The Board shall provide for District capacity to conduct continuous and rigorous research and evaluation focused on its educational programs, services and initiatives in order to determine the degree to which the District is successfully meeting its priority goals and objectives based on the Strategic Plan. Accordingly, the Superintendent shall provide an Annual District Educational Research and Program Evaluation Work Plan for review and approval by the School Board each year.

The Superintendent shall develop the Annual Plan with input from Board Directors, and will present the Plan to the full School Board for formal approval each year. The Superintendent shall communicate key research and evaluation findings to District leadership and School Board Directors in a timely manner, and will provide a summary to the School Board of all studies in the project portfolio on an annual basis.
