## Worksheet Instructions

Use this worksheet to help you choose your electives and have this information ready prior to starting online registration.

- 1. Online Registration Instructions:** Log in to your **student** Source account (parent/guardian account is view only) and click **Class Registration** in the Source menu.
- 2. Registration Home Page:** This page is divided into rows of elective categories. Required categories have red exclamation marks (alternates). Click on the (tiny) pencil icon on the right side of the row to view the list of individual electives for that category. **To select a elective, click anywhere in that row;** it will turn blue when selected. If you change your mind, simply uncheck the row and begin again. When finished, click **okay** at the bottom right of the screen to submit your elective request(s).
- 3. Error Message:** If you get an error message, double check what you selected to make sure you have the correct number of electives. Too many or not enough will cause an error.
