## **Lead in School Drinking Water Report**

## **Beacon Hill Int'l Elementary School**

## **EXPLANATION OF TESTING AND RESULTS**

Results in this report represent sampling conducted by Washington State Department of Health (DOH). Per RCW 28A.210.410 sampling and testing protocols, samples were collected as first-draw. Depending on size of the school(s) and number of drinking water fixtures, multiple dates for collecting samples may have been necessary to meet sampling and testing protocols.

RCW 28A.210.410 does not require remediation for fixtures testing at 5 ppb and under. DOH offers post-remediation testing only for outlets that initially tested above 5 ppb. After a school completes remediation, DOH will provide up to two post-remediation sampling visits. If after the second post-remediation sampling, outlets test above 5 ppb, the district will be responsible for finding a contractor to conduct additional sampling and testing. For questions regarding sampling, testing, and results, please email: <a href="mailto:leadfreekids@doh.wa.gov">leadfreekids@doh.wa.gov</a>.

## **DEFINITIONS**

Fixture Position

| Fixture Housing      | Room/space where                                  |
|----------------------|---|
| Location             | fixture is located                                |
|                      | (i.e. room number,                                |
|                      | gym, playground)                                  |
| Fixture Housing Type | Structure that contains                           |
|                      | the individual fixtures                           |
|                      | where water samples                               |
|                      | were collected from.                              |
|                      | Fixture housing may                               |
|                      | contain one or more                               |
|                      | individual fixture for                            |
|                      | sampling.   |
| Fixture Location     | Location within a                                 |
| Details              | room or space where                               |
|                      | fixture housing is                                |
|                      | located, starting to the left of the entrance and |
|                      |   |
|                      | rotating clockwise, of the total number of        |
|                      | fixture housings in a                             |
|                      | room or space                                     |
|                      | (e.g. 1/5, 2/5)                                   |
| Fixture Type         | Tap, Sprayer, Water                               |
|                      | Fountain, Water Bottle                            |
