

KINDERGARTEN *begins with*

JUMP START

August 17-18, 2021

9 am – 12 pm

What is Jump Start?

Jump Start is a FREE school orientation experience to welcome kindergartners and their families to Seattle Schools. Children meet their peers and school staff and get to know the school. Our goal is for new SPS kindergartners to feel safe, supported and ready to learn.

Where is Jump Start offered?

Most Seattle elementary and K-8s offer Jump Start. Please ask your school if they will participate. Children **must be assigned** to a participating school (not on a waitlist) to attend Jump Start there. Schools will offer bilingual help to English language learners and extra support to children with special needs.

Will Jump Start be in-person or remote?

We are planning for Jump Start to be held in person at schools, based on current state and local health recommendations. If this changes, schools will notify families.

When & how do we sign up for Jump Start?

In June, participating schools will contact their assigned families with Jump Start information. Each school manages its own registrations. OR Complete the Jump Start registration found in "Resources" at www.seattleschools.org/EarlyLearn

Please call your child's school before Jump Start if:

- ★ your child needs medicine or health procedures at school
- ★ your child has an IEP or we can provide extra support
