

2024-25 Annual Enrollment Report

Sections 1 to 10

Seattle Public Schools is committed to making its online information accessible and usable to all people, regardless of ability or technology. Meeting web accessibility guidelines and standards is an ongoing process that we are consistently working to improve.

While Seattle Public Schools endeavors to only post documents optimized for accessibility, due to the nature and complexity of some documents, an accessible version of the document may not be available. In these limited circumstances, the District will provide equally effective alternate access.

For questions and more information about this document, please contact the following:

Faauu Manu

Enrollment Planning
enrollmentplanning@seattleschools.org

The Annual enrollment Report is provided to enable the Seattle Public Schools Board of Directors and community to follow the changes to enrollment, support the need of school boundary changes, and to provide data to inform decisions.

This annual report presents October 1, 2024 enrollment data. October 1 enrollment data is used for historical tracking, comparisons, calculation of enrollment projection, and planning.

ANNUAL ENROLLMENT REPORT

2024-25 DATA

August 2025

Seattle Excellence

Preface

The Annual Enrollment Report is provided to enable the Seattle Public Schools Board of Directors and community to follow the changes to enrollment, support the need of school boundary changes, and to provide data to inform decisions.

This annual report presents October 1, 2024 enrollment data. October 1 enrollment data is used for historical tracking, comparisons, calculation of enrollment projections, and planning.

All data is reflective of the 2024-25 school boundaries. Boundary changes were made to the Mercer International middle school, and the Wing Luke and Rising Star elementary attendance areas beginning with the 2020-21 school year.

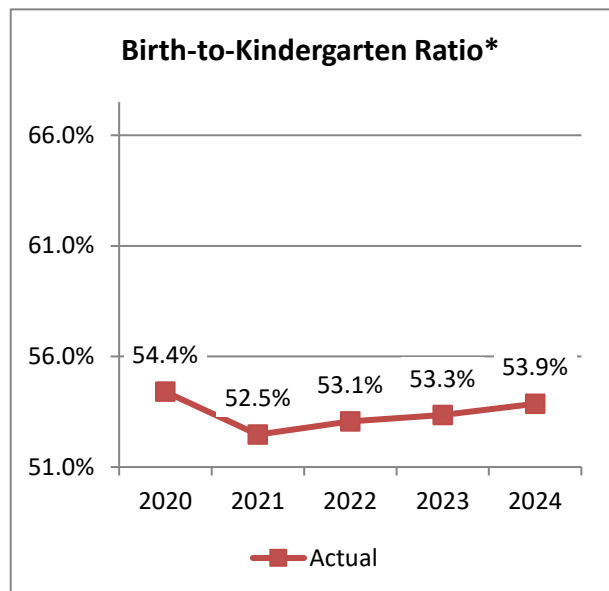

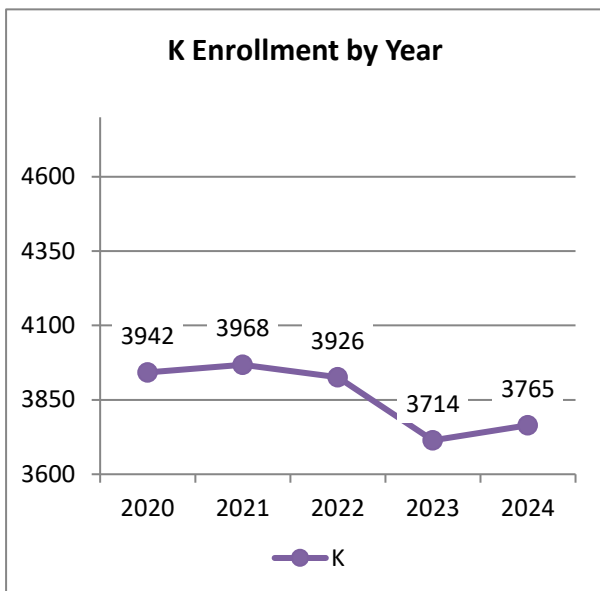

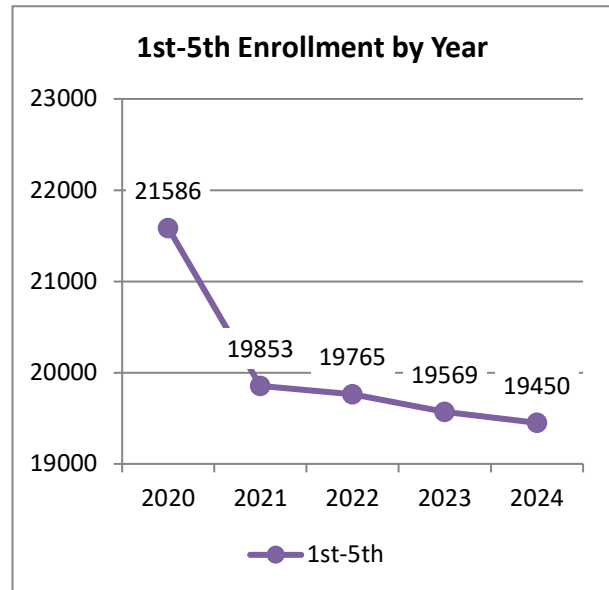

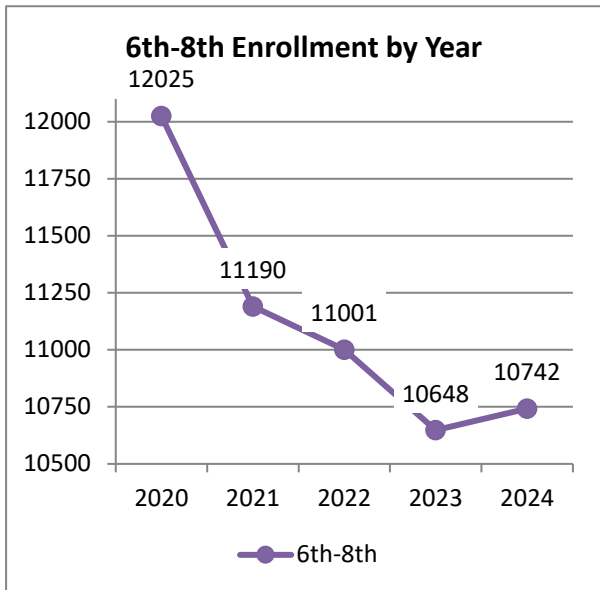

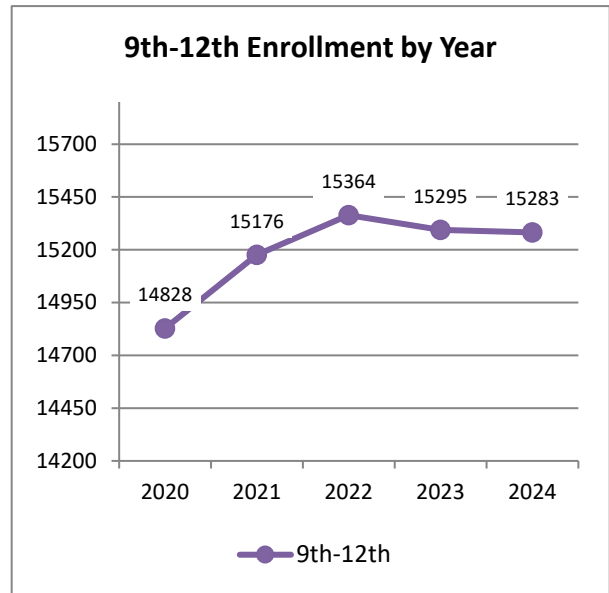

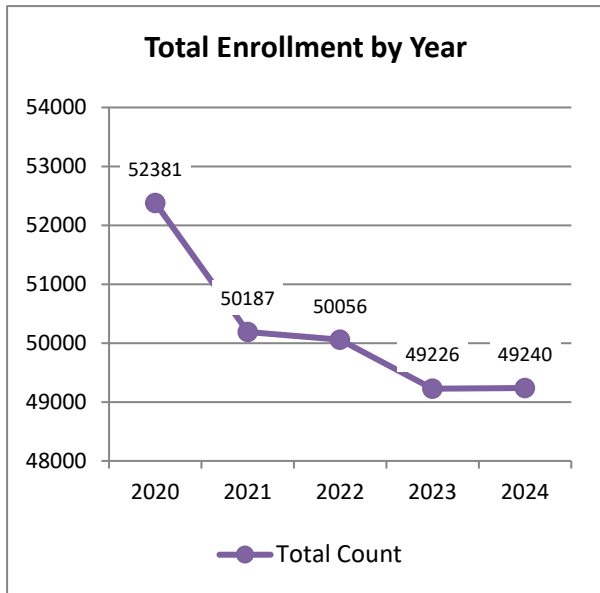

Please note: In 2019, Van Asselt elementary had a name change to Rising Star. In 2020 South Lake had a name change to Alan T. Sugiyama High School.

Section 1: Summary of Enrollment Data

Section 1 Notes: VOPP (Virtual Option Pilot Program) was located at Queen Anne Elementary in 2021 and is reflected in the enrollment. In 2023 VOPP became Cascade Virtual Option K-12 and was no longer at Queen Anne Elementary.

Section 2: Open Enrollment and School Choice Trends

Section 2 Notes: School Choice allows students to apply for a different school or program during an annual open enrollment period. A student may apply for any combination of attendance area or Option Schools.

Data for school choice applications is taken from on-time applications received during the first two weeks of the Open Enrollment period, usually in February.

Data does not include applications for guaranteed assignments, such as for HCC pathways.

Section 3: Comparison of Enrollment and Attendance

Section 3 Notes: This section shows the percentage of students who attend their attendance area school, the percentage of students attending another attendance area school, and the percentage of students who attend an option school. Students may enroll in a school other than their attendance area school by participating in the School Choice process. Some students must attend a school other than their attendance area school because they require Special Education services that are not offered at their own attendance area school.

Although Green Lake is listed in the Eckstein service area, part of Green Lake's attendance area falls in the Hamilton service area.

Section 4: Comparison of Enrollment and Attendance Areas

Section 4 Notes: Students formerly assigned to the “18-21 Transition” program at an attendance area high school are now assigned to one school, the “Bridges Transition” program. “In Tandem” and “Non-Public Agencies” were added in 2016-17 as Special Education assignment schools. In 2023 Cascade Virtual Option K-12 was added.

Section 8: Services and Programs – Enrollment Trends for Highly Capable Cohort (HCC)

Section 8 Notes: The District is in the process of phasing in the Neighborhood School Model for highly capable students. In 2024, the Highly Capable Cohort model was in place for 2nd through 5th grade students. Kindergarten and 1st grade students are being served at their attendance area school. Data includes Ingraham HC/IB students. Non-residents are excluded from the HCC counts.

Section 9: Services and Programs – Enrollment Trends for Advanced Learners

Section 9 Notes: Advanced Learning assignment to the attendance area middle school is guaranteed for all eligible middle school students.

The number of students enrolled in Advanced Learning is trending downward. Starting in 2020, Advanced Learning is offered at every school. Enrollment in the program will continue to trend downward as a result.

Note: Numbers do not include students who were on a waitlist but were not enrolled in SPS as of 10/1/2024.

Section 10: Student Demographics

Section 10 Notes: Parents/guardians self-select one or more race categories when enrolling a student in SPS. For students counted in the Multiracial category, more than one race category was selected. Students of Hispanic ethnicity are reported as Hispanic, regardless of race. Special Education numbers include all students who are eligible for Special Education services; see Section 8 for more information. MLL services are available at all schools.

There are noticeable racial and socio-economic differences between schools that are perhaps indicative of the geographic locations and the surrounding neighborhoods of these schools. This section evaluates the racial/ethnic composition of schools, free and reduced priced meals data, percent receiving multilingual services, and percent receiving Special Education services.

Chart elements representing boundary data will fall to zero for options schools, as these do not have an attendance area boundary.

The chart displays the percentage of respondents who believe the current government is responsible for the economic crisis, categorized by gender and age group. The Y-axis represents the percentage from 0% to 35% in 5% increments. The X-axis lists four age groups: 18-29, 30-49, 50-69, and 70+. For each age group, there are three bars: a dark blue bar for Male, a medium blue bar for Female, and a light blue bar for the overall average. A red line with diamond markers connects the overall average percentages across the age groups for each gender.

Age Group	Male (%)	Female (%)	Overall (%)
18-29	16.8	11.8	13.2
30-49	19.0	24.5	19.5
50-69	10.0	14.0	0.0
70+	33.2	35.0	0.0
