skill/expertise and/or performs a special function as part of his/her regular duties for which the District determines it will retain that employee on other than the swing shift.

- F. **Call Back:** Any employee who is required to return to work after the end of his/her regular shift shall be paid a minimum of four (4) hours pay at his/her appropriate rate.

In situations where the employee does not have to return to work (work remotely), the employee will be compensated for time worked at one and one-half (1 ½) times the individual employee's hourly rate of pay for regular shift; time will be rounded up to the nearest fifteen 15 minutes, period with a 90 minute minimum. If called back by management while on approved paid leave the work time will be paid at double the employee's regular rate of pay.

General Forepersons who take weekend calls for the Senior General Foreman for two (2) days or less shall be paid a stipend of fifty dollars (\$50.00) per day. Saturday 12:00 AM – 11:59 PM and Sunday 12:00 AM – 11:59 PM constitute the hours of weekend call. The daily stipend is in addition to the compensation for time worked contained above.

- G. **Show Up Pay:** Any employee called to work shall be paid a minimum of two (2) hours at appropriate rate of pay.
- H. **Lunch Period:** The District shall establish a regular non-paid lunch period for each employee. In the event an employee is required to perform work beyond five (5) hours without lunch the employee shall receive one-half (1/2) hour penalty pay at the applicable overtime rate and shall also receive time to eat.

I. **Four Ten Hour Day Shifts (4-10's):**

1. Four Ten Hour Shifts (4-10's) may be scheduled, so long as the District provides at least seven (7) days advance notice. Prior to termination of the four ten-hour shift schedule, the District shall provide at least seven (7) days advance notice. Management reserves the right to decline 4-10 shifts for positions required to work a traditional five day/8-hour day schedule due to coverage and/or operational needs.
2. The following conditions shall apply specifically to the four ten-hour shifts:
 - a. Overtime shall be paid after ten (10) hours in a day or forty (40) in one week.
 - b. Holidays: During a holiday week, the employees shall revert to an eight (8) hour day. Holiday pay shall be paid at eight (8) hours per day.
 - c. Leave Accruals: Employees who are working four ten-hour shifts (4X10's) shall earn (accrue) the same number of total annual hours for annual leave, sick leave, holiday pay, personal leave, and bereavement leave. Example: an employee working five (5) days per week and who has two (2) years' service earns eighty (80) hours of annual leave. If that employee goes to work on a 4X10 schedule, he/she shall earn (accrue) eighty (80) hours of annual leave. Employees shall not earn (accrue) more leave or less leave than if they were on an eight (8) hour day schedule.
 - d. Taking Leave: Employees who work ten (10) hour days shall be paid and be charged ten (10) hours per day for sick leave, personal leave, annual leave, and bereavement leave. Employees shall not earn more leave or less leave than if they were on an eight (8) hour day schedule.

2022-2024 Collective Bargaining Agreement between Seattle Public Schools and
Seattle/King County Building and Construction Trades Counsel

3. If enough volunteers cannot be found to work this 4-10 schedule, employees shall be assigned by reverse seniority within each craft and skill within a craft.

If there are more volunteers than available 4-10's position for a particular craft, those volunteers with the most seniority within the craft and with the required skill within the craft shall be assigned to the available positions except in situations where the more senior volunteer within the craft has a skill/expertise and/or performs a special function as part of his/her regular duties for which the District determines it will retain that employee on other than the 4-10's shift.

- J. **Shift Change:** The District shall give seven (7) days advance notice prior to changing a shift. The District shall be permitted, through mutual agreement, to adjust shifts. At the District's discretion, employees requesting to adjust their start time may be granted with one (1) day notice.

ARTICLE VIII: HOLIDAYS

- A. The following are paid holidays for all regular employees regardless of the day of the week on which they fall:

Labor Day	New Years' Eve
Veterans' Day	New Year's Day
Thanksgiving Day	Martin Luther King Day
Day after Thanksgiving	Presidents' Day
Christmas Eve	Memorial Day
Christmas Day	Juneteenth
Day After Christmas	Independence Day

- B. The District shall pay each regular employee at his/her straight-time hourly base rate not to exceed eight (8) hours for each of the above designated holidays when not worked. In order to qualify for holiday pay, an employee must have worked his/her last scheduled workday before and his/her first scheduled workday after the holiday. Exception will be made in cases where absence on the workday prior to or the workday following was due to annual leave, injury, bona fide illness covered by a doctor's certificate, or temporary layoff of less than thirty (30) days.
- C. The actual days observed shall be as designated on the calendar adopted by the School Board.

ARTICLE IX: LEAVES

- A. **Annual Leave:**

1. Each year, regular employees, upon their employment anniversary dates, shall be entitled to paid Annual Leave corresponding to the following schedule:

5-14 Years	18 Days or 144 Hours
15- 18 Years	23 Days or 184 Hours

2. Such Annual Leave entitlement shall be prorated where unpaid absences exceed thirty (30) days in the twelve (12) months preceding the anniversary date.
3. Current employees shall be credited with Annual Leave based on their length of service.

2022-2024 Collective Bargaining Agreement between Seattle Public Schools and
Seattle/King County Building and Construction Trades Counsel

4. No Annual Leave can be taken before earned.
5. Annual Leave days to a limit of thirty (30) may be cashed out at time of termination. No employee or his/her estate shall receive reimbursement for more than thirty (30) Annual Leave days at time of termination. Any balance over thirty (30) days may be applied to scheduled Annual Leave prior to termination.
6. The scheduling of Annual Leave days shall be at the discretion of Management, and the employee, based on operational needs.
 - a. In establishing vacation schedules, it is not possible to grant all employees the annual leave period requested. APPENDIX C: DUES DEDUCTION SETTLEMENT AGREEMENT

This Settlement Agreement (“Agreement”) is entered into between the Seattle/King County Building and Construction Trades Council (“Building Trades”), the Building Laborers, Local 242 (“Laborers”), and the Seattle School District No. 1 (“District”) to fully and finally resolve a grievance filed by the Laborers on or about April 14, 2009.

RECITALS

- A. On or about April 14, 2009, the Laborers filed a grievance with the District claiming that working dues or union dues were not paid to the Laborers in compliance with the 2007-2010 Collective Bargaining Agreement between the Building Trades and the District. The parties moved this dispute to arbitration, Case No. 75 390 00269 09.
- B. In order to avoid the expense and uncertainty were the parties to continue to litigate or administratively challenge this dispute, and in an effort to work more collaboratively in the future, the parties now desire to settle and forever resolve said disputes upon the terms and conditions set forth herein.

NOW, THEREFORE, IT IS AGREED AS FOLLOWS:

- 1. The District agrees to submit to the Building Trades a list of all full-time, part-time, and temporary employees currently working for the District and represented by the Building Trades. The District will submit this list to the Building Trades within one week after this Agreement is signed by both parties.
- 2. The Building Trades warrants and represents to the District that they have written authorization from all District employees on whose behalf they request dues deductions from the District. The Building Trades also warrants and represents to the District that all future individuals dispatched to the District from the Building Trades, and on whose behalf the Building Trades request dues deductions, will have provided written authorization for such deductions.
- 3. For all future dispatched individuals sent to work at the District by the Building Trades for all trades/locals except for the Laborers, all such individuals will bring with them on their first day of work a form, created by their respective local, indicating whether union dues are to be withheld by the District and the amount for that particular employee. For current employees represented by the Building Trades, the District will continue to withhold union dues unless the District is told to stop by the Building Trades. For current employees represented by the Building Trades, who self-pay union dues, the District will not withhold union dues for those employees, unless a form is turned in by the Building Trades indicating that union dues are to be withheld by the District and the amount for that particular employee.
- 4. For all future dispatched individuals sent to work at the District by the building Trades who are part of the Laborers, the District will withhold union dues for all such employees assigned to the District in the amount provided to the District under paragraph 6. For current employees represented by the Laborers, the District will continue to withhold union dues in the same amount, until that amount is changed under paragraph 6.
- 5. The Building Trades and District agree that it will be the responsibility of the Building Trades or individual locals to obtain written dues check-off authorizations for all future dispatched individuals sent to work at the District by the Building Trades. The District has no responsibility to ask any employee represented by the Building Trades to sign a dues check-off authorization document. It is the sole responsibility of the Building Trades to get a dues check-off authorization form signed.

6. The Building Trades agrees that it will be the responsibility of the Building Trades to provide written notice to the District of the dues amounts to be withheld for all employees when the dues amount is changed. It is the further responsibility of the Building Trades to submit any change in the amount of the dues to be withheld to the District at least 30 days in advance of the requested change date.
7. The District agrees to pay the Laborers \$3,900 to resolve all issues related to improperly withheld or paid union dues, including all working dues and union dues.
8. The Laborers agree to withdraw its grievance and its request for arbitration related to the dues dispute (Case No. 75 390 00269 09).
9. The Building Trades and Laborers agree to not file any future grievances, claims, or lawsuits for any unpaid dues, including working dues or union dues, from all past dates until the date this agreement is signed.
10. This Agreement is for settlement purposes only and does not constitute an admission of any wrongful act or omission by any party. This Agreement is non-precedent setting.
11. Each party is responsible for paying their own costs and fees related to this dispute, including but not limited to arbitrator fees and attorney fees.
